Teo,Carol Patterson,2005-01-01 In Saving Paradise The Story of Sukau Rainforest Lodge Albert Teo provides a reality test on the concept of ecotourism He explores the ten years of challenges and triumphs that he faced first in building an ecolodge and then making it successful while adhering to ecotourism principles In this book Albert tells in his own words how the Lodge was built how it is operated and why it

continues to succeed when many ecotourism facilities struggle It is also a story of Borneos Kinabatangan River basin an area of incredible biotic diversity and of the Orang Sungai people who have lived closely with this river for many hundreds of years In many ecotourism businesses balancing financial gains against environmental concerns is difficult but Sukau Rainforest Lodge is proof that it is possible Saving Paradise The Story of Sukau Rainforest Lodge shows the reader a different type of business model one where excess profits are traded for community partnerships and conservation efforts It has lessons for the tourism industry and for travellers who seldom wonder about the infrastructure that goes into delivering a rich vacation experience far into the rainforest Moreover Saving Paradise is much more than a business guide It is also a portrait of the people of the Kinabatangan and the wildlife they fight for told through the breathtaking photography of Albert Teo His pictures of this fascinating region share in ways words never can the unique features of this ecosystem and reinforce Alberts hope that others will be inspired and work together to protect ecosystems through responsible travel
