Environmental and Natural Resources Law in India Philippe Cullet, Lovleen Bhullar, Sujith Koonan, 2024-07-12

Environmental law is a broad discipline covering issues such as nature conservation the prevention or abatement of pollution and waste management It also encompasses concerns related to natural resources such as forests minerals and fisheries and the balance between their use and conservation India has been at the forefront of jurisprudential developments among countries with similar environmental geographical socio economic and cultural conditions Concurrently the country has been receptive to ideas and principles arising from other parts of the world or from international law The growth of environmental and natural resources law in India has been sustained in equal measure by growing environmental awareness and the increasingly dire nature of the problems associated with the environment and natural resources ranging from local issues to the global climate crisis At the same time the continuous push for development has not abated leading to recurrent pressure to weaken existing standards for environmental protection and the management and use of natural resources The Oxford Handbook of Environmental and Natural Resources Law in India offers the most comprehensive coverage of the diverse and complex discipline of environmental and natural resources law in India over the past fifty years With forty two contributions from law and non law scholars the Handbook presents diverse perspectives on several areas including biodiversity climate change water forests agriculture health resource extraction and industrial development By departing from the existing approach that examines natural resources law and environmental law separately The Oxford Handbook of Environmental and Natural Resources Law in India offers a much needed integrated analysis of the development of domestic jurisprudence vis vis the environment and natural resources Environmental Law and Policies - I Mr. Rohit Manglik, 2024-04-06 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well
