Economics And Financing Of Media Companies:

The Economics and Financing of Media Companies Robert G. Picard, 2011 This work employs business concepts and analyses to explore the operational activities of media firms and the forces and issues affecting them *The Economics and Financing of Media Companies* Robert G. Picard, 2011 *Management and Innovation in the Media Industry* Cinzia Dal Zotto, Hans van Kranenburg, 2008-12-28 This comprehensive book covers relevant issues on how media companies are currently embracing innovation the levels at which they are doing so and how innovation can help media companies to meet their development needs in the future The primary focus of this study is the relationship between management and innovation in the media industry The book evaluates the importance and the role of innovation within the media industry and helps identify and evaluate the drivers of innovation The contributors demonstrate and build upon an understanding of the issues and strategies that bind media firms to new processes and technologies and offer clear guidelines on how media companies can accelerate growth through effective internal and external collaboration *Management and Innovation in the Media Industry* highlights those issues that influence strategies organizational structures media content management and public interest within media firms This unique study offers both new theoretical and empirical insights on decision making aspects of innovation relevant for those executives and policy makers operating within the media or related industries It will be of great interest to academics and students in the fields of communication and journalism as well as innovation management Handbook of the Economics of Art and Culture , 2013-09-16 This volume emphasizes the economic aspects of art and culture a relatively new field that poses inherent problems for economics with its quantitative concepts and tools Building bridges across disciplines such as management art history art philosophy sociology and law editors Victor Ginsburgh and David Throsby assemble chapters that yield new perspectives on the supply and demand for artistic services the contribution of the arts sector to the economy and the roles that public policies play With its focus on culture rather than the arts Ginsburgh and Throsby bring new clarity and definition to this rapidly growing area Presents coherent summaries of major research in art and culture a field that is inherently difficult to characterize with finance tools and concepts Offers a rigorous description that avoids common problems associated with art and culture scholarship Makes details about the economics of art and culture accessible to scholars in fields outside economics *European Media in the Digital Age* Richard Rooke, 2013-11-04 This introductory textbook for Media and Communication Studies students is designed to encourage observation and evaluation of the European media in the digital age enabling students to grasp key concepts and gain a broad and clear overview of the area It also introduces the principal debates developments legislative commercial political and technological and issues shaping the European media today and examines in depth the mass media digital media the internet and new media policy Understanding today's media scene from print to audiovisual needs a wider view and this book helps make comprehensible the European media within a broader global media landscape The text is pedagogically rich

and explores a variety of approaches to help the reader gain a better understanding of the European media world. Students are encouraged to start thinking about statistics relating this to economics, analysing regulations and combining media theories with theories of European Union integration. The book also includes the use of case studies, illustrations, summaries, critical reflections and directions to wider reading. *The European Media in the Digital Age* is recommended for all Media Studies students and is also of key interest to students of Politics and Policy, Business Studies, International Studies and European Studies.

Media, Economy and Society Christian Fuchs, 2023-11-29. This essential guide to the critical study of the media economy in society teaches students how to critically analyse the political economy of communication and the media. The book introduces a variety of methods and topics including the political economy of communication in capitalism, the political economy of media concentration, the political economy of advertising, the political economy of global media and transnational media corporations, class relations and working conditions in the capitalist media and communication industry, the political economy of the Internet and digital media, the information society and digital capitalism, the public sphere, Public Service Media, the Public Service Internet and the political economy of media management. This will be an ideal textbook for a variety of courses relating to media and communication, including Media Economics, Political Economy of Communication, Media Culture and Society, Critical Media and Communication Studies, Media Sociology, Media Management and Media Business Studies.

Management and Economics of Communication M. Bjørn Rimscha, 2020-06-08. This handbook combines the perspectives of communication studies, economics and management and psychology in order to provide a comprehensive economic view on personal and mass communication. It is divided into six parts that comprise: 1. an overarching introduction that defines the field and provides a brief overview of its history; 2. the most commonly used theoretic frameworks for the analysis of communication economics and management; 3. the peculiarities of the quantitative and qualitative methods and data used in the field; 4. key issues of the field such as the economics of language, labor in creative industries, media concentration, branding etc.; 10 chapters; 5. descriptions of the development trends and peculiarities of the field in different parts of the world, written by scholars from the respective region; 10 chapters; 6. reflections on future directions for the field, both from a managerial and from an economics perspective; 1 chapter. The authors of the individual chapters represent different academic disciplines, research traditions and geographic backgrounds. The reader will thus gain multifaceted insights into the management and economics of communication.

Financing High-Tech Startups Robin P. G. Tech, 2018-03-02. This book examines the adverse effects of complexity, information asymmetries, transaction costs and uncertainty on investors' decision making. It suggests mitigating those effects using appropriate and matching signals and analyzes a sample of 903 German startups to quantitatively highlight the distinct financing patterns and characteristics of high tech startups. It then investigates the reasons for these patterns on the basis of a qualitative study that includes 34 interviews with investors and entrepreneurs in the US and Germany and an international expert panel. Lastly, it presents a

framework that matches complexity factors with appropriate productive signals **A Handbook of Cultural Economics**
