Making Of Economics, The (4th Edition) - Vol Ii: The Modern Superstructure E Ray Canterbery, 2009-06-15 Volume II in The Making of Economics 4th Edition series fills a major gap in the literature of economics providing in brief fashion a complete treatment of high theory in economics Like Volume I the book is accessible to the intelligent reader be they advanced undergraduate or graduate students laypeople or professors of economics and finance The author walks the reader through the maze of contemporary economics acquainting them with the most up to date theories as well as recent economic history The learning tasks are eased by volleys of examples as well as dramatic illustrations The progression is from neoclassical Keynesian economics to monetarism continuing with mathematical economics and econometrics the theory of economic growth the new classical economics game theory experimental economics and global economics For example common threads between Smithian classical economics and new classical economics are woven into the fabric of discussions directing the way to the higher theory The new chapters on mathematics and econometrics game theory experimental economics and globalization are not to be found in other surveys of what the author calls the Modern Superstructure of Economics Although designed to be used with Volume I it can also stand alone as a text or textbook supplement for a wide range of courses in economics and finance This book is also available as a Economic Policies and Business Practices in Developing Countries Dr. Nnaemeka N Obasi, Tafuteni Chusi, Kofi Nti Agyeman, Richard Mulenga, Moses Mayondi, Aisha Ahmad Sajoh, 2022-12-03 TOPICS IN THE BOOK The Role of Bank Loan and Informal Financial Institution Financing on Investment Evidence from Nigeria Impacts of Quantitative Monetary Policy Tools on Deposit Performance of Commercial Banks A Case of CRDB Plc Tanzania The Determinants of Mergers and Acquisitions in Ghana Impact of Digital Services Trade on Economic Growth of Developing Emerging and Developed Countries P VAR Approach The Effect of Human Capital on Economic Growth in Some Sub Sahara African Countries SSA **Exploring the Trade Potential of the DFTZ for Malaysian SMEs** Tham Siew Yean, Andrew Kam Jia Yi, 2019-01-29 Malaysia established the Digital Free Trade Zone DFTZ to facilitate the development of e commerce and the country s small and medium enterprises SMEs exports The data revealed thus far indicates an increasing number of SMEs coming on board the DFTZ e commerce platforms The publicly disclosed data focus on the value of exports achieved but do not show whether these are from new or existing exporters or whether they are re exports They also do not highlight Malaysia s imports through the zone The overall trend signals that Malaysia is losing its bilateral revealed comparative advantage in exports to China as well as an increasing use of imports for exporting to China While the DFTZ facilitates both exports and imports differing standards and customs processes in different export destinations including China will require Malaysian SMEs to know and understand the standards and customs processes governing imports in each export destination involved Imports are also encouraged by the de minimis rule which allows duty and tax free imports of up to RM800 into Malaysia Overall imports can help enhance the competitiveness of Malaysian SMEs expand choices for Malaysian consumers as well as facilitate re exports A clearer understanding of the role of DFTZ in

facilitating trade will require more detailed data collection and a closer investigation of the imports going through the zone and their uses

World Development Report 2019 World Bank, 2018-10-31 Work is constantly reshaped by technological progress New ways of production are adopted markets expand and societies evolve But some changes provoke more attention than others in part due to the vast uncertainty involved in making predictions about the future The 2019 World Development Report will study how the nature of work is changing as a result of advances in technology today Technological progress disrupts existing systems A new social contract is needed to smooth the transition and guard against rising inequality Significant investments in human capital throughout a person's lifecycle are vital to this effort If workers are to stay competitive against machines they need to train or retool existing skills A social protection system that includes a minimum basic level of protection for workers and citizens can complement new forms of employment Improved private sector policies to encourage startup activity and competition can help countries compete in the digital age Governments also need to ensure that firms pay their fair share of taxes in part to fund this new social contract The 2019 World Development Report presents an analysis of these issues based upon the available evidence

Reaping Digital Dividends Tim Kelly, Aleksandra Liaplina, Shawn W. Tan, Hernan Winkler, 2017-04-14 From East to West the economies of Europe and Central Asia ECA are not taking full advantage of the internet to foster economic growth and job creation The residents of Central Asia and the South Caucasus pay some of the highest prices in the world for internet connections that are slow and unreliable In contrast Europe enjoys some of the world's fastest and affordable internet services However its firms and individuals are not fully exploiting the internet to achieve higher productivity growth as well as more and better jobs Reaping Digital Dividends investigates the barriers that are holding back the broader adoption of the internet in ECA The report identifies the main bottlenecks and provides policy recommendations tailored to economies at varying levels of digital development It concludes that policies to increase internet access are necessary but not sufficient

Policies to foster competition international trade and skills supply as well as adapting regulations to the changing business environment and labor markets will also be necessary In other words Reaping Digital Dividends not only requires better connectivity but also complementary factors that allow governments firms and individuals to make the most out of it

World Development Report 2021 World Bank,2021-07-02 The unprecedented growth of data and its ubiquity in our daily lives signal that the digital revolution is transforming the world But much of the value of data remains untapped waiting to be realized Data collected for one particular purpose has the potential to generate economic value in applications far beyond those originally anticipated However many barriers stand in the way of the beneficial reuse of data ranging from misaligned incentives and incompatible data systems to a fundamental lack of trust The World Development Report 2021 Data for Better Lives will explore the tremendous potential of the changing data landscape to improve the lives of poor people but also to open backdoors that can harm individuals businesses and societies The first part of the report assesses how better use and reuse of data can enhance the design of public policies programs and service delivery as well as improve market efficiency and job creation through private sector growth The second part of the report focuses on issues of governance law and policy that can help realize data s potential benefits while safeguarding against harmful outcomes By examining these issues the report aims to show how data can be leveraged to benefit the lives of poor people *The Cambridge Handbook of the Law of the Sharing Economy* Nestor M. Davidson,Michèle Finck,John J. Infranca,2018-11-22 This Handbook grapples conceptually and practically with what the sharing economy which includes entities ranging from large for profit firms like Airbnb Uber Lyft Taskrabbit and Upwork to smaller non profit collaborative initiatives means for law and how law in turn is shaping critical aspects of the sharing economy Featuring a diverse set of contributors from many academic disciplines and countries the book compiles the most important up to date research on the regulation of the sharing economy The first part surveys the nature of the sharing economy explores the central challenge of balancing innovation and regulatory concerns and examines the institutions confronting these regulatory challenges and the second part turns to a series of specific regulatory domains including labor and employment law consumer protection tax and civil rights This groundbreaking work should be read by anyone interested in the dynamic relationship between law and the sharing economy
