Bouwer,1984 **Economic Interdependence in Southern Africa** Gerhard Max Erich Leistner,1986 *Economic interdependence in Southern Africa* ,1978 Paper presented at a conference on Southern Africa arranged by the Institute for the Study of Plural Societies New York Hilton New York City 23 25 Oct 1978

Economic Interdependence in Southern Africa, 1961-1989 ,1990 **South Africa's Destabilisation of Zimbabwe, 1980-89** J. Dzimba,1998-01-01 South Africa s Apartheid regime saw Zimbabwean independence and black majority rule in 1980 as a major threat to its interests security and regional hegemony John Dzimba explains how and why Pretoria sought to destabilise Zimbabwe and other front line states examining the successes and failures of destabilisation against Zimbabwe s economic and political vulnerabilities and attempted responses He shows why P W Botha s crisis ridden regime had to drop the policy in 1989 **Economic Interdependence in Southern Africa** ,1989 Interdependence in Southern Africa Leif Egeland,1978

African International Relations Mark W. DeLancey,2019-03-13 African International Relations is a thoroughly revised and updated bibliography that contains annotated entries for international books and journal articles in the field of African international relations **The Southern African Development**

Community (SADC) and the European Union (EU) Johannes Muntschick,2017-10-09 This book explores regionalism in the Southern African Development Community SADC and highlights the influence of the European Union EU as an extra regional actor on the organization and integration process The analysis is guided by theory and explains the emergence institutional design and performance of SADC s major integration projects in the issue areas of the economy security and infrastructure It provides in this way a profound assessment of the organization as a whole The study shows that South Africa plays a regional key role as driver for integration while external influence of the EU is ambivalent in character because it unfolds a supportive or obstructive impact The author argues that the EU gains influence over regional integration processes in the SADC on the basis of patterns of asymmetric interdependence and becomes a game changer insofar as it facilitates or impedes solutions to regional cooperation problems **Regional Integration in the Global South** Sebastian

Krapohl,2016-11-23 This book presents a theory of economic integration in developing regions where the level of intraregional economic interdependence is low and the dependence on extra regional economic relations is high It argues that the success or failure of regional integration in the Global South is to a large degree dependent on the reaction of extra regional actors in Europe North America and Northeast Asia In doing so it demonstrates that longstanding European integration theories cannot be successfully applied to other world regions where economic conditions are fundamentally

different By providing detailed empirical analyses that are systematic in their use of a common theoretical and methodological framework the authors fill a significant lacuna in our understanding of these issues This edited volume will appeal to students and scholars of comparative regionalism area studies and global governance

South Africa's Foreign Policy James Barber, John Barratt, 1990-04-19 An exceptionally thorough study of South African foreign policy and the factors influencing its formation

Opportunities and Dangers of Soviet-Cuban Expansion Richard J. Payne, 1988-07-08 Combined with aggressive rhetoric and ideological hostility the conventional approach to crisis resolution generates only military options and diminishes our prospects for less dangerous solutions This book explains how a workable pragmatic and efficient foreign policy in relation to Soviet Cuban activities in the Third World can evolve through negotiation that de emphasizes ideology The focus is on problems within less developed countries problems that provide opportunities for Soviet Cuban involvement The book examines several Third World conflicts in which the Soviet Union and Cuba are involved The Horn of Africa Afghanistan Nicaragua Southern Africa and the Commonwealth Caribbean and suggests a pragmatic policy tailored to each regional conflict An objective assessment of Soviet Cuban activities discovers opportunities for cooperation and mutual restraint

Citizenship, Diversity, and Pluralism Alan Cairns, 1999 Annotation Citizenship is a linking mechanism that in its most perfect expression binds the citizenry to the state and to each other In Citizenship Diversity and Pluralism leading scholars assess the transformation of these two dimensions of citizenship in increasingly diverse and plural modern societies both in Canada and internationally Subjects addressed include the changing ethnic demography of states social citizenship multiculturalism feminist perspectives on citizenship aboriginal nationalism identity politics and the internationalization of human rights

African Foreign Policy and Diplomacy from Antiquity to the 21st Century Daniel Don Nanjira, 2010-10-21 This book offers a continent wide examination of Africa s foreign policy and diplomacy addressing the relevance of its many languages precolonial history traditional value systems and previous international relationships African statehood predates that of Europe as well as the rest of Western civilization and yet by imposing Western values on Africa and its peoples European colonialism destroyed Africa s paradigm of statehood along with its value systems that were ideally suited for this majestic continent This two volume book provides a comprehensive survey of the issues and events that have shaped Africa from remotest antiquity to the present and serves as the foundation of Africa s international relations diplomacy and foreign policy The first volume of African Foreign Policy and Diplomacy from Antiquity to the 21st Century discusses the determinants of Africa s diplomacy from antiquity to the 18th century the second volume addresses the further developments of its foreign policy from the 19th to the 21st century

The Oxford Handbook of the South African Economy Arkebe Oqubay, Fiona Tregenna, Imraan Valodia, 2021-11-18 While sharing some characteristics with other middle income countries South Africa is a country with a unique economic history and distinctive economic features It is a regional economic powerhouse that plays a significant role

not only in southern Africa and in the continent but also as a member of BRICS. However, there has been a lack of structural transformation and weak economic growth, and South Africa faces the profound triple challenges of poverty, inequality, and unemployment. Any meaningful debate about economic policies to address these challenges needs to be informed by a deep understanding of historical developments, robust empirical evidence, and rigorous analysis of South Africa's complex economic landscape. This volume seeks to provide a wide-ranging set of original, detailed, and state-of-the-art analytical perspectives that contribute to scientific knowledge as well as to well-informed and productive discourse on the South African economy. While concentrating on the more recent economic issues facing South Africa, the handbook also provides historical and political context. It offers an in-depth examination of strategic issues in the country's key economic sectors and brings together diverse analytical perspectives.

Security, Economics and Nuclear Non-Proliferation Morality Liang Tuang Nah, 2017-09-04. This book seeks to elucidate the decisions of states that have chosen to acquire nuclear arms or inherited nuclear arsenals and have either disarmed or elected to retain their warheads. It examines nuclear arms policy via an interconnected framework involving the eclectic use of national security-based realism, economic interdependence, liberalism, and nuclear weapons norms or morality-based constructivism. Through the various chapters examining the nuclear munitions decisions of South Africa, Ukraine, and North Korea, a case is built that a state's leadership decides whether to keep or give up the Bomb based on interlinked security, economic, and norms-governed motivations. Thereafter, frameworks evaluating the likelihood of nuclear proliferation and accessing the feasibility of disarmament are then applied to North Korea and used to examine recent Iranian nuclear negotiability. This book is an invaluable resource for international relations and security studies scholars, WMD analysts, and postgraduate or undergraduate candidates focusing on nuclear arms politics-related courses.

Political Economy Of The Brics Countries, The (In 3 Volumes), 2020-03-03. Over the past 20 years, social scientists, government officials, and investors have expressed mounting interest in the BRICS countries, which include Brazil, Russia, India, China, and South Africa. These countries are widely viewed as both key actors in the global economy and important regional powers. The Political Economy of the BRICS Countries is a three-volume set that aims to address various crucial issues regarding these countries. Volume 1 analyzes whether economic growth in the BRICS countries has been broad-based and promoted equitable economic and social outcomes. The authors examine specific dimensions of growth in these five economies that constrain their ability to act effectively and cohesively in international affairs. Volume 2 considers how the BRICS have affected global economic governance and the international political economy. Volume 3 provides various approaches to economic informality in the BRICS. Moreover, the chapters deal with several connections between informality and important political, economic, and institutional phenomena, such as economic globalization and international aid, economic development, political regimes, social capital, political networks, and political participation, labor market rules, and social policy preferences. The BRICS countries have attracted rising attention over the past two decades. The volumes provide an in-depth

analysis of various key issues regarding these countries and chart a course for future research **International Law and Political Reality** Anthony D'amato, 2025-02-10 Among the topics that D Amato examines in these studies of the interrelationship between international law and political reality are wars and war crimes nuclear weapons and technology sanctions and terrorism covert and humanitarian intervention and group and autonomy rights This is the first volume in a series of collected papers
