Enterprising Africa Stephen Dobson, Paul Jones, Daniel Agyapong, Gideon Maas, 2020-12-30 Enterprising Africa explores the future opportunities challenges growth areas and key themes that will shape entrepreneurship in the African continent over the next decade Entrepreneurship can be the key to unlock resilient growth

but only if it is driven by both socially productive and growth oriented new businesses The book considers entrepreneurship as an enabler for socio economic growth and development in Africa especially in the context of youth unemployment and increasing youth population for which the traditional and indeed emerging industrial sectors will not be able to produce sufficient jobs to meet demand Organised around three thematic parts Part I covers the notion of inclusive growth and the role that entrepreneurs can play supporting this Part II considers the dynamic between entrepreneurs and the environment since social economic and environmental concerns need to build upon each other rather than vie for recognition Finally Part III offers chapters exploring policy contexts and the wider institutional ecosystems that need to be developed and enhanced to ensure a strong and vibrant environment for the future entrepreneurs of Africa to thrive Edited and authored by leading experts in the field this fascinating text will be of interest to academics as well as students of International Transformational and Social Entrepreneurship and International and African Business

High-Tech Entrepreneurship

Michel Bernasconi, Simon Harris, Mette Moensted, 2013-01-11 High tech businesses form a crucial part of entrepreneurial activity in some ways presenting very typical examples of entrepreneurship yet in some ways representing quite different challenges The uncertainty in innovation and advanced technology makes it difficult to use conventional economic planning models and also means that the management skills used in this area must be more responsive to issues of risk uncertainty and evaluation than in conventional business opportunities Specifically focusing on the mix of theory and practice needed to accurately inform students the key topics covered include uncertainty and innovation entrepreneurial finance marketing technological innovations high tech incubation management Including case studies to give practical insights into genuine business examples this comprehensive book has a distinctly real world focus throughout Edited by a multi national team it draws together leading writers and researchers from across Europe making it a must read for all those involved in advanced entrepreneurship with specific interests in high tech start ups
