Ein Silberschatz Vom Schwarzen Meer:

Ein Silberschatz vom Schwarzen Meer Matthias Pfisterer, 2000 Die hier vorliegende Arbeit beschäftigt sich mit einem bisher unpublizierten Silberfund vom Schwarzen Meer Knapp 800 Munzen und noch einmal etwa 100 sonstige Silberobjekte geben ein Bild vom Silberumlauf im Westen des Achaimenidenreiches gegen Ende des 5 Jh s v Chr Neben mehreren unveröffentlichten Typen unter anderem von Tarsos bilden die 593 enthaltenen Adlerkopfdrachmen der griechischen Kolonie Sinope die grösste Gruppe dieser Munzen sie erlauben erstmals die Erstellung einer gesicherten Relativchronologie durch eine Stempelanalyse Ein weiterer wichtiger Aspekt des Fundes sind die darin enthaltenen Gruppen von Barren und Spiralringen welche in den Kern und den Osten des Achaimenidenreiches weisen Die gestaffelten Gewichte dieser Objekte und die bei den Ringen erkennbaren Zusammenhänge zwischen Gewicht und äusserem Erscheinungsbild lassen den Schluss zu dass es sich um Objekte mit Geldfunktion handelt Aufgrund eines Vergleichs der in der antiken Literatur beschriebenen Gabenkultur der Achaimeniden mit Erkenntnissen der Anthropologie wird hier die These aufgestellt dass das scheinbare Desinteresse der Achaimeniden an einer einheitlichen Währung in einer Auffassung des Austausches begründet liegt welche unsere heutige Auffassung und auch der der Griechen des 5 Jh s v Chr entgegenläuft **The Oxford Handbook of Greek and Roman Coinage** William Metcalf, 2012-02-23 A broadly illustrated overview of the contemporary state of Greco Roman numismatic scholarship *Israel Numismatic Research* Israel Numismatic Society, 2006-12-31 *The Maeander Valley* Peter Thonemann, 2011-09-22 This book is a study of the long term historical geography of Asia Minor from the fourth century BC to the thirteenth century AD Using an astonishing breadth of sources ranging from Byzantine monastic archives to Latin poetic texts ancient land records to hagiographic biographies Peter Thonemann reveals the complex and fascinating interplay between the natural environment and human activities in the Maeander valley Both a large scale regional history and a profound meditation on the role played by geography in human history this book is an essential contribution to the history of the Eastern Mediterranean in Graeco Roman antiquity and the Byzantine Middle Ages **The Yehud Coinage** Jean-Philippe Fontanille, Haim Gitler, Catharine Lorber, 2023-12-31 This volume presents a die study of the provincial silver coinage of Judah in the late Persian Macedonian and early Hellenistic periods It offers correct descriptions of the coins their designs and their inscriptions enumerates the obverse and reverse dies identified for each of the 44 recorded types and explains the probable sequence of the issues as deduced from iconographic associations and die links The iconography of the coin types is examined in depth with comparisons to motifs in Greek Persian and ancient Near Eastern art including other local coinages and sources in Judahite material culture The monograph also analyzes data relating to the metrology metal content and circulation of the coinage Overall the study attempts to place the Yehud coinage in its historical context and to define its role in the economy of the ancient province of Judah **Handbuch für das Schwarze Meer** Germany. Marineleitung, 1921 **Zeitschrift des Historischen Vereins für den Regierungsbezirk Marienwerder** , 1876 Die

Clupeinen des westlichen Teiles des Schwarzen Meeres und der Donaumündungen Grigore Antipa, 1906 **Explaining Monetary and Financial Innovation** Peter Bernholz, Roland Vaubel, 2014-06-26 This book discusses theories of monetary and financial innovation and applies them to key monetary and financial innovations in history starting with the use of silver bars in Mesopotamia and ending with the emergence of the Eurodollar market in London The key monetary innovations are coinage Asia minor China India the payment of interest on loans the bill of exchange and deposit banking Venice Antwerp Amsterdam London The main financial innovation is the emergence of bond markets also starting in Venice Episodes of innovation are contrasted with relatively stagnant environments the Persian Empire the Roman Empire the Spanish Empire The comparisons suggest that small open and competing jurisdictions have been more innovative than large empires as has been suggested by David Hume in 1742 **Zeitschrift des Historischen Vereins für den Reg.-Bezirk Marienwerder** ,1876 **Zeitschrift des historischen Vereins für den Reg.-Bezirk Marienwerder** Historischer Verein für den Regierungsbezirk Marienwerder, 1876 **Allgemeines deutsches Sach-Wörterbuch aller menschlichen Kenntnisse und Fertigkeiten** ,1829 *Allgemeinnütziges Geschicht- und Staaten-Wörterbuch* ,1794 *Allgemeinnütziges Geschicht- und Staaten-Wörterbuch, woraus man nicht nur eine hinlängliche Kenntniß von allen Reichen und Staaten, ihrer Lage, ihrer Religion und den gottesdienstlichen Gebräuchen, ihren Erzeugungen, Städten, Meeren, Inseln, Seen, Flüssen, Festungen, Orden und andern Aemtern u.s.w. erlangt, sondern auch mit der alten Geographie und Götterlehre, mit den juridischen Ausdrücken und allen Kunstwörtern, mit verschiedenen Provinzialismen, mit den aus fremden Sprachen in die deutsche aufgenommenen Wörtern und ihrer Bedeutung, nebst den Artillerie- und Schifffahrtsausdrücken, und den vorzüglichsten Erzeugungen des Thier- und Pflanzenreichs bekannt wird. Vorzüglich zum Nutzen und zur Bequemlichkeit der Zeitungsleser in alphabethische Ordnung gebracht* ,1794 *Wirtschaftsgeschichte des Mittelalters* Jörg Gilomen, 2014-03-24 Wer sich gleichermassen knapp kompetent und umfassend über die Wirtschaftsgeschichte des Mittelalters informieren mochte dem sei dieser Band empfohlen Er bietet eine gut gegliederte facettenreiche und spannende Überblicksdarstellung von der gesellschaftlichen Organisation der wirtschaftlichen Produktion und der für die Ökonomie bedeutenden Infrastruktur der Spätantike bis zu den demographischen und finanzwirtschaftlichen Entwicklungen des Spätmittelalters Landwirtschaft Bergbau Salzgewinnung Jagd Fischerei und Viehwirtschaft werden ebenso behandelt wie beispielsweise Eigentums und Herrschaftsverhältnisse oder ökonomische Wandlungsprozesse infolge von militärischen Ereignissen dem Ausbruch von Seuchen oder dem Entstehen der Hanse und der Erschließung neuer Handelswege Die Erzlagerstätten Alfred Wilhelm Stelzner, 1906 **The Herbedestan and Nerangestan, Vol. III** Firoze M. P. Kotwal, Philip G. Kreyenbroek, James R. Russell, 1992 Le Nerangestan ou Livre d'indication rituelles vient dans les manuscrits à la suite du Herbedestan mais représente un texte à part qui a essentiellement trait à l'éducation religieuse Les deux textes appartiennent à la tradition savante du Zoroastrisme et les longs passages du commentaire pehlevi sont souvent plus éclairants que le sont les phrases

laconiques en avestique Toujours est il que peu de passages sont faciles a lire parce que la plupart des iranistes occidentaux ont une connaissance peu approfondie des differents rituels zoroastriens tandis que l objectif du Nerangestan etait d elucider des points qui semblaient obscurs meme aux pretres pratiquants de l epoque Le deuxieme Fragard du Nerangestan est fonde sur l enseignement de Sosans mais n a probablement ete consigne dans sa forme actuelle que plusieurs generations apres ce grand commentateur C est de loin le chapitre le plus long du texte et la richesse d informations qu il contient procure de nouveaux apercus dans differents aspects de la vie religieuse et rituelle de la communaute zoroastrienne The Nerangestan the Book of Ritual Directions follows the Herbedestan in the manuscripts but is in fact a separate text dealing with matters of ritual where the Herbedestan is mainly concerned with religious education Both texts belong to the learned tradition of Zoroastrianism and the lengthy passages of Pahlavi commentary are often more illuminating than the terse Avestan sentences Still few parts of the text make easy reading most Western Iranists have at best a passing acquaintance with the various Zoroastrian rituals while the Nerangestan was intended to elucidate points which seemed obscure even to the practising priests of its time The Second Fragard of the Nerangestan is based on the Teachings of Sosans but was probably written down in its present form several generations after this great Commentator It is by far the longest extant chapter of the text and the wealth of information it contains affords new insights into several aspects of the religious and ritual life of the Zoroastrian community

Neueste illustrierte Münz-, Maass- und Gewichtskunde und Handelsgeographie aller Länder mit Abbildung und Beschreibung der jetzt coursirenden Gold- und Silber-Münzen, nebst Angabe ihres Gewichts, Feingehalts, ihrer Geltung und ihres Werthes nach den neuesten gesetzlichen Bestimmungen Lachmann, 1863 *Neueste illustrierte Münz-, Maass- und Gewichtskunde und Handelsgeographie aller Länder* Alexander Lachmann, 1863 *Zeitschrift für praktische geologie, mit besonderer berücksichtigung der lagerstättenkunde ...* ,1907
