**The Political Economy of Underdevelopment** S. B. D. de Silva, 2012-05-23 First published in 1982 this reissue deals with the theory of underdevelopment as Dr de Silva attempts a synthesis between the internal and external aspects of underdevelopment and in the Marxist tradition focuses on the impact of the external on the internal as the dominant reality Viewing underdevelopment as a problem in the non transformation to capitalism this analysis is in terms of the character of the dominant capital and of the dominant classes Underdevelopment thus encompasses the traditional peasant economy and also the export sector where the modernizing influence of colonialism was felt The book finally considers how the contemporary internationalization of capital affected the economies of the Third World

**The Political Economy of Development and Underdevelopment** Charles K. Wilber, 1992

**Underdevelopment** Paolo Sylos Labini, 2001-05-10 The process of globalization evidenced by environmental change migration industrial relation and the extraordinary acceleration of industrial economic relations has not led to increased convergence in the global economy Rather in some cases it has been accompanied by greater divergence between the fortunes of the world's richest and poorest nations Professor Sylos Labini argues that mainstream economics provide limited help in considering these phenomena and instead adopts the perspectives of Adam Smith David Ricardo and Malthus who put economic growth at the centre of their analyses In this short book he offers a fresh approach to the theory of economic growth and reminds us of the great variety of economic trajectories in developing countries He further proposes a strategy of institutional reform to respond to the problem of underdevelopment For Africa he recommends a strategy of organizational reforms including a programme to eradicate illiteracy and to promote rural and industrial districts

*A Study and Analysis of Concepts and Features of Underdevelopment Economics at 19th Century* Jose Prabhu Joseph John, 2020-12-14 Research Paper postgraduate from the year 2020 in the subject Business economics Economic and Social History grade A course Business Administration language English abstract The basic problem of the Indian economy is the problem of economic development i.e. providing the minimum means of subsistence to its fast increasing population Those who have been

susceptible to the view that the problem may always evade a solution may take solace from the fact that another neighboring country viz China has done it and has accomplished the task tolerably well It has shown that the underdeveloped world is not doomed for ever to live in destination Economic development is an accomplished fact the need is to create the environment in which development becomes a self generating process In this research paper we will ascertain the features of under development trace the forces that cause underdevelopment and identify the factors that promote development

*Macroeconomics of Poverty* David Mayer-Foulkes, 2017-12-21 Development underdevelopment and globalization have had a common history since the Great Discoveries led to colonization trade and with the Industrial Revolution to unequal technological development This book first summarizes the long term history of globalization It then develops a theory of multiple steady states in technological change technological poverty traps to explain how the market economy can generate wide income differences between countries Next it shows how poverty traps in education and health can further widen inequality It then shows that technology traps can exist in the context of trade explaining the impact of the colonial diktat on the emergence of underdevelopment Technology traps can also exist in the context of foreign direct investment characterizing contemporary globalization Finally the industrial or mass market economy in general is shown to be characterized by a technology gradient akin to a poverty trap that generates inefficiency and inequality Free market policies need to be complemented with distributive and innovative policies to improve economic performance and equality The necessary tax funding can be provided at the national level compatibly with globalization under appropriate International agreements

**The Origins of Economic Inequality Between Nations** Carlos Ramirez-Faria, 2010-11-26 First published in 1991 this text provides an incisive analysis of theories concerning the origins of economic inequality between nations Central to the author's investigation is the concept of underdevelopment and a focus on successive Western systems of conceptualisation of the relationship between the west and the rest of the world The first part of the book concerns the Marx Engels theory of the Asiatic mode of production and the anti Imperialist reaction against Eurocentrism initiated by the theoretical synthesis of J A Hobson This is followed by an examination of the post World War II era particularly the evolution of development studies and the differing versions of dependency theory The author concludes with an analysis of the most recent reactions against economic imperialism and dependency theory and concludes with an assessment of their implications for the further economic development of today's Third World
