*Economics today* Peter Eisenhut / Jan-Egbert Sturm, Jan-Egbert Sturm, Peter Eisenhut, 2022. The standard work for business schools, colleges and universities as well as for continuing education courses has enjoyed great acceptance among lecturers and students for many years. The new edition is up to date, comprehensible in language and structure, undogmatic and practical. In addition to its topicality, the special features of this book include Interviews. Each chapter ends with an interview with personalities from politics, business and academia on current issues. Digressions: They serve to link economic theories with practice. Economic thinking: Economics is not only content but also a model of thinking. Therefore, at the end of each chapter, typical economic ways of thinking are explained by way of example in a special section. Economics today Peter Eisenhut, 2008. The most important new features in this book are: The content of Economics today is not simply theory but is of great importance in a practical world. For illustration, a number of well-known personalities were interviewed who make use of the knowledge from the corresponding chapter in their practical work. Chapter 15: Exchange rates and exchange rate systems has been completely revised. More weight has been placed on the importance of property rights in this new edition with a separate subchapter. A new chapter has been dedicated to the importance of entrepreneurship as a basis for the success of a market economy, thereby underlining an increase in its significance. In view of the recent events, a new chapter regarding financial markets and bank crises has been added. A new digression should also ensure a better understanding of the financial market. Games theory is also becoming an increasingly necessary component of

any economics textbook A digression therefore provides an initial insight into Game Theory The graphs and tables have of course also been brought up to the latest standards and many small changes and updates have been carried out in the text
