

Foreword by Sydney Thomson Brown and Robert McAfee Brown

> ON CONCEPTS, REALITIES, AND VALUES IN OUR ECONOMIC SYSTEM

VM Jensen

Economics for Prophets Walter L. Owensby, 1988 **Economics for Prophets** Walter L. Owensby, 1988 Owensby has written this book to help Christians take part more confidently and effectively in the dialogue on ethics and economics Economics for Prophets is an introduction to the subject it assumes no previous exposure to economics studies or jargon that takes a helpful three step approach It explains some of the basic concepts of our economic system explores how these concepts function in the real world and critiques both the concepts and their practical working out from a biblical theological Ex Auditu - Volume 27 Klyne Snodgrass, 2012-06-01 Introduction Klyne Snodgrass A ethical perspective Book jacket Christian View of Wealth and Possessions An Old Testament Perspective Hugh G M Williamson Response to Williamson James K Bruckner Poverty and Paul s Gospel Bruce W Longenecker Response to Longenecker Aaron Kuecker A Patristic View of Wealth and Possessions The Clashing Worlds of Economics and Faith James Halteman, 2007-01-03 Halteman's analysis makes a highly important contribution to the continuing discussion I recommend this book with enthusiasm Carl Kreider Prophetic Liturgy Tércio Junker, 2014-02-07 The primary purpose of Prophetic Liturgy is Dean Emeritus Goshen College to inquire into the prophetic dimension of the liturgy Some questions addressed in the book are How can a liturgy be prophetic How can liturgy form and transform individuals and communities In which sense does the liturgy facilitate a living participation in socio political economic life How does the sacramental practice challenge the church to mediate God's gifts of grace love justice and mercy to the world Possible answers for these questions begin to emerge as we develop an understanding of religious praxis as an active and dynamic prophetic action in which the community of faith claims its identity promotes an engaged faithful Christian life and affirms the sacramental life of the church as a source of formation and inspiration for prophetic praxis mediating God's gift for the life of the world There is risk in presenting an option for prophetic praxis in that it may go beyond the comfort zone of a community and engender spiritual and political alienation The most challenging ethical hope of this book is to provide the worshiping community with prophetic awareness of socio economic injustice while at the same time preserving the community s historical cultural identity its religious values and its sacramental spirituality **Discipleship of the Mind** James W. Sire, 1990-04-04 Discussing worldview thinking the foundations of knowledge and the relationship between knowing and doing James W Sire shows Christians how to honor God with their minds God the Economist M. Douglas Meeks, God does not appear in the modern market For most economists this is as it should be It is in no way necessary according to modern economic theory to consider God when thinking about economy Indeed the absence of God in economic matters is viewed as necessary to the great advances in modern economy The difficulty with modern market economies however is that human livelihood is also left out of the theory and practice of the market economy I propose to bring the church's teaching about God the doctrine of the Trinity to bear on the masked connections between God and economy I will treat the Trinity as the way of understanding what the Bible calls the economy

Social Justice and the Hebrew Bible, Volume Three Norman K. Gottwald, 2018-06-28 PART 1 EXAMINING TEXTS 1 Social Drama in the Psalms of Individual Lament 2 Kingship in the Book of Psalms 3 Abusing the Bible The Case of Deuteronomy 15 4 Do not Fear What They Fear A Post 9 11 Reflection Isaiah 8 11 15 5 The Expropriated and the Expropriators in Nehemiah 5 6 How Do Extrabiblical Sociopolitical Data Illuminate Obscure Biblical Texts The Case of Ecclesiastes 5 8 9 Heb 5 7 8 7 On the Alleged Wisdom of Kings An Application of Adorno's Immanent Criticism to Ecclesiastes PART 2 ENGAGING PRACTICES 8 Framing Biblical Interpretation at New York Theological Seminary A Student Self Inventory on Biblical Hermeneutics 9 Theological Education as a Theory Praxis Loop Situating the Book of Joshua in a Cultural Social Ethical and Theological Matrix 10 The Bible as Nurturer of Passive and Active Worldviews 11 Biblical Scholarship in Public Discourse 12 On Framing Elections The Stories We Tell Ourselves 13 Values and Economic Structures

Rich Christians in an Age of Hunger Ronald J. Sider, 2015-07-28 In an age obsessed with wealth Christians seem to have forgotten that scripture encourages believers to give to the poor Why do 1 3 billion people live in abject poverty And what should Christians do about it Despite a dramatic reduction in world hunger 34 000 children still die daily of starvation and preventable disease and 1 3 billion people around the world remain in abject poverty Dr Ron Sider a professor of theology examines the issues of poverty and hunger in modern society While the Bible is full of instructions to care for the poor and warns against being seduced by riches it s been statistically proven that the richer countries become the less they give Finding that conservatives blame what they consider to be morally reprehensible individual choices and liberals blame what they believe to be constrictive social and economic policy Dr Sider finds himself agreeing with both sides First published in 1978 Rich Christians in an Age of Hunger has had an enormous impact on how believers and churches view questions of poverty and hunger Dr Sider's insights provide a compelling look at what it truly means to follow Christ This edition of Rich Christians in an Age of Hunger is Newly revised expanded and updated Listed as one of the 100 most influential books in religion in the 20th century A resource for Christians seeking to overcome poverty and change the economic structures of our world In this fresh look at an age old problem Dr Sider offers a detailed explanation of the causes of poverty and hunger as well as a comprehensive series of practical solutions for Christians who want to seriously pursue their faith and become better followers of Jesus Welfare Policy Elizabeth M. Bounds, Pamela Brubaker, Mary E. Hobgood, 2010-02-01 Welfare Policy is for me an occasion for rejoicing Grounded in the present public controversy over so called welfare reform these chapters model a genre of feminist ethics informed normatively by radical readings of Christian or related religious traditions This book is distinctive however because its theological perspective is profoundly and unapologetically political rooted in an advocacy stance for a policy that aims at women s well being Beverly W Harrison from the Foreword Welfare Policy Feminist Critiques looks behind the political moral mask to explore the issues at stake for women and children in the welfare debate **Rethinking Materialism** Robert Wuthnow, 1995 This collection of essays by ten of the nation's prominent social

scientists and theologians offers serious commentary on our culture s obsession with material goods and examines the uneasy relation of materialism to religion The contributors assess the ways in which materialism has been understood in recent analyses of American character how the economy shapes our understandings of ourselves the ways in which religious thought is being reshaped by economic circumstances and the nature of consumerism The complement to Wuthnow's God and Mammon in America this volume challenges us all to look at materialism in new ways and suggests viable means for reversing our country's prevailing material fixation and its destructive effects on our spiritual lives Scott Rae, Kenman L. Wong, 2012-02-21 Integrity is essential to Judeo Christian business ethics But today s business environment is complex Those in business and those preparing to enter the business world need to grapple with the question of how integrity and biblical ethics can be applied in the workplace They need to go beyond integrity in their thinking Beyond Integrity is neither excessively theoretical nor simplistic and dogmatic Rather it offers a balanced and pragmatic approach to a number of concrete ethical issues Readings from a wide range of sources present competing perspectives on each issue and real life case studies further help the reader grapple with ethical dilemmas The authors conclude each chapter with their own distinctly Christian commentary on the topic covered This Zondervan ebook of the third edition has been revised to provide the most up to date introduction to the issues Christians face in today s constantly changing business culture Revisions include 30 new case studies 1 3 new readings 50% substantially revised sidebars that reflect the issues in the news and business press summaries and material for discussion I Pledge Allegiance David Crump, 2018-02-01 What does it really mean for Christians to live as faithful kingdom citizens in today s world Bitter partisan conflict State sanctioned torture Economic injustice Ethical corruption Even a cursory glance over daily news headlines shows a stark contrast between the American political state and the kingdom of heaven Where then does the Christian's ultimate allegiance lie In I Pledge Allegiance David Crump issues a clarion call to Jesus s twenty first century disciples stirring them up to heed God s word and live out their kingdom citizenship here on earth Closely examining the ethical teachings of Jesus and his apostles in the New Testament and using real world examples to illustrate the vital issues at stake Crump challenges Christians to embrace the radical counterintuitive upside down way of Jesus a way of living and thinking that turns the world's values on their head smashes through stale political and cultural conventions and welcomes God's kingdom into the very heart of our shared The Crisis in the Churches Robert Wuthnow, 1997 At a time when already overworked clergy are being called society upon by budget cutting politicians to do more for the poor the sick and the elderly American churches are suffering persistent financial shortfalls Why are American's churches in financial distress Robert Wuthnow a leading commentator on religious life in America asserts that the steady drop in donations volunteering and personal involvement is a direct result of a spiritual crisis a crisis caused in large part by the clergy s failure to address the vital relationships between faith and money work stewardship giving and economic justice In The Crisis in the Churches Wuthnow offers a searching study of this

financial crisis and of the spiritual malaise that has silently grown worse during the past decade To do this he lets the churches speak for themselves quoting extensively from interviews with clergy and laity in sixty Protestant and Catholic congregations throughout the U S and drawing from the texts of over 200 sermons from church financial records and a national survey What emerges is that parishioners often feel the church does not care about what they do from Monday to Friday offers no guidance in their most pressing day to day concerns yet always seems to be asking for more money Although the situation is critical Wuthnow finds much cause for hope He points to ideas and programs that some churches have enacted to challenge their members to think differently about work and money and giving Parishioners sometimes respond positively when clergy speak boldly and concretely about matters of faith and finance and some churches have formed small groups whose members meet regularly to discussissues of spirituality work personal finances and stewardship **Approaches to Poverty** David Williams, 2001-10-23 It is a sad fact that the majority of the world's people still lives in poverty with all the problems of hunger and disease that goes with it What should Christians do about this Various things have been tried all with their own advantages and problems Here is an overview of these approaches and a suggestion for a synthesis based on Christian teachings **Have This Mind** David Williams, 2007-08 This is an impressive in depth study of the concept of kenosis and its relation to Christian Theology That concept self emptying is central to a deep ethically related approach to understanding foundational religious themes so this volume is a very welcome contribution to the understanding of theology George Ellis professor of Mathematics University of Cape Town Through a deep and sound exegesis of the passage the writer takes the reader through several aspects of our daily life that has to be affected by the kenosis Seen through the lens of kenosis human rights ethics ministry towards the poor and all the social struggles of our time are brought to light and given a new and constructive dimension Dr Lubunga w Ehusha Evangelical Seminary of Southern Africa I would agree wholeheartedly with you when you point out that His kenosis should be the model and the motivation for Christian ethics The importance of this practical result of the kenosis can hardly be over emphasized especially in Christian South Africa Professor emeritus Deon Thom well informed broadly based strongly argued responsible in terms of conclusions an overall laudable piece of research I highly appreciate both the exegetical and the systematic aspects of the presentation You have a definite ability to draw lines together into an overall view That is Systematic Theology at its best Professor Adrio K nig formerly head of Systematic Theology at the University of South Africa The Clashing Worlds of Economics and Faith Jim Halteman, 1995 Halteman's analysis makes a highly important contribution to the continuing discussion I recommend this book with enthusiasm Carl Kreider Dean Emeritus Goshen College What's So Good about Christianity Emma S. God and the Economy Aart Nicolaas van den Berg, 1998 The Moral Core of Judaism and Christianity Etuk,2000 Daniel C. Maguire, 1993 Widely heralded for his bold and prophetic ethical thought Maguire here explodes the myth that there is no common Judeo Christian tradition and urges recovery of its radical relevance for transforming American public

life Here is a radical call for traditional values that can provide the basis for a new more just more human society Walter Wink Auburn Theological Seminary

Getting the books **Economics For Prophets A Primer On Concepts Realities And Values In Our Economic System** now is not type of challenging means. You could not forlorn going taking into consideration books buildup or library or borrowing from your connections to gate them. This is an very easy means to specifically acquire lead by on-line.
