Lacan to the Letter Bruce Fink, 2004 To read Lacan closely is to follow him to the letter to take him literally making the wager that he comes right out and says what he means in many cases though much of his argument must be reconstructed through a line by line examination And this is precisely what Bruce Fink does in this ambitious book a fine analysis of Lacan's work on language and psychoanalytic treatment conducted on the basis of a very close reading of texts in his *Ecrits: A Selection* As a translator and renowned proponent of Lacan's works Fink is an especially adept and congenial guide through the complexities of Lacanian literature and concepts He devotes considerable space to notions that have been particularly prone to misunderstanding notions such as the sliding of the signified under the signifier or that have gone seemingly unnoticed such as the ego is the metonymy of desire Fink also pays special attention to psychoanalytic concepts like affect that Lacan is sometimes thought to neglect and to controversial concepts like the phallus From a parsing of Lacan's claim that commenting on a text is like doing an analysis to sustained readings of *The Instance of the Letter in the Unconscious* *The Direction of the Treatment and Subversion of the Subject* with particular attention given to the workings of the Graph of Desire Fink's book is a work of unmatched subtlety depth and detail providing a valuable new perspective on one of the twentieth century's most important thinkers Bruce Fink is a practicing Lacanian psychoanalyst analytic supervisor and professor of psychology at Duquesne University in Pittsburgh He is the author of *A Clinical Introduction to Lacanian Psychoanalysis* 1997 and *The Lacanian Subject* 1995 He has coedited three volumes on Lacan's seminars and is the translator of Lacan's *Seminar XX On Feminine Sexuality the Limits of Love and Knowledge* 1998 *Ecrits: A Selection* 2002 and *Ecrits: The Complete Text* forthcoming

The Freudian Robot Lydia H. Liu, 2011-05-23 The identity and role of writing has evolved in the age of digital media But how did writing itself make digital media possible in the first place Lydia H Liu offers here the first rigorous study of the political history of digital writing and its fateful entanglement with the Freudian unconscious Liu s innovative analysis brings the work of theorists and writers back into conversation with one another to document significant meetings of minds and disciplines She shows how the earlier avant garde literary experiments with alphabetical writing and the word association games of psychoanalysis contributed to the mathematical making of digital media Such intellectual convergence she argues completed the transformation of alphabetical writing into the postphonetic ideographic system of digital media which not only altered the threshold of sense and nonsense in communication processes but also compelled a new understanding of human machine interplay at the level of the unconscious Ranging across information theory cybernetics modernism literary theory neurotic machines and psychoanalysis The Freudian Robot rewrites the history of digital media and the literary theory of the twentieth century

*Lacan in the End Times* Rob Weatherill, 2022-09-21 This book explores themes around the Father His absence in modern society and the decline of mental health The nature of this decline can be uniquely psychoanalytically theorised in both the corresponding ferocity of the internal object and exposure to the Real The first part of this book underlines what psychoanalysis and psi sciences continue to overlook who now provides what Lacan called the narrow footbridge between anxiety and death What terror is must replace the father How can reality be stabilised once more The second part follows the atomised world as it turns towards extremism and utopian dreams in Ireland via Hanaghan's radical psychoanalysis in Levinasian ethics in Gnostic belief in an evil world and in the clinic of the death drive The conclusion turns finally to the God beyond God and the overwhelming evidence for God's presence in the world Lacan in the End Times will be of interest to psychoanalysts psychotherapists counsellors social workers and scholars in critical theory philosophy cultural theory literary theory and theology

Reading Lacan Jane Gallop, 1985 The influence of the French psychoanalyst Jacques Lacan has extended into nearly every field of the humanities and social sciences from literature and film studies to anthropology and social work yet Lacan's major text *Ecrits* continues to perplex and even baffle its readers In *Reading Lacan* Jane Gallop offers a novel approach to Lacan's work based on his own theories of language Lacan locates truth in the letter rather than in the spirit in the ways statements are expressed rather than in their intended meaning Gallop here grapples with six of Lacan's essays from *Ecrits* The Seminar on The Purloined Letter The Mirror Stage The Freudian Thing The Agency of the Letter in the Unconscious The Signification of the Phallus and The Subversion of the Subject While other commentators have chosen not to confront Lacan's notoriously problematic style in their discussions of his ideas Gallop addresses herself directly to the problem and the practice of reading Lacan She takes her direction from Lacan's view of subjectivity and offers a deeply personal feminist reading of *Ecrits* Concentrating on the relation of desire and interpretation she opens up the rich implications of Lacan's thought for psychoanalytic theory for the act of reading and for knowledge itself Forceful and revealing yet utterly candid about its own areas of uncertainty Gallop's book will be indispensable to readers of Lacan and to scholars and students who have felt his impact
