Sensible Ecstasy Amy Hollywood,2010-01-15 *Sensible Ecstasy* investigates the attraction to excessive forms of mysticism among twentieth century French intellectuals and demonstrates the work that the figure of the mystic does for these thinkers With special attention to Georges Bataille Simone de Beauvoir Jacques Lacan and Luce Irigaray Amy Hollywood asks why resolutely secular even anti Christian intellectuals are drawn to affective bodily and widely denigrated forms of mysticism What is particular to these thinkers Hollywood reveals is their attention to forms of mysticism associated with women They regard mystics such as Angela of Foligno Hadewijch and Teresa of Avila not as emotionally excessive or escapist but as unique in their ability to think outside of the restrictive oppositions that continue to afflict our understanding of subjectivity the body and sexual difference Mystics such as these like their twentieth century descendants bridge the gaps between action and contemplation emotion and reason and body and soul offering new ways of thinking about language and the limits of representation **Defiant Ecstasy** Janelle Taylor,2011-10-24 An imprisoned Englishwoman awaits to be rescued by a sexy Sioux warrior in this romance novel by the New York Times bestselling author of *Savage Ecstasy* The longer Alisha Williams remained at Fort Pierre the more she hoped her lover would rescue her from the taunts and tirades of the white pioneers They would never let her forget she had been the mistress of the infamous fierce warrior Gray Eagle As if the auburn haired beauty could forget Each night Alisha sweetly remembered Gray Eagle s bold caresses burning kisses his blazing passion Each day she scanned the vast horizon in hopes her Oglala brave would recapture her Then one day Alisha saw hundreds of Indian warriors riding to the gates of Fort Pierre and at their head was the fierce Gray Eagle Though her most fervent prayers had been answered Alisha s heart skipped a beat Would Gray Eagle destroy her or make her destiny his own Praise for *Defiant Ecstasy* I thought Taylor s ability to keep the conflict action and mystery going into this second book was brilliant And very difficult to do An adventure you will not want to miss This is a compelling story I could not put down Regan Walker author of *The Donet Trilogy* The Agony of Ecstasy Olivia Gordon,2006-06-19 A story of a young person s experience of the drug ecstasy and how she emerged from her dark night into a new life After a description of the highs the author gives an account of her first euphoric trip a flashback to childhood a sensation of the whole of life flashing before her and the depression that followed *A History of Dreams, Visions, Apparitions, Ecstasy, Magnetism, and Somnambulism* Alexandre-Jacques-François Brierre de Boismont,1855

Knowledge, Love, and Ecstasy in the Theology of Thomas Gallus Boyd Taylor Coolman,2017-01-26 *Knowledge Love and Ecstasy in the Theology of Thomas Gallus* provides the first full study of Thomas Gallus d 1246 in English and represents a significant advance in his distinctive theology Boyd Taylor

Coolman argues that Gallus distinguishes but never separates and intimately relates two international modalities in human consciousness the intellective and the affective both of which are forms of cognition Coolman shows that Gallus conceives these two cognitive modalities as co existing in an interdependent manner and that this reciprocity is given a particular character by Gallus anthropological appropriation of the Dionysian concept of hierarchy Because Gallus conceives of the soul as hierarchized on the model of the angelic hierarchy the intellect affect relationship is fundamentally governed by the dynamism of a Dionysian hierarchy which has two simultaneous trajectories ascending and descending Two crucial features are noteworthy in this regard in ascending firstly the lower is subsumed by the higher in descending secondly the higher communicates with the lower according to the nature of the lower When Gallus posits a higher affective cognitio above an intellective cognitio at the highest point in the ascent accordingly this higher affective form both builds upon and sublimates the lower intellective form At the same time this affective cognitio descends back down into the soul both enriching its properly intellective capacity and also renewing the ascending movement in love For Gallus then in the hierarchized soul a dynamic mutuality between intellect and affect emerges which he construes as a spiralling motion by which the soul unceasingly stretches beyond itself ecstatically in knowing and loving God **Brazen Ecstasy** Janelle Taylor,2011-10-24
