Third Series** Library of Congress. Copyright Office, 1952 Includes Part 1A Books The Struggle for Madrid Robert Garland Colodny, 2009-11-01 *The Struggle for Madrid* is a study of the battles that were waged between the armies of the Spanish Republic and the armies of General Francisco Franco for the city of Madrid It was this struggle beginning with the collapse of Republican arms at Toledo in September 1936 and

ending with the victory of the Madrid armies at Guadalajara in March 1937 that determined the duration and characteristics of the rest of the conflict. It was the central episode of the Spanish War. Due to international intervention the Spanish struggle lost its purely national character and became at once a civil war of a profoundly Spanish type, a war of independence waged by a section of the Spanish people against German, Italian and Moroccan armies and a clash of supra-national ideologies that aroused the deepest passions of peoples far removed from the immediate Spanish interests at stake. Although the passions aroused by the war distort contemporary accounts of the fighting, the totalities of these obstacles present no insurmountable barrier to a preliminary investigation of the Madrid battles. Such a study is best undertaken while many of the principal actors in the Madrid tragedy still live. If truth has been affronted, the witnesses may yet speak and from the debate margin of error will be reduced. Robert Colodny's groundbreaking cross of military history and political ambitions helps reduce the gap between fiction and fact. *The Forsaken* Tim Tzouliadis, 2008. Tzouliadis presents this remarkable piece of forgotten history: the story of how thousands of Americans were lured to Soviet Russia by the promise of jobs and better lives, only to meet a tragic and until now forgotten end.
