

The poster features two main characters in a dark, atmospheric setting. On the left, Matt Damon is shown from the chest up, wearing a dark jacket over a light-colored shirt. On the right, Edward Norton is shown from the chest up, wearing a dark suit jacket over a white shirt. The background is dark with blurred lights, suggesting a night scene. At the bottom, there are three smaller, rectangular portraits of supporting characters: a man on the left, a woman in the center, and another man on the right.

policíaco Iván Martín Cerezo, 2006 El policíaco es uno de los géneros más populares de los últimos ciento cincuenta años y se muestra como una de las narrativas más fértils y resistentes de los últimos tiempos. Es un género popular que aunque ha recibido el desprecio de muchos ha aportado a la Literatura con mayúsculas una estructuración novedosa de los hechos de la historia narrada y la incorporación de la figura del detective a la vida de las diversas generaciones lectoras y no lectoras del género. Este libro trata de estos aspectos de los ingredientes constituyentes de lo policíaco de su historia y de las cuestiones temáticas literarias más relevantes que nos ayudan a entenderlo mejor.

Cuentos completos Ricardo Piglia, 2021-02-17 Los cuentos completos de Ricardo Piglia un clásico contemporáneo de la literatura en lengua española. Este volumen reúne la totalidad de la obra cuentística de Ricardo Piglia organizada por el propio autor poco antes de morir. La narrativa breve recorre toda su carrera literaria y aquí encontrar el lector desde su primer volumen de relatos publicado en 1967 después revisado y ampliado con nuevos textos hasta las últimas producciones en este campo escritas al final de su vida entre las que destacan Los casos del comisario Croce homenaje y vuelta de tuerca al género policíaco que tanto amó Piglia. Y entre medio las dos narraciones largas de Prisión perpetua y los voluntarios. Nombre falso que incluye un prodigioso homenaje a Roberto Arlt y Cuentos morales. La organización de este libro permite por un lado apreciar la evolución del Piglia cuentista y por el otro disfrutar de su rica versatilidad. Su concepción del género le lleva desde unos inicios en que seguía sus propias palabras tomadas como modelos a Hemingway y Borges hasta formulaciones cada vez más hermosas abiertas y heterodoxas de la narración breve contaminando deliberadamente el relato con la reseña al cuento con el ensayo o la ficción con la autobiografía. Piglia elabora textos que cruzan una y otra vez las fronteras y trabajan con todas las variantes posibles de la narración la autobiografía al cuento policial el relato histórico la ficción teatral el diario el relato sentimental el cuento fantástico. Son las suyas narraciones que además de contar historias abren caminos exploran mitos y reflexionan sobre el arte de contar historias. Una tras otra componen el retrato de la cara B de un país de una sociedad y presentan un amplio repertorio de personajes con especial querencia por los perdedores. Y entre esos personajes uno recurrente Emilio Renzi trasunto del autor que asoma por toda su obra. Consagrado ya en vida como uno de los escritores fundamentales de la literatura en español del último tercio del siglo XX y de principios del XXI la inconmensurable magnitud literaria de Ricardo Piglia se hace también patente en su narrativa breve por lo que esta edición de su cuentística completa es un volumen ineludible.

Las cataratas vienen del sur Agustín Neifert, 2022-12-15 Se sabe que hubo médicos psiquiatras que colaboraron con el gobierno de Francisco Franco para recuperar psicológicamente a hombres que participaron como torturadores y ejecutores en la guerra civil española. Su trabajo consistió a rescatar la humanidad de esos criminales y reintegrarlos a la sociedad. Ocurrió algo similar en la Argentina durante la última dictadura militar. Los militares persiguieron a psicólogos y psiquiatras por su identificación con

agrupaciones de la izquierda política en el país. El autor se propuso responder estos interrogantes pero en clave de novela policial en la que combina ficción y realidad histórica. La trama se sostiene sobre las investigaciones y análisis que desarrollan a partir de un crimen los miembros de un centro de estudios integrado por un sociólogo, una psicóloga, un periodista y un crítico de cine.

El camino inverso: del cine al teatro. Joanna

Bardzinska, 2014-05-02 El camino inverso del cine al teatro estudia el tema de las adaptaciones de obras filmicas a la escena teatral adaptaciones inversas como fenómeno emergente en el ámbito artístico actual y hecho cultural sntoma de la cultura contemporánea posmoderna. Se propone explorar la naturaleza de esta práctica transmedial e indagar sobre las razones de su resurgimiento en la cartelera española de la primera década del siglo XXI desde la perspectiva de otra época donde continúan con gran popularidad ciertos la investigación al ámbito artístico de la otra generación del 27 y el estudio de dos casos concretos de trasvases del cine al teatro. La vida en un hilo de Edgar Neville 1959 y Mi adorado Juan de Miguel Mihura 1956. El análisis comparativo de la versión cinematográfica y la teatral de dichas obras permite construir una plataforma para la exploración del fenómeno de adaptación inversa que asimismo se revela como sinónimo de exibilidad creativa y emblema de mestizaje artístico propio de unos tiempos de especial agitación cultural.

Todo el pasado por delante Santiago Alba Rico, 2021-02-19 Ocurren siempre las mismas cosas y las vivimos de la misma manera. Dónde pasan en la historia en el tiempo en los cuerpos. Podemos invocar nuestro siglo como medida de progreso. Mide el tiempo algo de progreso de la sombra a la luz. El título de este libro es ya una invitación a leer de un modo ambivalente nuestra relación con un pasado que es en realidad nuestro presente. Como nos recuerda Alba Rico lo más difícil es comprender un giro épocal cuando se está completamente sumergido en la época que se está dejando atrás. Instalados en ella no hacemos la historia, repetimos nuestras costumbres o luchamos contra ellas sobre un fondo de inestabilidad permanente. Este volumen de breves ensayos en cierto modo continuación del libro 'Penúltimos días' explora algunas de las ambivalencias y los claroscuros de una época atenazada por diversos procesos de destrucción en curso y que posee todos los sentimientos de una crisis civilizatoria que amenaza con romper todos los relojes. Frente a las utopías revolucionarias y las pretensiones de democratizar el capitalismo el filósofo Santiago Alba Rico afirma una vez más que un proyecto transformador no debe aspirar a la toma de la Bastilla o del Palacio de Invierno sino a la trabajosa y delicada labor de desmontaje del Imperio romano donde la primera transformación del mundo que debemos abordar es la de conservarlo.
