## El Che Guevara:

**Companero** Jorge G. Castañeda, 2009-07-16 By the time he was killed in the jungles of Bolivia where his body was displayed like a deposed Christ Ernesto Che Guevara had become a synonym for revolution everywhere from Cuba to the barricades of Paris This extraordinary biography peels aside the veil of the Guevara legend to reveal the charismatic restless man behind it Drawing on archival materials from three continents and on interviews with Guevara s family and associates Castaneda follows Che from his childhood in the Argentine middle class through the years of pilgrimage that turned him into a committed revolutionary He examines Guevara s complex relationship with Fidel Castro and analyzes the flaws of character that compelled him to leave Cuba and expend his energies and ultimately his life in quixotic adventures in the Congo and Bolivia A masterpiece of scholarship Companero is the definitive portrait of a figure who continues to fascinate and inspire the world over

Ciro Bustos,2013-06-04 For the first time  
Ciro Bustos Che s right hand man in the struggle for Argentina tells his story As a young man inspired by the example of Cuba Bustos was determined to bring revolution to the home country he shared with his hero After a failed attempt to liberate Argentina it was not until 1966 that he was contacted by the Cubans once again and told Che wants to see you Under false papers Bustos crossed the border into Bolivia where Che was in hiding with his guerrilla forces and here for the first time Che shared his plans for a continental revolution In this fascinating memoir  
Ciro Bustos tells us a story only he is able to recount what really happened in Bolivia in 1967 and why he did not betray Che

1967 and why he did not betray Che **Guevara, Also Known as Che** Paco Ignacio Taibo (II), Paco Ignacio Taibo, 1999-08-19 Mexican novelist and historian Paco Ignacio Taibo II here captures the life and character of Che Guevara the preeminent Latin American revolutionary of the late twentieth century The symbol of radical egalitarianism and the war against social injustice Guevara was gunned down in the jungles of southeastern Bolivia in 1967 his death surrounded by questions that remain unanswered In the years since he died fascination with Che and his independent and pragmatic brand of Guerilla Marxism have become increasingly focused Taibo whose extensive contacts in Latin American political activism gives him unprecedented access to hitherto untapped sources probes Che s life with a storyteller s pen and an historian s judgment Delving into vast archives to which few researchers have entry Taibo investigates the mystery and myth surrounding Che s life careers and ideals **The Bolivian Diary of Ernesto Che Guevara** Che Guevara, 1994 In December

surrounding Che's life, careers and ideals. **The Bolivian Diary of Ernesto Che Guevara** Che Guevara, 1994 In December 1956 Guevara was part of the expedition that landed in Cuba aboard the yacht Granma to begin the guerrilla struggle. Originally the troop doctor Guevara became a commander of the Rebel Army **ERNESTO CHE GUEVARA** Marcos A. Alvarez, 2013-02-12 This book is a compilation of facts and ideas expressed by Guevara in his own speeches essays interviews working papers diary and others from conversations of family members friends subordinates and Castro including information from his best known biographers and supporters persuasive works published in Cuba and out after Che's death in Bolivia This was when he was not a threat to Fidel Castro's megalomania when Guevara did not constitute anymore a

danger to Fidel's dream of becoming a hero and he would be the most important politician in America even perhaps in the whole world. At that moment it was very important for Castro to use his limitless power in the Cuban government to develop the instrumentality necessary to transform Che's figure in what he is today an icon. Che Guevara Speaks Che Guevara, 1973 Guerrilla Warfare Ernesto Che Guevara, 2021-09-15 **The Political Theory of Che Guevara** Renzo Llorente, 2018-02-09 Nearly half a century after his death Ernesto Che Guevara remains a compelling and controversial figure. He was an original social theorist and many of his writings attest to an innovative interpretation of various concepts and commitments central to Marxist thought. This is one of the first works to comprehensively consider his contribution to social and political theory for a student audience. Firstly the book provides thorough and reliable accounts of the key theses, concepts and commitments that give Che Guevara's theoretical and political orientation its distinctive character. It addresses Guevara's views on topics such as work, morality in socialism, egalitarianism, prefigurative politics, internationalism and the process of disembourgeoisement. Secondly the study situates Guevara's ideas within the context of the Marxist theoretical tradition and on the other hand twentieth century Latin American social thought. To this end it will explore both the affinities and dissimilarities between Guevara's views on certain fundamental questions and the views represented by such figures as Marx, Lenin, Herbert Marcuse and Jos Carlos Mariategui. Finally *The Political Thought of Che Guevara* will provide critical assessments of Che's key ideas, many of which remain relevant to contemporary debates in socialist theory. Che: Selected Works of Ernesto Guevara Che Guevara, 1969 Writings, speeches, interviews and letters of Che Guevara **Back on the Road** Che Guevara, 2001 The fascinating travel diaries that make up this volume are a vital complement to *The Motorcycle Diaries* described by the London Times as *Das Kapital* meets *Easy Rider*. These journals chronicle Guevara's trip through Latin America as his youthful idealism was developing into the political fervor that made him a revolutionary icon. Copyright Libri GmbH. All rights reserved. **"El Che" Guevara** John Womack, 1971 **Che Guevara and the FBI** Michael Ratner, Michael Steven Smith, 1997 Se presentan aquí publicados por primera vez los archivos de la policía secreta de Estados Unidos sobre el legendario revolucionario Ernesto Che Guevara. En ellos se muestra cómo el FBI y la CIA vigilaban sus movimientos en Estados Unidos, África y América Latina. Con una introducción de los editores, este libro plantea una pregunta obvia: ¿por qué el FBI abrió este dossier? Los materiales presentados respaldan la sospecha de que las agencias norteamericanas de espionaje planeaban el asesinato de Guevara desde el inicio de los años sesenta y permiten suponer que mantenían ese propósito cuando se marchó a Bolivia en 1957. **Che Guevara** H. Yaffe, 2009-02-25 Che Guevara remains an iconic figure four decades after his death. Yet his most significant contribution, his work as a member of the Cuban government, is rarely discussed. This book explores his impact on Cuba's economy through fascinating new archival material and interviews.
