Economic Development And Nation Building In Ethiopia:

Economic Development and Nation Building in Ethiopia Daniel Teferra, 2005-04-13 Ethiopia is an ancient country with rich potential but it has not yet resolved the fundamental question of economic development and nation building. The Ethiopian population lives under the threat of recurring famine and war. The conflict that existed between Ethiopia and Eritrea for several decades was never resolved peacefully and a new conflict has recently emerged on top of the old. Economic Development and Nation Building in Ethiopia gives valuable insight into these problems. The book first checks the major views of development with the Ethiopian experience and examines the impact of the IMF program and the Post Cold War globalization on the Ethiopian development. Showing the historical disparities in development between Ethiopia and the now industrialized societies of the world, the book examines the possibilities for Ethiopian economic development and nation building. Author Daniel Teferra investigates the incentives for a shared market and broader democracy between Ethiopia and Eritrea by taking a closer, more focused look at the two societies.

Modernization, Nation-Building, and Television History Stewart Anderson, Melissa Chakars, 2014-11-20 This innovative collection investigates the ways in which television programs around the world have highlighted modernization and encouraged nation building. It is an attempt to catalogue and better understand the contours of this phenomenon which took place as television developed and expanded in different parts of the world between the 1950s and the 1990s. From popular science and adult education shows to news magazines and television plays, few themes so thoroughly penetrated the small screen for so many years as modernization with television producers and state authorities using television programs to bolster modernization efforts. Contributors analyze the hallmarks of these media efforts: nation building, consumerism and consumer culture, the education and integration of citizens, and the glorification of the nation's technological achievements.

Multidisciplinary Issues Surrounding African Diasporas Onyebadi, Uche T., 2019-10-04 Members of diasporic populations often have a unique dual persona consisting of one's migrant role as a permanent or transient member of a new country and one's role as a citizen of one's home country. Like all diaspora, the African diaspora is further composed of sub groups of people of a variety of backgrounds and disciplines such that there is a need for studies that properly encompass and address the African diaspora across a multitude of fields and pedagogies including architecture, education, and business. Multidisciplinary Issues Surrounding African Diasporas is a pivotal reference source that explores the philosophical and epistemological issues regarding the African diaspora identity and navigates these individuals' opportunities for professional and academic growth. Featuring coverage on a wide range of topics such as higher education, cultural engagement, and xenophobia, this publication is ideally designed for sociologists, anthropologists, humanities scholars, political scientists, cultural studies academicians, university board members, researchers, and students.

Historical Dictionary of Ethiopia David H. Shinn, Thomas P. Ofcansky, 2013-04-11 Ethiopia is clearly one of the most important countries

in Africa First of all with about 75 million people it is the third most populous country in Africa Second it is very strategically located in the Horn of Africa and bordering Eritrea Sudan Kenya and Somalia with some of whom it has touchy and sometimes worse relations Yet its capital Addis Ababa is the headquarters of the African Union the prime meeting place for Africa's leaders So if things went poorly in Ethiopia this would not be good for Africa and for a long time this was the case with internal disruption rife until it was literally suppressed under the strong rule of the recently deceased Meles Zenawi The Historical Dictionary of Ethiopia Second Edition covers the history of Ethiopia through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has several hundred cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Ethiopia *Bibliographia Aethiopica II* Hans Wilhelm Lockot, 1998 Erstmal wird hier die Fülle der englischsprachigen Äthiopienliteratur geordnet dargeboten In 100 Sections führt der Autor alle für die wissenschaftliche Beschäftigung mit Äthiopien wichtigen Buch und Zeitschriftenbeiträge zum Beispiel zur History of Research Archaeology Religion aber auch Fragen der Sociology Agriculture Zoology und Medical Sciences auf Wie im Falle der deutschsprachigen Literatur *Bibliographia Aethiopica* Die äthiopienkundliche Literatur des deutschsprachigen Raumes Äthiopiastische Forschungen 9 1982 berücksichtigt der Autor auch alle ihm zugänglichen Besprechungen womit bei einer Aufnahme von mehr als 24 000 Titeln eine Art Bibliographic Encyclopedia entstanden ist
