Padhraic Smyth

Economic Reform And Social Change In China:

Economic Reform and Social Change in China Andrew Watson,1992 China s reforms are being hailed as a model of how to transform a centrally planned economy This book shows that reform is not a uniform process and has affected major groups in Chinese society in different ways An Essay on Economic Reforms and Social Change in China Assar Lindbeck,2006 Abstract The author applies a systems oriented holistic approach to China s radical economic reforms during the past quarter of a century He characterizes China s economic reforms in terms of a multidimensional classification of economic systems When looking at the economic consequences of China s change of economic system he deals with both the impressive growth performance and its economic costs The author also studies the consequences of the economic reforms for the previous social arrangements in the country which were tied to individual work units agriculture communes collective firms and state owned enterprises He continues with the social development during the reform period reflecting a complex mix of social advances mainly in terms of poverty reduction and regresses for large population groups in terms of income security and human services such as education and in particular health care Next the author discusses China s future policy options in the social field whereby he draws heavily on relevant experiences in industrial countries over the years The future options are classified into three broad categories policies influencing the level and distribution of factor income income transfers including social insurance and the provision of human services

Economic Reform and Social Change in China Andrew Watson,2012-12-06 Economic growth in China has transformed both politics and society Old orthodoxies are painfully being eroded in the drive for reform while new social and cultural tensions are coming to light It has been argued that the cycles of reform and retreat since 1978 which culminated in the Tiananmen Square tragedy were induced by the tensions of the reform process It is clear that the way in which China handles these issues in the future will have major implications for the next phase of the country s development The authors of this book analyse how reform has affected major groups in society such as urban workers rural and urban cadres the army intellectuals and private entrepreneurs They examine the interaction between old attitudes and new needs in such areas as education policing and social control rural administration and the status of women What emerges is a broad insight into China s reform process which looks both at the enormous changes that have come about and at the problems to follow An Essay on Economic Reforms and Social Change in China Assar Lindbeck,2016 The author applies a systems oriented holistic approach to China s radical economic reforms during the past quarter of a century He characterizes China s economic reforms in terms of a multidimensional classification of economic systems When looking at the economic consequences of China s change of economic system he deals with both the impressive growth performance and its economic costs The author also studies the consequences of the economic reforms for the previous social arrangements in the country which were tied to individual work units agriculture communes collective firms and state owned enterprises He continues with the social development during the reform period

reflecting a complex mix of social advances mainly in terms of poverty reduction and regresses for large population groups in terms of income security and human services such as education and in particular health care Next the author discusses China s future policy options in the social field whereby he draws heavily on relevant experiences in industrial countries over the years The future options are classified into three broad categories policies influencing the level and distribution of factor income income transfers including social insurance and the provision of human services

Thirty Years of Reform and Social Changes in China Qiang Li,2010-08-03 Thirty Years of Reform and Social Changes in China is translated from the original Chinese to provide a look into how scholars in China have been assessing their country s recent societal and political history This volume and the others in the SSRC series provide western scholars with an accessible English language look at the state of current scholarship in China and as such does not simply provide information for the direct study of socio political issues but also for meta level analysis of how the domestic scholarship in China is developing and assessing the interplay of the country s political and economic reforms with the society and daily life of its people

China in the New Millennium James A. Dorn,1998 China is expected to become the world s largest economy in less than two decades Whether it does so will depend on continued growth of the non state sector and how well China adapts to global market forces The essays in this volume consider the state of China s economic reforms the institutional changes necessary for China to become a global economic power and the interplay between market reforms and social development in China

China's Reform in Global Perspective John Wong,Zhiyue Bo,2010 This book provides a fascinating perspective of the experiences of China s reform in the past three decades by focusing on China s interaction with and learning from the external world in her unprecedented efforts to reform and open up After three introductory chapters on broad scope of reform in the political economic and social realms this book deals with lessons from the Eastern Bloc China s reform in East Asian context and China and the developed world The book concludes with two chapters looking to the future of China s political and economic development In the existing literature of China s reform experience this book is unique in perspective topic selection and in depth analyses With contributions from a group of prominent scholars in the field of China studies such as John Wong Zheng Yongnian Thomas P Bernstein Dorothy J Solinger and Bo Zhiyue it will be of immense value to anyone who is interested in China

Transforming China W. Zhang,1999-12-07 Provides an insider s examination of China s economic reform and its political implications The book sheds new light on the Chinese approach to reform including its dual goal dynamic gradualism and reform leadership It assesses the vast social and political changes set forth by the reform and the international ramifications of China s rise

Managing Social Change and Social Policy in Greater China Ka-Ho Mok,Maggie K. W. Lau,2013-11-07 East Asia is at the heart of the global economic transformation and the countries of the region are witnessing rapidly changing labour markets alongside the pressure to cut production costs and lower taxes in order to become successful competition states These changes have resulted in increased welfare demands which governments organizations

and agencies across the region have had to address This book examines welfare regimes in the Greater China region encompassing mainland China Hong Kong Macao and Taiwan In so doing it explores the ways in which the rapid growth and internationalisation of the economy across Greater China is presenting new social policy challenges that governments social welfare organizations and agencies in the region are having to respond to Rather than simply describing and categorising welfare systems the contributors to this volume add to our understanding of how one of the major economic transformations of the contemporary era in East Asia is shaping welfare provision in the region In turn in this context of economic change they examine the new strategies and measures that have been adopted in order to reduce the heavy burden on the state in terms of welfare provision whilst also attempting to diversify funding and provision sources to meet the pressing welfare needs Based upon extensive fieldwork by leading scholars of social policy this book will appeal to students and scholars of Asian social policy comparative development and social policy social welfare and Chinese studies *Urban Poverty, Housing and Social Change in China* Ya Ping Wang, 2004-10-21 Economic reform in China has resulted in a widening gap between the rich and the poor and urban poverty has emerged as a key factor which may affect future development This new book examines the poverty problem in relation to housing and social changes in large inland cities and assesses the effectiveness of recent government anti poverty policies The book also puts the Chinese experience in the wider context of transitional economies and discusses the similarities and differences between China and Central and Eastern European countries The book is based on a long period of research on Chinese urban development and benefited from several research projects conducted in Chinese cities It is an important reference for all of those interested in housing urban studies and social change and is a key text for students of the Chinese economy and society *Social and Political Development in Post-reform China* K. Mok, 1999-10-11 This book is a sociological study of how economic reforms started in the late 1970s have affected people's life in China The book is based upon the author's recent research projects conducted in mainland China The unique feature of the book is not only based upon qualitative analysis but also quantitative data the integration of which can enhance readers understanding of current social and political developments in post Mao China In particular the book aims to depict a context and sociological framework for the analysis of the dynamic and interactive processes between economic social and political fronts *Language and Social Change in China* Qing Zhang, 2017-09-11 Language and Social Change in China Undoing Commonness through Cosmopolitan Mandarin offers an innovative and authoritative account of the crucial role of language in shaping the sociocultural landscape of contemporary China Based on a wide range of data collected since the 1990s and grounded in quantitative and discourse analyses of sociolinguistic variation Qing Zhang tracks the emergence of what she terms Cosmopolitan Mandarin as a new stylistic resource for a rising urban elite and a new middle class consumption based lifestyle The book powerfully illuminates that Cosmopolitan Mandarin participates in dismantling the pre reform socialist conformist society by bringing about new social distinctions Rich in cultural and linguistic details the book is

the first of its kind to highlight the implications of language change on the social order and cultural life of contemporary China Language and Social Change in China is ideal for students and scholars interested in sociolinguistics and linguistic anthropology and Chinese language and society *Social Development and Social Changes in China* Yi Zhang,2024-04-10 From a sociological perspective this book explores issues related to population mobility family pensions and the lives of workers and peasants during the 70 years of urbanization since the founding of New China from the perspectives of population pension security employment structure transformation and social insurance systems thus exploring the deep logic behind China s successful experience The relevant issues studied in this book are a systematic summary of the experiences and lessons learned from social reforms since the founding of the country and also provide guidance for the future direction of social development and change *University Autonomy, the State and Social Change in China* Su-Yan Pan,2009-03-01 This book explores the role of universities in responding to ongoing changes in China and in shaping the relations between the university and the state during periods of social change Tsinghua University is selected as a case study to inform this important issue By tracing the changes and continuities Tsinghua has experienced since 1911 this book gives an in depth analysis of how the university strives to maintain autonomy while taking a leading role in implementing China s policy of higher education By drawing on a vast literature of higher education theories the book offers original insights into the university state relationship and provides a new understanding on the complexities China faces in the era when the country is becoming a key global actor **Education and Social Change in China: Inequality in a Market Economy** Gerard A. Postiglione,2015-01-28 Market reform financial decentralization and economic globalization have greatly accentuated China s social and regional inequalities Education is expected to address these inequalities in a context of rapid social change including the rise of an urban middle class changed status of women resurgence of ethnic identities growing rural to urban migration and lingering poverty in remote areas But some argue that state policies have not sufficiently addressed inequitable practices and that schools actually perpetuate and reproduce inequities giving rise to a new system of social stratification driven more by market forces than socialist principles Featuring all original previously unpublished material this volume examines this argument through analysis of selected aspects of educational stratification in China during the reform era Chapters focus on the new urban middle class poor rural residents the migrant population in urban areas rural girls and ethnic minorities The contributors are established scholars in the field and they build a conceptual framework for assessing the degree to which China s educational reforms are inclusive equitable and integrative across social categories and groups **China and Globalization** Doug Guthrie,2012-06-14 Choice Outstanding Academic Title 2009 In its quarter century long shift from communism to capitalism China has transformed itself from a desperately poor nation into a country with one of the fastest growing and largest economies in the world Doug Guthrie examines the reforms driving the economic genesis in this compact and highly readable introduction to contemporary China He highlights the social cultural and

political factors fostering this revolutionary change and interweaves a broad structural analysis with a consideration of social changes at the micro and macro levels In this new revised edition author Guthrie updates his story on modern China and provides the latest authoritative data and examples from current events to chart where this dynamically changing society is headed and what the likely consequences for the rest of the world will be *Social Changes and Yuwen Education in Post-Mao China* Min Tao, 2019-05-07 Inspired by the author's observations of the language curriculum as a practising teacher for the past 20 years this book addresses how the high school Chinese language and literacy Yuwen curriculum in China was controlled and directed in the post Mao era Examining the social and political domination from 1980 to 2010 the book offers insights into how teachers and schools responded to the top down curriculum change in their teaching practice This book discusses some of the most important questions concerning China and its education system What changes have occurred in the Chinese language and literacy curricula how and why the changes have occurred who has been in control of the process and outcome and what impacts the curriculum changes may bring not only to China but to the international sectors that export education and degrees to China and Chinese students The author provides answers to these questions crucial to both the contemporary Chinese society and the students who come out of that system This critical inquiry of the Yuwen curriculum and its implementation provides a valuable and timely showcase for understanding the ideology of China's future generation and the social and political transformation in the past three decades In addition to researchers this book is expected to have impact on policymakers in China and beyond where Chinese migrants and international students constitute a substantial learning population *Handbook of Contemporary China* Alvin Y. So, William S. Tay, 2012 Preface William S Tay and Alvin Y So 1 Development model Alvin Y So 2 Politics Kam Yee Law 3 Social change Xiaogang Wu 4 Law Bin Liang 5 Population Zhongdong Ma 6 Ethnicity Barry Sautman 7 Foreign policy Simon Shen 8 Environment Yok shiu Lee Carlos Wing hung Lo and Anna Ka Yin Lee 9 Urbanization Fulong Wu 10 Higher education Ka ho Mok and Li Wang 11 Religion David A Palmer 12 Literature Ling tun Ngai 13 Cinema Rui Zhang 14 Consumption and leisure Kevin Latham 15 Internet and civil society Guobin Yang *The China Wave* Wei-Wei Zhang, 2012 This Chinese best seller is a geopolitical book for our times It provides an original comprehensive engrossing study on the rise of China its effective yet controversial model of development has become a centrepiece of an unfolding debate within China on the nature future of the world's most populous nation its possible global impact *Social Change in Contemporary China* Wenfang Tang, Burkart Holzner, 2010-11-23 Social Change in Contemporary China offers a wide ranging examination of Chinese institutional change in areas of education religion health care economics labor family and local communities in the post Mao era Based on the pioneering work of sociologist C K Yang 1911 1999 and his institutional diffusion theory the essays analyze and develop the theory as it applies to both public and private institutions The interrelationship of these institutions composes what Yang termed the Chinese system and affects nearly every aspect of life Yang examined the influence of external factors on each institution such as the influence of

Westernization and Communism on family and the impact of industrialization on rural markets He also analyzed the impact of public opinion and past culture on institutions therein revealing the circular nature of diffusion Perhaps most significant are Yang's insights on the role of religion in Chinese society Despite the common perception that China had no religion he uncovers the influence of classical Confucianism as the basis for many ethical value systems and follows its diffusion into state and kinship systems as well as Taoism and Buddhism Writing in the early years of Communism Yang had little hard data with which to test his theories The contributors to this volume expand upon Yang's groundbreaking approach and apply the model of diffusion to a rapidly evolving contemporary China providing a window into an increasingly modern Chinese society and its institutions

Getting the books **Economic Reform And Social Change In China** now is not type of inspiring means. You could not abandoned going in the same way as ebook growth or library or borrowing from your connections to right to use them. This is an unconditionally simple means to specifically get guide by on-line. This online declaration Economic Reform And Social Change In China can be one of the options to accompany you in the manner of having other time.

It will not waste your time. agree to me, the e-book will unquestionably declare you additional matter to read. Just invest little time to contact this on-line proclamation **Economic Reform And Social Change In China** as with ease as review them wherever you are now.
