Dallaire, 2014-10-30 During the past century numerous books and articles have appeared on the verbal system of Semitic languages Thanks to the discovery of Ugaritic texts Akkadian tablets Canaanite letters found at Tell el Amarna in Egypt Hebrew and Aramaic inscriptions and the Dead Sea Scrolls our understanding of the phonology morphology and syntax of the Semitic languages has increased substantially Dallaire focuses primarily on prose texts in Biblical Hebrew and Amarna Canaanite in which the verbal system morphemes syntax expresses nuances of wishes desires requests and commands According to her volitional concepts are found in every language and are expressed through verbal morphemes syntagmas intonation syntax and other linguistic means The Syntax of Volitives in Biblical Hebrew and Amarna Canaanite Prose attempts to answer the following questions Do volitives function in a similar way in Biblical Hebrew and Amarna Canaanite Where and why is there overlap in morphology and syntax between these two languages What morphological and syntactical differences exist between the volitional expressions of the languages In attempting to answer these questions the author bears in mind the fact that within each of these two languages scribes from different areas used specific dialectal and scribal traditions for example northern versus southern peripheral versus central [Literary Structure and Rhetorical Strategies in The Hebrew Bible](#) L.J. de Regt, J. de Waard, J.P. Fokkelman, 2023-08-14 Analysis of text structures has been a dominant feature in Biblical studies for quite some time More recently scholars have focused on rhetorical strategies that have been employed in Biblical texts In this volume rhetorical as well as structural approaches to the Hebrew Bible have been brought together It contains studies on a range of topics and on a good many texts and textual corpora Interpretation culminates in translation The contributors to this volume have discussed the implications of their findings for Bible translators Many of these translational implications have been put together in an epilogue The volume thus not only intends to show the present state of our knowledge of literary and rhetorical techniques employed in the Bible on these points it aims to be a selective guide to translators as well The volume has been edited by Lenart de Regt Jan de Waard both of the Free University of Amsterdam and Jan Fokkelman Leiden University *The State of Old Testament Studies* H. H. Hardy, II, M. Daniel Carroll R., 2024-11-05 This book surveys the current landscape of Old Testament studies offering readers a concise guide to contemporary academic discussions Bringing together a diverse group of experts The State of Old Testament Studies provides an informed introduction to the many fields of Old Testament research by recognized scholars presents

basic questions in each subfield surveys the primary methods of answering these questions engages prominent solutions and cites relevant and up to date resources It is an extensive guide to current research and an ideal supplemental textbook for a variety of courses on the Old Testament **Pronouns □ Grammar and Representation** Horst J. Simon, Heike Wiese, 2002-09-27 The contributions of this thematic collection center around the typology of pronominal paradigms the generation of syntactic and semantic representations for constructions containing pronouns and the neurological underpinnings for linguistic distinctions that are relevant for the production and interpretation of these constructions They come from different theoretical approaches and methodological backgrounds and take into account data from a wide range of Indoeuropean and non Indoeuropean languages Bringing together a cross section of recent research on the grammar and representation of pronouns the volume offers a kaleidoscope of studies united by the common topic of pronouns as a domain of language that exemplarily shows the interaction of different components responsible for computational syntactic and semantic lexical and discourse pragmatic processes *The Poetic Priestly Source* Jason M. H. Gaines, 2015-12-15 Applying criteria for the identification of biblical Hebrew poetry Jason M H Gaines distinguishes a nearly complete poetic Priestly stratum in the Pentateuch Poetic P coherent in literary narrative and ideological terms from a later prose redaction Prosaic P which is fragmentary supplemental and distinct in thematic and theological concern Gaines describes the whole of the Poetic P source and offers a Hebrew reconstruction of the document This dramatically innovative understanding of the history of the Priestly composition opens up new vistas in the study of the Pentateuch Narrative Syntax and the Hebrew Bible E. J. Van Wolde, 2002-01-01 The debate over form versus function rages intensely in discussions of Hebrew syntax This volume sets out the parameters of the debate and the historical reasons for how the questions of narrative syntax are being approached by today s scholars This publication has also been published in hardback please click here for details

Rumors of Wisdom Scott C. Jones, 2009-07-14 Efforts at interpreting Joban poetry have often been divided between philological and literary critics This study brings these two critical modes together to offer an account of how Job 28 achieves meaning The heart of the study consists of two major sections The first is a reading of the poem with special attention to the conceptual background of its metaphors Rather than a poetic account of mining technology Job 28 is properly understood against the heroic deeds of ancient Mesopotamian kings described in Sumerian and Akkadian royal narratives especially the Gilgamesh epic The second major section is a thorough philological and textual commentary in which comparative philological and text critical methods are complemented by an aesthetic rationale for restoring the text of the poem as a work of art The study reveals a multileveled and image driven masterpiece whose complexity impacts how one reads Job 28 as poetry and theology **Formation and Reformulation** Michaël van der Meer, 2004-02-01 This volume offers a critical examination of recent theories concerning the growth of biblical literature in the light of the oldest textual witnesses the Qumran biblical scrolls and the Septuagint On the basis of a fresh examination of a selection of passages in the book of

Joshua it is shown that these witnesses do not reflect a stage in the literary formation of the book prior to the standardised Masoretic text but a reinterpretation and reformulation of its contents The study presents a new literary critical solution to the intricate problems of Joshua 8 and a detailed exegesis of the Greek version of Joshua 1 and 5 Of special interest for Qumran scholars is the new reconstruction of 4QJoshuaa

Ezekiel's Hope Jacob Milgrom, Daniel I. Block, 2012-09-14 Jacob Milgrom was a man of deep faith and deep learning As teacher and scholar he is best known for his work on ancient Israel's religion especially its cultic expression in tabernacle and temple His command of this subject is evident in his massive three volume commentary on Leviticus Anchor Bible Commentary and his commentary on Numbers JPS Torah Commentary This provides perfect background for one who seeks to instruct us on the final chapters of Ezekiel In this volume Milgrom guides us engagingly through Ezekiel's oracle against Gog chs 38 39 and his final vision of Israel's physical and spiritual restoration chs 40 48 Regrettably Professor Milgrom did not live to see his work on Ezekiel appear in print Given his influence on biblical scholarship far beyond his native Jewish world it is fitting that this final form of this project be cast as an interfaith dialogue with Daniel Block who has himself written a major two volume commentary on Ezekiel NICOT This volume offers a window into how one Jewish scholar engaged with the work of a Christian scholar It invites readers to listen in on their conversation in the course of which they will also hear the voices of medieval Jewish rabbis particularly R Eliezer of Beaugency and R Joseph Kara While Block and Milgrom are free to disagree in their reading of particular texts readers will find this dialogue illuminating for their own understanding of the last chapters of Ezekiel

Scripture and Interpretation Ariel Feldman, Liora Goldman, 2014-11-10 The discovery of the Dead Sea Scrolls more than sixty years ago has revealed a wealth of literary compositions which rework the Hebrew Bible in various ways This genre seems to have been a popular literary form in ancient Judaism literature However the Qumran texts of this type are particularly interesting for they offer for the first time a large sample of such compositions in their original languages Hebrew and Aramaic Since the rewritten Bible texts do not use the particular style and nomenclature specific to the literature produced by the Qumran community Many of these texts are unknown from any other sources and have been published only during the last two decades They therefore became the object of intense scholarly study However most the attention has been directed to the longer specimens such as the Hebrew Book of Jubilees and the Aramaic Genesis Apocryphon The present volume addresses the less known and poorly studied pieces a group of eleven small Hebrew texts that rework the Hebrew Bible It provides fresh editions translations and detailed commentaries for each one The volume thus places these texts within the larger context of the Qumran library aiming at completing the data about the rewritten Bible

Interpreting Quoted Speech in Prophetic Literature Samuel Hildebrandt, 2017-08-28 In Interpreting Quoted Speech Samuel Hildebrandt analyzes the literary phenomenon of one speaker quoting the words of another speaker within prophetic discourse Challenging approaches that categorize these speech quotations and use them as direct windows into Israel's past Hildebrandt makes a

compelling case for reading quoted speech in its literary context He presents a substantial method for such an interpretive approach demonstrates its value in a detailed analysis of Jeremiah 2 1 3 5 and highlights the significance of quoted phrases in Jeremiah and other prophetic texts Interpreting Quoted Speech marks an important contribution to the exploration of Jeremiah s discourse and polyphony and due to its accessible methodology and exegesis offers a model for further research in prophetic literature

Textuality and the Bible Michael Brian Shepherd, 2016-03-18 Textuality and the Bible represents a concerted effort to clarify the object of study in biblical scholarship and in the church by bringing together the disciplines of hermeneutics compositional analysis canon studies and textual criticism It ultimately seeks to issue a call for study of the Bible for its own sake

Studies in the Historical Books of the Old Testament John Adney Emerton, 1979 *Zemah and Zerubbabel* Wolter H. Rose, 2000-04-01 It has often been argued that Zerubbabel the Jewish governor of Yehud at the time of the rebuilding of the temple late 6th century BCE was viewed by the prophets Haggai and Zechariah as the new king in the line of David In this new study Rose offers a contrary proposal for the interpretation of the oracles in Haggai 2 and Zechariah 3 and 6 He traces their background in the pre exilic prophets pays special attention to often neglected details of semantics and metaphor and concludes that neither Haggai nor Zechariah designated Zerubbabel as the new king in Jerusalem Instead the oracles in Zechariah 3 and 6 should be seen as fully messianic

Let the Daughters Live! Siebert-Hommes, 2021-11-15 This study deals with the structure coherence and composition of the stories of Exodus 1 and 2 with a view to contributing to the interpretation of biblical narrative in general In the first chapter the author introduces the method and analytical procedures employed In the subsequent chapters the method is applied to the literary architecture of the stories in Exodus 1 and 2 The last chapter presents a sample of the exegesis as a practical demonstration of how the method described can be integrated into the interpretative procedure The approach presented in this volume provides an instructive introduction to newer techniques in interpretation Though of special interest to feminist interpreters it also speaks to a broad range of those who are engaged in modern types of exegesis

The Word of God in Transition William M. Schniedewind, 1995-09-01 The Chronicler distinguishes between traditional prophets and inspired messengers and thereby highlights a radical transition in the meaning of the word of God which takes place in the post exilic period The Chronicler summarizes his perspective in 2 Chron 36 16 saying that Israel rejected his prophets the messengers of God and his word i e Torah This distinction is reflected in the forms and functions of prophetic speech in the books of Chronicles Thus the prophets speak to the king and the inspired messengers e g priests levites speak to the people The prophets interpret narrative events for the king they explain how God acts The inspired messengers exhort the people admonishing them how they should act The prophets speeches usually do not use any kind of inspiration formula but the inspired messengers speeches are prefaced with possession formulas These possession formulas are not typical of classical prophecy and mark the rise of a new kind of prophecy namely the inspired interpretation of texts These inspired messengers are thus forerunners of the inspired

interpreters of scripture in Qumran early Christianity and Judaism **Babel und Bibel 9** Leonid E. Kogan, N. Koslova, S. Loesov, S. Tishchenko, 2016-08-18 This is the ninth volume of Babel und Bibel an annual of ancient Near Eastern Old Testament and Semitic studies The principal goal of the annual is to reveal the inherent relationship between Assyriology Semitics and biblical studies a relationship that our predecessors comprehended and fruitfully explored but that is often neglected today The title Babel und Bibel is intended to point to the possibility of fruitful collaboration among the three disciplines in an effort to explore the various civilizations of the ancient Near East This volume includes as a major portion of its contents selected papers from the 6th Biannual Meeting of the International Association for Comparative Semitics

Judges 1 Mark S. Smith, Elizabeth M. Bloch-Smith, 2021-11-23 This groundbreaking volume presents a new translation of the text and detailed interpretation of almost every word or phrase in the book of Judges drawing from archaeology and iconography textual versions biblical parallels and extrabiblical texts many never noted before Archaeology also serves to show how a story of the Iron II period employed visible ruins to narrate supposedly early events from the so called period of the Judges The synchronic analysis for each unit sketches its characters and main themes as well as other literary dynamics The diachronic redactional analysis shows the shifting settings of units as well as their development commonly due to their inner textual reception and reinterpretation The result is a remarkably fresh historical critical treatment of 1 1 10 5 Das hebräische Partizip in den Texten aus der jüdischen Wüste Gregor Geiger, 2012-08-17 The function of the participle within the Hebrew tense system has considerably changed between biblical and postbiblical Hebrew This investigation studies the participle in the Hebrew manuscripts from the Judaean Desert its formation its usage and its meaning compared with those in other Hebrew traditions and dialects especially the language of the Hebrew Bible The biblical Hebrew tense system continues to be used in the Scrolls while there is a clear difference between the tense system of the Scrolls and that of mishnaic Hebrew This fact allows us to draw conclusions in the field of language studies but it also provides us with a piece of the puzzle in our understanding of the sociology and religion of the Qumran community Die Funktion des Partizips innerhalb des hebräischen Tempussystems wandelte sich erheblich zwischen biblischem und nach biblischem Hebräisch Diese Studie untersucht das Partizip in den hebräischen Handschriften aus der jüdischen Wüste seine Bildung seine Verwendung und seine Bedeutung im Vergleich mit anderen hebräischen Traditionen und Dialekten vor allem der Sprache der hebräischen Bibel Das biblisch hebräische Tempussystem findet seine Fortsetzung in diesen Handschriften während es einen klaren Unterschied zwischen deren Tempussystem und dem des mischnischen Hebräisch gibt Diese Tatsache erlaubt Rückschlüsse im Bereich der Sprachwissenschaft sie liefert aber auch einen Mosaikstein in unserem Verständnis von Gesellschaft und Religion der Qumran Gemeinschaft
