## Ecstatic Almanac:

**Almanacs** Alan S. Weber, 2017-03-02 Almanacs were highly influential on popular opinion during the early modern period. They were the least expensive kinds of books and had a practical use as a calendar, literary miscellany, weather guide, and advertising medium. The almanacs in this volume contribute to our understanding of women's participation in popular culture, astrology, medicine, and prophecy. Sarah Jinner's almanacs for the years 1658, 1659, and 1664, and Mary Holden's almanacs for 1688 and 1689 show a conscious effort to distance themselves from other female religious prophets of the period by relying on the status of astrology as a rational science. The other works in the volume are all attributed to writers who were probably pseudonymous. Dorothy Partridge's *The Woman's Almanack for the Year 1694* includes several short articles on chiromancy. The *Prophecie of Mother Shipton* concerns the prediction of the deaths of Cardinal Wolsey and Thomas Cromwell. The final works in the volume comprise two texts by Shinkin ap Shone which satirize the Welsh people and language, and *The Woman's Alamanack* by Sarah Ginnor which uses sexual humour to parody the medical advice offered in Jinner's almanacs.

*The Witches' Almanac 2024-2025 Standard Edition Issue 43* Andrew Theitic, 2023-11 The *Witches Almanac* is a sophisticated publication appealing to general readers as well as hard core Wiccans. At one level it is a pop reference that will fascinate anyone interested in folklore, mythology, and culture, but at another it is the most sophisticated annual guide available today for the mystic enthusiast. Founded in 1971 by Elizabeth Pepper, the art director of *Gourmet* magazine for many years, *The Witches Almanac* is a witty, literate, and sophisticated publication that appeals to general readers as well as hard core Wiccans. At one level it is a pop reference that will fascinate anyone interested in folklore, mythology, and culture, but at another it is the most sophisticated and wide-ranging annual guide available today for the mystic enthusiast. Modeled after the *Old Farmers Almanac*, it includes information related to the annual Moon Calendar, weather forecasts, and horoscopes, as well as legends, rituals, herbal secrets, mystic incantations, interviews, and many a curious tale of good and evil. Although it is an annual publication, much of the content is both current and timeless, not specific to the date range of each issue. The theme of Issue 43, Spring 2024-Spring 2025, is *Fire Forging Freedom*. Also included are articles on Geomancy, The Lunar Nodes, Azorean Folklore, Kitchen Magic, Soul Cakes, The Trickiest Toad, The Orisha Obatala, and much more.

*Bodies in a Broken World* Ann Folwell Stanford, 2004-07-21 In this multidisciplinary study, Ann Folwell Stanford reads literature written by U.S. women of color to propose a rethinking of modern medical practice, arguing that personal health and social justice are inextricably linked. Drawing on feminist ethics to explore the work of eleven novelists, Stanford challenges medicine to position itself more deeply within the communities it serves, especially the poor and marginalized. However, she also argues that medicine must recognize its limits and join forces with the nonmedical community in the struggle for social justice. In literary representations of physical and emotional states of illness and health, Stanford identifies issues related to public health, medical ethics, institutionalized racism, women's health, domestic abuse, and social justice that are important to

discussions about how to improve health and health care She argues that in either direct or indirect ways the eleven novelists considered here push us to see health not only as an individual condition but also as a complex network of individual institutional and social changes in which wellness can be a possibility for the majority rather than a privileged few The novelists whose works are discussed are Toni Cade Bambara Paule Marshall Gloria Naylor Leslie Marmon Silko Toni Morrison Louise Erdrich Sandra Cisneros Bebe Moore Campbell Sapphire Ana Castillo and Octavia Butler

**Canadian Whole Earth Almanac** ,1971 **The Culture of Yellow** Sabine Doran,2013-09-26 This is the first book to explore the cultural significance of the color yellow showing how its psychological and aesthetic value marked and shaped many of the intellectual political and artistic currents of late modernity It contends that yellow functions during this period primarily as a color of stigma and scandal Yellow stigmatization has had a long history it goes back to the Middle Ages when Jews and prostitutes were forced to wear yellow signs to emphasize their

marginal status Although scholars have commented on these associations in particular contexts Sabine Doran offers the first overarching account of how yellow connects disparate cultural phenomena such as turn of the century decadence the yellow nineties the rise of mass media yellow journalism mass immigration from Asia the yellow peril and mass stigmatization the yellow star that Jews were forced to wear in Nazi Germany The Culture of Yellow combines cultural history with innovative readings of literary texts and visual artworks providing a multilayered account of the unique role played by the color yellow in late nineteenth and twentieth century American and European culture
