**Independent Africa** Emmanuel Kwaku Akyeampong, 2023-07-18 Independent Africa explores Africa's political economy in the first two full decades of independence through the joint projects of nation building, economic development and international relations. Drawing on the political careers of four heads of states: Kwame Nkrumah of Ghana, Ahmed Sékou Touré of Guinea, Léopold Sédar Senghor and Julius Kambarage Nyerere of Tanzania, Independent Africa engages four major themes: what does it mean to construct an African nation state and what should an African nation state look like; how does one grow a tropical economy emerging from European colonialism; how to explore an indigenous model of economic development; a third way in the context of a Cold War that had divided the world into two camps; and how to leverage internal resources and external opportunities to diversify agricultural economies and industrialize. Combining aspects of history, economics and political science, Independent Africa examines the important connections between the first generation of African leaders and the shared ideas that informed their endeavors at nation building and worldmaking.

**The Industrial Revolution and Economic Growth** R. M. Hartwell, 2017-06-26 This volume, first published in 1971, brings together eleven essays and articles on the history of the industrial revolution. Method is the central consideration and the author discusses ways in which historians have analysed the industrial revolution, demonstrates inconsistency and bias in their interpretations and suggests an appropriate framework of economic theory for future studies. This title will be of interest to students of history and economics.

*Development Economics* H. L. Ahuja, A result of more than four decades of teaching experience, this book deals with the problems of economic growth, development and eradication of poverty and unemployment. The book also includes an analytical study of important issues of environment and sustainable development. The book not only explains the models and theories of economic growth but also critically evaluates their relevance to developing countries. A major highlight of discussion in the context is the exploration of the widely accepted Amartya Sen's Capability Approach to development.

**Economics of Development and Planning** Kulwant Rai Gupta, 2009 **History, Policy, and Economic Theory** W. W. Rostow, 2019-03-04 This collection of professional essays traces the sequence of the great issues of public policy that marked a half century. It includes information on the problems of method, issues of historical analysis, elaboration of a dynamic theory, issues of current policy and evolution of economic doctrine.

**The Conversation of Economic Development: Historical Voices, Interpretations and Reality** Wilfred L. David, 2019-07-23 This book investigates the belief patterns that underly alternative perspectives of development thought and policy. It discusses the differing theories and models of development in a discursive manner to highlight the importance of interaction between academic discourse and everyday life experiences. Utilizing insights drawn from the history of ideas, economic history, philosophy and political economy, the author shows how the field of development economics has evolved.

*Money, Trade and Economic Growth* Harry Johnson, 2013-07-18 This book deals with the effects of international trade on economic growth and money. It also re-examines Keynesian theory and analyzes economic growth in an affluent society in terms of planning, economic and social

policy
