relevant **The Critical Reception of Emerson** Sarah Ann Wider,2000 A history of the most important scholarly criticism of Emerson from his time down to the present Since the 1820s Ralph Waldo Emerson has provoked an unsettled response from his readers and contentiousness among critics Critics still contest Emerson's position Was he poet or philosopher Did he liberate American literature or narrow it to a one dimensional idea Is his signature concept of self reliance the most profound contribution to democratic individualism or the epitome of capitalism's impoverished thought But by the mid 20th century the swing between condemnation and celebration of Emerson had given way to the familiar story of his bisected career which provided a neat structure for viewing his life and work and shaped our thought about him Now that story is being challenged by the application of poststructuralism and textual editing and with the publication of an amazing repertoire of editions the Emerson canon is changing The result is that Emerson criticism now faces a far more complex group of writings than before One hundred and fifty years after Emerson styled himself an experimenter who would unsettle all things this new critical history illustrates the continuing thought provoking success of that experiment Sarah Ann Wider is Professor of English at Colgate University in Hamilton New York *Ralph Waldo Emerson* Harold Bloom,2007 Presents ten essays on the concepts and texts of American writer and philosopher Ralph Waldo Emerson and includes a chronology and a bibliography

understanding Especially Ralph Waldo Emerson on of the most important person of this movement was criticized for his ideas
1 Some contemporary artists like Edgar Allan Poe even had cravings to murder some Transcendentalists² although this statement probably has to be seen in regard to Poe s common irony Poe and other authors used their work to express their distaste for Transcendentalism and tried to ridicule it for example by exaggeration³ In this term paper I will answer the following question What are the typical elements of Transcendentalism in Emerson s Poetry and how are they ridiculed by Edgar Allan Poe To answer this question I chose Emerson s poem Give All To Love In my analysis of the poem I will show that it contains a lot of typical elements of Transcendentalism which is the reason why I chose this particular poem of Emerson The work of Poe I will use is his short story The Fall of the House of Usher There are several works of Poe where he tries to ridicule Transcendentalism but I chose this short story since it is probably his most famous one Concerning my secondary literature I tried to find a mixture of classical references like Literary Transcendentalism by Lawrence Buell and of new and rather fresh internet sources To achieve a high level of reliability for my internet sources I almost only used homepages of american universities With this mixture I want to demonstrate that the topic of my term paper has been and still is relevant to literary studies I will start with a chapter about the Transcendentalism in general the role of Emerson and name some of the criticism of Transcendentalism The third chapter is concerned with a detailed analysis of the poem Give All To Love by Emerson after which I will point out the typical transcendental elements in the poem In chapter four I will analyse Poe s short story The Fall of the House of Usher with regard to the research question and look for ridicule of Transcendentalism I will close my term paper in the fifth chapter with a conclusion and will subsume if and how my research question has been answered throughout the paper

Emerson's Essays Harold Bloom,2006 Ralph Waldo Emerson 1803 1882 was the most influential American writer of the nineteenth century Poets such as Walt Whitman Emily Dickinson Robert Frost and Wallace Stevens descend from Emerson as do thinkers such as John Dewey and William James This volume of critical interpretations focuses on Emerson s Essays First Series 1841 and Essays Second Series 1844 which encompass some of his most important works History Self Reliance Circles The Poet and Experience among others These essays exemplify Emerson s distinctively rich prose and his radical affirmation of the strength of the individual The analyses and appreciations collected here place Emerson s essays in the context of literary and intellectual history grapple with the implications of his epigrams and tropes and link his shifts of perspective and tone to the changes in Emerson s life Together they illuminate the complexity and scope of the seminal works of America s most influential writer and thinker Book jacket *Estimating Emerson* David LaRocca,2013-01-01 A collection of over 170 years of dynamic profound and enduring criticism on Emerson by some of world s most eminent and influential writers and thinkers
