Economic Life of Mexican Beach Vendors Tamar Diana Wilson, 2012-11-02 Economic Life of Mexican Beach Vendors Acapulco Puerto Vallarta and Cabo San Lucas is based on interviews with 82 men and 84 women who vend their wares on beaches in three Mexican tourist centers Assuming that some people may actively choose self employment in the informal or semi informal economy the employment and educational aspirations of the vendors and their levels of satisfaction with their work are explored Most of the vendors had other family members who were also vendors and 75 45 2 percent had 5 or more family members who vend most usually on Mexican beaches The vendors are aware of the forces of globalization though they do not express these forces in those words as revealed by their responses to questions as to how the current world economic recession has affected them The beach vendors live in essentially segregated neighborhoods that can be considered apartheid like far from the tourist zones Most of the vendors or their parents are rural to urban migrants and cross ethnic linguistic and economic borders as they migrate to and work in what have been called transnational social spaces Of the vendors interviewed 82 49 4 percent speak an indigenous language and of these 60 73 2 percent speak Nahuatl The majority are from the state of Guerrero but there were also Zapotec speakers from Oaxaca Both indigenous and non indigenous women take part in beach vending They are often wives daughters or sisters of male beach vendors and they may be single married living in free union or widowed Their income is often of central importance to the household economy This monograph aims to bring their stories to tourists and to scholars and students of tourism development and or the informal or semi informal economy in Mexican tourist centers
Poverty and Exclusion in a Global World A.S. Bhalla, Frédéric Lapeyre, 2016-07-27 In Western Europe the notion of social exclusion is rapidly diffusing in recent years This book investigates the notion of social exclusion as a new way to approach social issues such as the new poverty long term unemployment precariousness social polarization and disintegration Particular attention is paid to both the global relevance of an approach in terms of social exclusion and its value compared to more conventional approaches in terms of poverty of deprivation It is shown that social exclusion goes beyond these by explicitly embracing the relational as well as the distributional aspects of poverty and emphasizing processes In this book the authors explore the specific forms of social exclusion in the ongoing processes of globalization deregulation crisis of the welfare state and rise of individualism

Ethnic Stratification and Economic Inequality around the World Max Haller in collaboration, Anja Eder, 2016-03-03

The modern world is characterised by pervasive economic inequalities. Strong economic growth in some developing countries has contributed to a degree to a reduction in the levels of inequality between nations yet inequality within nations remains high and in some cases continues to increase. *Ethnic Stratification and Economic Inequality around the World* investigates the reasons for these striking differences exploring the coincidence and interaction between economic stratification and ethnic differentiation. Drawing on extensive international survey and statistical data the author develops a new theory and concrete hypotheses concerning the conditions which lead toward extreme inequality and those which tend toward greater equality. A systematic examination of the interaction between class structures, social stratification and ethnic differentiation, this book sheds light on the manner in which the resulting social structures produce different levels of economic inequality, offering a fivefold typology of patterns of ethnic stratification which can be applied to present day world regions. Drawing on the work of Max Weber to provide a rigorous investigation of inequality around the world, it demonstrates what sociology as a science of social reality can significantly contribute to our understanding of global economic stratification. The book is relevant for a wide social scientific audience, particularly for sociologists, economists and political scientists working in a comparative perspective. **Monthly Labor Review**, 1995. Publishes in depth articles on labor subjects, current labor statistics, information about current labor contracts and book reviews.

Social Inequality in a Global Age Scott Sernau, 2016-05-04. This updated Fifth Edition of Scott Sernau's acclaimed text provides a sociological framework for analyzing inequality within the United States in the context of global stratification and a rapidly changing world economy. With insightful analysis, the text provides an accessible introduction to stratification systems and the structural and personal realities of growing class divides. Using examples drawn straight from today's headlines, Sernau explores each dimension of inequality as he analyzes the relationship between changing global power and growing inequalities within countries. Throughout a focus on social action and community engagement encourages students to become involved, active learners in the classroom and engaged citizens in their communities. **Decentralized Development in Latin America** Paul Lindert, Otto Verkoren, 2010-03-02.

Much of the scholarly and professional literature on development focuses either on the macro level of national policies and politics or on the micro level of development projects and household or community socio-economic dynamics. By contrast, this collection pitches itself at the meso level with a comparative exploration of the ways in which local institutions, municipalities, local governments, city authorities, civil society networks and others have demanded and taken on a greater role in planning and managing development in the Latin American region. The book's rich empirical studies reveal that local institutions have engaged upwards with central authorities to shape their policy and resource environments and in turn been pressured from below by local actors contesting the ways in which the structures and processes of local governance are framed. The examples covered in this volume range from global cities such as Mexico and Santiago to remote rural areas of the Bolivian and Brazilian Amazon. As a result, the book provides a deep understanding of the diversity and complexity of local governance.

and local development in Latin America while avoiding the stereotyped claims about the impact of globalisation or the potential benefits of decentralisation as frequently stated in less empirically grounded analysis **Worlds Apart** Scott Sernau, 2006 The Second Edition of *Worlds Apart Social Inequalities in a Global Economy* focuses primarily on social inequalities in the American context It is the only undergraduate text that provides a sociological framework for analyzing inequality within U S society as well as analyzing the relationship between global stratification systems and internal systems of inequality Author Scott Sernau places each issue and dimension of inequality in the context of a changing global economy

Organizing Through Division and Exclusion Fei-Ling Wang, 2005-01-05 This book is the first comprehensive examination of China's hukou household registration system The hukou system registers and governs the 1.3 billion Chinese while creating deep and rigid divisions and exclusions in many domains the system determines how the Chinese live and shapes China's sociopolitical structure and socioeconomic development This book shows that the system has made both positive and negative contributions to contemporary Chinese society it has helped foster rapid economic growth and political stability but also has reinforced social stratification the rural urban divide regional inequalities and discrimination and injustice Using rich new materials this book traces the history and development of the hukou system It describes the functions impact and operational mechanisms of the system It also analyzes the hukou in comparison with the systems of exclusion and discrimination in other nations notably Brazil and India This book presents important insights for understanding China's past present and future Journal of Economic Literature , **Degrowth in Tourism** Konstantinos Andriotis, 2018-07-27 The modern day world faces a hostile climate depleted resources and the destruction of habitats The dream that growth will lead to a materialistic utopia is left unfulfilled by a lack of ecological and economic capacity The only choice is to find alternatives to increased growth transform the structures and institutions currently shaping the world change lifestyles and articulate a more credible vision for the future and lasting prosperity As a reaction to the problems accrued by capitalism new development approaches such as the concept of degrowth have evolved Degrowth in Tourism explores newly emerging development and philosophical approaches that provide more equity for host communities and offer a low carbon future by looking at alternatives to the classic models of development and applying the concept of degrowth in a tourism context

Proposing that we need to shift tourism research from models which prioritize commodified tourism experiences to those that offer alternative de-commodified ones this book Provides topical analysis and illustrates the key themes of degrowth Discusses the relationship between tourism and degrowth from both a historic perspective and through contemporary patterns of activity Includes international examples and case studies to translate theory into practical new approaches A comprehensive review of the subject this book will be of great interest to researchers and practitioners within tourism development environment and economics as well as those specifically studying degrowth Consuming People Nikhilesh Dholakia, A. Fuat Firat, 2003-12-16 Consumption is widely regarded as one of the most important phenomena in contemporary

society but till now there has been very little analysis of how consumption patterns evolve transform and proliferate This revealing book provides an incisive treatment of consumption on a global scale from a cultural philosophical and business perspective Beginning with an analysis of how a dominant form of consumption pattern took hold in modern capitalist market economies this book explores the contemporary changes and paradoxes in our consumption patterns during the transitional period from the modern to the postmodern The text focuses on the forces shaping American consumption patterns from corporations to Hollywood and concludes with an analysis of the emerging trans modern possibilities of the new theatre of consumption where communities with a variety of consumption styles will flourish This is an original and radical analysis in which its first rate authors structure this key topic in a multi disciplinary and forward thinking way As such it will be of great interest to students and researchers of consumer behaviour in business and the social sciences as well as those concerned with contemporary cultural transformations

At the Crossroads of Development Behar,Cuzán,2021-11-01 The 10 articles assembled in this volume examine old problems and new opportunities in development that are associated with trade communication population distribution and migration culture and institutions They explore possibilities for and obstacles to technological and institutional transfers between developed and developing societies at a time when capitalism and democracy appear triumphant Points of convergence parallel processes and equivalences in social problems and potential solutions across levels of development are noted They point out that the hierarchy of the world economic system and indigenous cultures militate against the homogenization of the globe along Western lines

Beyond the Neon Lights Hanchao Lu,1999 Today in the post Mao post Deng era China faces a vigorous resurgence of paradoxes similar to those that surfaced at the end of the imperial era At the same time the pragmatism of the Chinese people endures suggesting that the lessons of the past have broad implications for urban China and urban rural relations in China at the beginning of the third millennium
