Emperors Embrace The Evolution Of Fatherhood:

The Emperor's Embrace Jeffrey Moussaieff Masson, 1999 Psychoanalyst Masson a new father himself showcases the extraordinary behavior of outstanding fathers among animals He tells about wolves and why they make good fathers and dogs don't how the beaver encourages his young to cling to his tail as he navigates through ponds the sea horse the only male animal that give birth to its young and the marmoset the South American monkey who carries his babies wherever he goes for the first two years of their lives He also examines nature's worst fathers lions langurs bears and humans and shows that when a father does care for his young fatherhood is a profound all encompassing experience Annotation copyrighted by Book News Inc Portland OR

The Emperor's Embrace Jeffrey Masson, 2000 **The Emperor's Embrace** Jeffrey Moussaieff Masson, 2001 Controversial psychoanalyst and bestselling author Jeffrey Masson offers a remarkable look at fatherhood in the animal world He showcases the unusual caring behavior of emperor penguins wolves and South American marmosets He also profiles deadbeat animal dads lions bears and langurs

[The Nine Emotional Lives of Cats](#) Jeffrey Moussaieff Masson, 2002-10-29 In the hugely popular New York Times bestseller *Dogs Never Lie About Love* provocative psychoanalyst Jeffrey Moussaieff Masson brilliantly navigated the inner landscape of man's best friend Now he delves deep into the secretive playful world of cats revealing emotions debunking myths and honoring the feline's evolution from solitary jungle creature to human companion Drawing from literature history animal behavioral research and the wonderful true stories of cat experts and cat lovers around the world Jeffrey Masson vividly explores the delights and mysteries of the feline heart But at the core of this remarkable book are Masson's candid often amusing observations of his own five cats Their mischievousness aloofness and affection provide a way to examine emotions from contentment to jealousy from anger to love Consider the question Are cats selfish While human egocentricity is defined by how little a person cares about others the cat's narcissism is not like that at all Cats may appear self centered but they watch us all the time taking us in They see us they notice us a far cry from vanity Cats are curious a trait that rarely kills them On the contrary it gives them the chance to assess in their own idiosyncratic way whether we are worthy of their attention Cats are happy to be themselves What they think of us is a different question entirely We need cats to need us notes Masson It unnerves us that they do not However if they do not need us they nonetheless seem to love us *The Nine Emotional Lives of Cats* will captivate readers with its surprises and insights offering a new perspective on the deep connection shared by humans and their feline friends This is the book that Masson's many fans and cat lovers everywhere have been waiting for

[The Emperor's Embrace](#) Jeffrey Masson, 2001-02-28 Jeffrey Moussaieff Masson's marvelous *Jane Goodall* New York Times bestseller *When Elephants Weep* made us re evaluate the emotional lives of animals And in his follow up New York Times bestseller *Dogs Never Lie About Love* Masson reflected with intelligence and originality *Los Angeles Times Sunday Book Review* on the emotional world of dogs Now in *The Emperor's Embrace* Masson offers a remarkable look at one of the most fulfilling roles in the animal world

fatherhood With fascinating insight impeccable research and captivating writing controversial psychoanalyst Jeffrey Masson a new father himself introduces us to the world s best dads He takes us to such places as Antarctica as he explores how emperor penguin fathers incubate the eggs of their young by carrying them around on their feet for two months nestled beneath a special brood pouch And he tells us how once the babies hatch the fathers snuggle the babies on their feet until the mother returns from her time at sea feeding them a special milk like substance until her arrival Masson a superb storyteller showcases the extraordinary behavior of outstanding fathers heroes among animals including the wolf and why wolves make good fathers and dogs don t the beaver who encourages his young to cling to his tail as he navigates through ponds the sea horse the only male animal that gives birth to its young the marmoset the South American monkey who carries his babies for the first two years of their lives wherever he goes Masson also examines nature s worst fathers lions langurs bears and humans He shows that when a father does care for his young as with the beaver we immediately look for a biological and not an emotional explanation But Masson demonstrates that for these animals as with humans fatherhood is a profound all encompassing experience Groundbreaking compelling inspirational Masson s unique look at one of nature s most venerable institutions takes us to animal habitats around the world yet always returns to the heart For animal lovers fathers mothers sons and daughters everywhere The Emperor s Embrace is a book that will forever change our perceptions of parenthood and family love International Who's Who of Authors and Writers 2004 Europa Publications,2003 Accurate and reliable biographical information essential to anyone interested in the world of literature TheInternational Who s Who of Authors and Writersoffers invaluable information on the personalities and organizations of the literary world including many up and coming writers as well as established names With over 8 000 entries this updated edition features Concise biographical information on novelists authors playwrights columnists journalists editors and critics Biographical details of established writers as well as those who have recently risen to prominence Entries detailing career works published literary awards and prizes membership and contact addresses where available An extensive listing of major international literary awards and prizes and winners of those prizes A directory of major literary organizations and literary agents A listing of members of the American Academy of Arts and Letters The Dog Who Couldn't Stop Loving Jeffrey Moussaieff Masson,2023-12-15 From the New York Times bestselling author of When Elephants Weep a fascinating exploration of the unique relationship between humans and canines Booklist Animal lovers get ready Jeffrey Moussaieff Masson international bestselling author of the winning and wise Dogs Never Lie About Love San Francisco Chronicle is back with an inspiring heart warming and deeply personal exploration of the unique relationship between humans and dogs As in When Elephants Weep The Face on Your Plate and The Pig Who Sang to the Moon Masson blends cultural mythology scientific research and stories of his own experiences to tackle deep questions about the emotional lives of humans and animals His compelling elegant and often humorous narrative about the love people feel for dogs gives a new perspective on the extraordinary

relationship between our species Masson is at his most personal and appealing in this book especially when he writes about Benjy Publishers Weekly An enjoyable book for dog lovers Kirkus Reviews **Animal Friendships** Anne Innis

Dagg,2011-09-01 Research into social behaviour in animals has often focused on aggression yet members of social species are far more likely to interact with each other in a positive way Animal Friendships explores non sexual bonding behaviours in a range of mammalian and avian species Through analysis of factors which trigger and deepen friendships Dagg uncovers a world of intricate and complex social interactions These factors include sources of food formation of coalitions playdates for infants mutual grooming and the apparent pleasure of simple companionship Chapters cover different types of friendship from those between two individuals such as male female or parent offspring friendships to those within family groups and even inter species friendships Not only does the book explore how and why friendships form it also showcases the ingenious field techniques used by researchers enabling the reader to understand the scientific methodology An invaluable read for both researchers and students studying animal social bonding **Forthcoming Books** Rose Arny,2001-06 **The Pig**

Who Sang to the Moon Jeffrey Moussaieff Masson,2007-12-18 Jeffrey Moussaieff Masson s groundbreaking bestseller When Elephants Weep was the first book since Darwin s time to explore emotions in the animal kingdom particularly from animals in the wild Now he focuses exclusively on the contained world of the farm animal revealing startling irrefutable evidence that barnyard creatures have feelings too even consciousness Weaving history literature anecdotes scientific studies and Masson s own vivid experiences observing pigs cows sheep goats and chickens over the course of five years this important book at last gives voice meaning and dignity to these gentle beasts that are bred to be milked shorn butchered and eaten Can we ever know what makes an animal happy Many animal behaviorists say no But Jeffrey Masson has a different view An animal is happy if it can live according to its own nature Farm animals suffer greatly in this regard Chickens for instance like to perch in trees at night to avoid predators and to nestle with friends The obvious conclusion They cannot be happy when confined twenty to a cage From field and barn to pen and coop Masson bears witness to the emotions and intelligence of these remarkable farm animals each unique with distinct qualities Curious intelligent self reliant many will find it hard to believe that these attributes describe a pig In fact there is much that humans share with pigs They dream know their names and can see colors Mother cows mourn the loss of their calves when their babies are taken away to slaughter Given a choice between food that is nutritious or lacking in minerals sheep will select the former balancing their diet and correcting the deficiency Goats display quite a sense of humor dignity and fearlessness Indian goats have been known to kill leopards Chickens are naturally sociable they will gather around a human companion and stand there serenely preening themselves or sit quietly on the ground beside someone they trust For far too long farm animals have been denigrated and treated merely as creatures of instinct rather than as sentient beings Shattering the abhorrent myth of the dumb animal without feelings Jeffrey Masson has written a revolutionary book that is sure to stir human emotions far and

wide Headless Males Make Great Lovers Marty Crump, 2024-05-31 The natural world is filled with diverse not to mention quirky and odd animal behaviors Consider the male praying mantis that continues to mate after being beheaded the spiders insects and birds that offer gifts of food in return for sex the male hip pocket frog that carries his own tadpoles the baby spiders that dine on their mother the beetle that craves excrement or the starfish that sheds an arm or two to escape a predator's grasp Headless Males Make Great Lovers and Other Unusual Natural Histories celebrates the extraordinary world of animals with essays on curious creatures and their amazing behaviors In five thematic chapters Marty Crump a tropical field biologist well known for her work with the reproductive behavior of amphibians examines the bizarre conduct of animals as they mate parent feed defend themselves and communicate Crump's enthusiasm for the unusual behaviors she describes from sex change and free love in sponges to aphrodisiac concoctions in bats is visible on every page thanks to her skilled storytelling which makes even sea slugs dung beetles ticks and tapeworms fascinating and appealing Steeped in biology Headless Males Make Great Lovers points out that diverse and unrelated animals often share seemingly bizarre behaviors evidence Crump argues that these natural histories though outwardly weird are successful ways of living Illustrated throughout and filled with vignettes of personal and scientific interest Headless Males Make Great Lovers will enchant the general reader with its tales of blood squirting horned lizards and intestine ejecting sea cucumbers all in the service of a greater appreciation of the diversity of the natural histories of animals *Parenting for a Peaceful World* Robin Grille, 2014-04-14 *Parenting for a Peaceful World* is a fascinating look at how child rearing customs have shaped societies and major world events It reveals how children adapt to and are influenced by different parenting styles and how safeguarding their emotional development is the key to creating a more peaceful harmonious and sustainable world Practical advice for raising a well adjusted child includes tips on supporting your child's developing emotional intelligence understanding how your childhood has influenced your own emotional make up and helping you achieve your full parenting potential Drawing on leading edge brain research child development studies psycho history and personal and clinical experience this completely revised and updated edition of *Parenting for a Peaceful World* is a must read for parents child health professionals teachers and for adults seeking to heal and grow **Do Fathers Matter?** Paul Raeburn, 2014-06-03 For too long we've thought of fathers as little more than sources of authority and economic stability in the lives of their children Yet cutting edge studies drawing unexpected links between fathers and children are forcing us to reconsider our assumptions and ask new questions What changes occur in men when they are expecting Do fathers affect their children's language development What are the risks and rewards of being an older than average father at the time the child is born What happens to a father's hormone levels at every stage of his child's development and can a child influence the father's health Just how much do fathers matter In *Do Fathers Matter* the award winning journalist and father of five Paul Raeburn overturns the many myths and stereotypes of fatherhood as he examines the latest scientific findings on the parent we've often overlooked Drawing on research from

neuroscientists animal behaviorists geneticists and developmental psychologists among others Raeburn takes us through the various stages of fatherhood revealing the profound physiological connections between children and fathers from conception through adolescence and into adulthood and the importance of the relationship between mothers and fathers In the process he challenges the legacy of Freud and mainstream views of parental attachment and also explains how we can become better parents ourselves Ultimately Raeburn shows how the role of the father is distinctly different from that of the mother and that embracing fathers significance in the lives of young people is something we can all benefit from An engrossing eye opening and deeply personal book that makes a case for a new perspective on the importance of fathers in our lives no matter what our family structure Do Fathers Matter will change the way we view fatherhood today **BBC Wildlife** ,2001 **The Case Against Women Raising Children** Kathleen A. Ryan Carlsson,2002-03-08 For information about the book go to www.GroenendaelPress.com Evolution and culture produce a body and mind to suit a creatures role in the world Whether care of the young is provided by males females or both each species has evolved caregiver traits suited to that task The result is caring women and provider men In other words you are what you do However with the honing of each trait a creature pays a price In the case of a woman who specialized her body and mind to childcare the price was a failure to develop skill at financial self sufficiency and individual direction which in turn made it more likely that such a woman will live in a subordinate relationship Women as primary parents perpetuated gender roles Women internalized this definition of themselves and they became somewhat comfortable with it Even when they wanted more power over their lives they found themselves trapped from within But human beings have also evolved the trait of educability We can learn We can choose the direction in which we develop our abilities and traits The case against women raising children is the case for parents raising children **The Incidental Guru** Cindy Stone,2003 Imagine the Dalai Lama renowned psychiatrist Scott Peck and a temperamental mutt named Harry on a long walk where the topic of conversation is emotional healing Prepare for an illuminating journey Respected psychotherapist Cindy Stone shares an inspiring and insightful tale about how she met her incidental guru an abandoned and rebellious dog whose defensive manner helped unveil touchstone elements for profound self awareness and developing intimate and satisfying relationships Whether relating with our partner family friends co workers or pets The Incidental Guru will touch our souls with wisdom and insight encouraging us all to relate to both animals and people with greater understanding and compassion Cindy calls upon the Four Elements of Healing courage trust respect and love to guide us in navigating our own emotional landscape If we are beginning a new relationship in the middle of an existing relationship or ending an old one the Four Elements of Healing is a powerful paradigm The Incidental Guru is a book that leads us away from sadness doubt and worry to discover what we already know to be true in our hearts we are special we are not powerless change is possible and while most clouds do in fact have a silver lining some clouds arc bursting with potential Cindy and Harry teach us that while all things may not go the way we want or expect and some life lessons are

difficult to bear we must go forward with courage trust in the future respect the paths of others and love generously even though we may have been bitten before

Transcending Violence Tod Schneider, 2002 Every Ted Bundy Charles Manson Littleton Rwanda Kosovo inspires a renewed desperate search for explanations a brilliant synthesis of all available models by Lt Col Dave Grossman author of the Pulitzer nominated *On Killing* *Transcending Violence* stands out in offering both explanations pragmatic solutions Violence comes in many shapes sizes It grows in almost any soil Ethnic warfare school shootings crimes of passion murder for hire seem to have little in common One specialist blames overblown self esteem while another points to deep rooted shame Criminologists sociologists police peace activists military historians forensic psychologists bring contrasting perspectives to the table Each explanation carries a large grain of truth but when applied across the board quickly falls apart One error has been an obsession with finding only one factor that can carry the entire blame Competing theories often throw light on specific incidents but not on others These various perspectives become considerably more valuable when interwoven Specifically their shared characteristics concerns can be sorted into up to 5 steps 10 primary reinforcers Variations on these 5 steps produce individually tailored paths to violence That tapestry is laid out in the first half of *Transcending Violence* In part two *Transcending Violence* takes this confluence model turns it on its head By identifying specific steps and reinforcers for violence we become empowered to invert them We can disassemble the steps eliminate the reinforcers These actions apply at all levels from the individual to the global

Rhetorical Animals Kristian Bjørkdahl, Alex C. Parrish, 2017-11-30 For this edited volume the editors solicited chapters that investigate the place of nonhuman animals in the purview of rhetorical theory what it would mean to communicate beyond the human community how rhetoric reveals our brute roots In other words this book investigates themes that enlighten us about likely or possible implications of the animal turn within rhetorical studies The present book is unique in its focus on the call for nonanthropocentrism in rhetorical studies Although there have been many hints in recent years that rhetoric is beginning to consider the implications of the animal turn as yet no other anthology makes this its explicit starting point and sustained objective Thus the various contributions to this book promise to further the ongoing debate about what rhetoric might be after it sheds its long standing humanistic bias
