

AN EMPIRE DIVIDED

The American Revolution and the British Caribbean

ANDREW JACKSON O'SHAUGHNESSY

Empire Divided The American Revolution And The British Caribbean

Richard Bell

Empire Divided The American Revolution And The British Caribbean:

An Empire Divided Andrew Jackson O'Shaughnessy, 2015-12-14 There were 26 not 13 British colonies in America in 1776 Of these the six colonies in the Caribbean Jamaica Barbados the Leeward Islands Grenada and Tobago St Vincent and Dominica were among the wealthiest These island colonies were closely related to the mainland by social ties and tightly connected by trade In a period when most British colonists in North America lived less than 200 miles inland and the major cities were all situated along the coast the ocean often acted as a highway between islands and mainland rather than a barrier The plantation system of the islands was so similar to that of the southern mainland colonies that these regions had more in common with each other some historians argue than either had with New England Political developments in all the colonies moved along parallel tracks with elected assemblies in the Caribbean like their mainland counterparts seeking to increase their authority at the expense of colonial executives Yet when revolution came the majority of the white island colonists did not side with their compatriots on the mainland A major contribution to the history of the American Revolution An Empire Divided traces a split in the politics of the mainland and island colonies after the Stamp Act Crisis of 1765-66 when the colonists on the islands chose not to emulate the resistance of the patriots on the mainland Once war came it was increasingly unpopular in the British Caribbean nonetheless the white colonists cooperated with the British in defense of their islands O'Shaughnessy decisively refutes the widespread belief that there was broad backing among the Caribbean colonists for the American Revolution and deftly reconstructs the history of how the island colonies followed an increasingly divergent course from the former colonies to the north

An Empire Divided Andrew Jackson O'Shaughnessy, 2000 O'Shaughnessy's excellent clearly written book is an important contribution to Caribbean and US history He successfully explains why the Caribbean colonists far from supporting the American Revolution preferred to keep the British empire intact Highly recommended Choice

The Oxford Handbook of the American Revolution Edward G. Gray, Jane Kamensky, 2015 The Oxford Handbook of the American Revolution introduces scholars students and generally interested readers to the formative event in American history In thirty three individual essays the Handbook provides readers with in depth analysis of the Revolution's many sides

The American Revolution and the Fate of the World Richard Bell, 2025-11-04 American history as if from a barstool not a lecture podium Giddy rollicking and bold Ilyon Woo Pulitzer Prize winning author of *Master Slave Husband Wife* Accessible and impassioned entry to anyone interested in understanding the nation's founding from a dazzling kaleidoscopic perspective Ned Blackhawk National Book Award winning author of *The Rediscovery of America* A prize winning historian's fascinating and unfamiliar recasting of America's war of independence as a transformative international event In this revelatory and enthralling book award winning historian Richard Bell reveals the full breadth and depth of America's founding event The American Revolution was not only the colonies' triumphant liberation from the rule of an overbearing England it was also a cataclysm that pulled in participants from around the globe and threw

the entire world order into chaos Repositioning the Revolution at the center of an international web Bell's narrative ranges as far afield as India Africa Central America and Australia As his lens widens the War of Independence manifests itself as a sprawling struggle that upended the lives of millions of people on every continent and fundamentally transformed the way the world works disrupting trade restructuring penal systems stirring famine and creating the first global refugee crisis Bell conveys the impact of these developments at home and abroad by grounding the narrative in the gripping stories of individuals including women minorities and other disenfranchised people The result is an unforgettable and unexpected work of American history that shifts everything we thought we knew about our creation story

The Age of Revolutions in Global Context, c. 1760-1840 David Armitage, Sanjay Subrahmanyam, 2009-12-18 A distinguished international team of historians examines the dynamics of global and regional change in the late eighteenth and nineteenth centuries Providing uniquely broad coverage encompassing North and South America the Caribbean Europe Africa the Middle East South and Southeast Asia and China the chapters shed new light on this pivotal period of world history Offering fresh perspectives on The American French and Haitian Revolutions The break up of the Iberian empires The Napoleonic Wars The volume also presents ground breaking treatments of world history from an African perspective of South Asia's age of revolutions and of stability and instability in China The first truly global account of the causes and consequences of the transformative Age of Revolutions this collection presents a strikingly novel and comprehensive view of the revolutionary era as well as rich examples of global history in practice

Revolutionary America, 1763-1815 Francis D. Cogliano, 2009-01-27 Revolutionary America explains the crucial events in the history of the United States between 1763 and 1815 when settlers of North America rebelled against British rule won their independence in a long and bloody struggle and created an enduring republic Now in its second edition Revolutionary America has been completely revised updating the strengths of the previous edition New features include New introduction for the second edition New chapter on Native Americans Revised and expanded bibliographic essay Updated historiography throughout the text Companion Website with study aids maps and documentary resources Revolutionary America also examines those who were excluded from the immediate benefits and rights secured by the creation of the new republic In particular author Francis D Cogliano describes the experiences of women Native Americans and African Americans each of whose experiences challenged the principle that all men are created equal which lay at the heart of the American Revolution Placing the political revolution at the core of the story Revolutionary America presents a clear history of the War of Independence and lays a distinctive foundation for students and scholars of the Early Republic For additional information and classroom resources please visit the Revolutionary America companion website at www.routledge.com/textbooks/revolutionaryamerica

The Brave New World Peter Charles Hoffer, 2023-01-31 A lively synthesis of early American history now in its third edition The Brave New World covers the entire span of early American history from 30 000 years before Europeans landed on North American shores to the Revolutionary War With its exploration

of the places and peoples of early America this comprehensive new edition of a classic textbook brings together the most recent scholarship on the colonial and revolutionary eras Native Americans slavery and the slave trade politics war and the daily lives of ordinary people In this edition Peter Charles Hoffer incorporates the wealth of innovative work on early American history including fresh material on environmental history the Dutch and French Caribbean Indigenous societies consumer goods mapping captivity tales settler imperialism power who has it who wants it how it is expressed and how it is opposed Emphasizing how diverse and entangled the early American imperial world was this edition also greatly expands the geographical scope of the book An updated bibliographic essay offering short descriptions of relevant books articles collections and anthologies rounds out the volume Wide ranging and inclusive *The Brave New World* continues to provide students instructors and historians with an engaging and accessible history of early North America

The World of Colonial America Ignacio Gallup-Diaz, 2017-04-28 *The World of Colonial America* An Atlantic Handbook offers a comprehensive and in depth survey of cutting edge research into the communities cultures and colonies that comprised colonial America with a focus on the processes through which communities were created destroyed and recreated that were at the heart of the Atlantic experience With contributions written by leading scholars from a variety of viewpoints the book explores key topics such as The Spanish French and Dutch Atlantic empires The role of the indigenous people as imperial allies trade partners and opponents of expansion Puritanism Protestantism Catholicism and the role of religion in colonization The importance of slavery in the development of the colonial economies The evolution of core areas and their relationship to frontier zones The emergence of the English imperial state as a hegemonic world power after 1688 Regional developments in colonial North America Bringing together leading scholars in the field to explain the latest research on Colonial America and its place in the Atlantic World this is an important reference for all advanced students researchers and professionals working in the field of early American history or the age of empires

The Cambridge History of the Age of Atlantic Revolutions: Volume 1, The Enlightenment and the British Colonies Wim Klooster, 2023-11-09 Volume I offers an introduction to the Enlightenment which served as the shared background for virtually all revolutionary turmoil and the American Revolution which inaugurated the Age of Revolutions Beginning with a thorough introduction the volume covers international rivalry the importance of slavery and the reformist mind set that prevailed on the eve of the revolutionary era It addresses the traditional argument on whether the Enlightenment truly caused revolutions concluding that the reverse is more apt revolutions helped create the Enlightenment as a body of thought The volume continues with a regional and thematic assessment of the American Revolution revealing how numerous groups in British America including Black and indigenous people pursued their own agendas and faced interests at odds with the principles of the revolution

White Creole Culture, Politics and Identity During the Age of Abolition David Lambert, 2005-07-21 This book explores the articulation of white creole identity in Barbados during the age of abolitionism

Ireland in the World Angela McCarthy, 2015-06-12 This international edited book

collection of ten original contributions from established and emerging scholars explores aspects of Ireland's place in the world since the 1780s. It imaginatively blends comparative transnational and personal perspectives to examine migration in a range of diverse geographical locations including Ireland, Scotland, Wales, Australia, New Zealand, the United States, Canada, Argentina, Jamaica, and the British Empire more broadly. Deploying diverse sources including letters, interviews, press reports, convict records, and social media, contributors canvas important themes such as slavery, convicts, policing, landlordism, print culture, loyalism, nationalism, sectarianism, politics, and electronic media. A range of perspectives including Catholic and Protestant men and women, convicts, and settlers are included, and the volume is accompanied by a range of striking images.

British North America in the Seventeenth and Eighteenth Centuries Stephen Foster, 2016-11-10. Until relatively recently, the connection between British imperial history and the history of early America was taken for granted. In recent times, however, early American historiography has begun to suffer from a loss of coherent definition as competing manifestos demand various reorderings of the subject in order to combine time periods and geographical areas in ways that would have previously seemed anomalous. It has also become common place to announce that the history of America is best accounted for in America itself in a three-way melee between settlers, the indigenous populations, and the forcibly transported African slaves and their creole descendants. The contributions to *British North America in the Seventeenth and Eighteenth Centuries* acknowledge the value of the historiographic work done under this new dispensation in the last two decades and incorporate its insights. However, the volume advocates a pluralistic approach to the subject generally and attempts to demonstrate that the metropolitan power was of more than secondary importance to America in the seventeenth and eighteenth centuries. The central theme of this volume is the question to what extent did it make a difference to those living in the colonies that made up British North America in the seventeenth and eighteenth centuries that they were part of an empire and that the empire in question was British. The contributors, some of the leading scholars in their respective fields, strive to answer this question in various social, political, religious, and historical contexts.

Crisis and Resilience in the Bristol-West India Sugar Trade, 1783-1802 Peter Buckles, 2023-12-15. Additional resources for this book are available on our Manifold site, which can be accessed via <https://liverpooluniversitypress.manifoldapp.org/projects/crisis-and-resilience>. How did merchants deal with crises? From warfare to financial upheaval, from political machinations to the abolition of the slave trade, merchants and their networks in the eighteenth century faced a range of challenges. But they also demonstrated remarkable resilience. Providing new levels of detail on Britain's sugar trade, this authoritative account explores how Bristol's sugar merchants embodied cogs in the plantation machine, using their position of influence in Britain to maintain the production of sugar and violent systems of enslavement. It demonstrates how, as shipowners, these merchants protected their shipping, led the organisation of convoys, and took advantage of cheapening insurance. It reveals the inner workings of the sugar market and the strategies merchants used to remain profitable, showing how merchants navigated the transitions between peace and war. Finally, it uncovers their

methods for managing credit and safeguarding their investments Throughout the nature of commerce in the eighteenth century is analysed in detail from business networks to bills of exchange Demonstrating meticulous interdisciplinary research and thorough analysis of merchant business records this book speaks broadly to the nature and experience of crisis in the eighteenth century and what this meant for the burgeoning systems of capitalism Pathways from Slavery Seymour Drescher,2018-01-03 Seymour Drescher s regular deeply thought and carefully nuanced arguments have periodically reshaped how we think of the subject of the history of slavery itself He has discussed the impact of economic and cultural factors on human behaviour and has shown that historical evidence does not lead to easy answers He has changed the way in which we now look at abolitionism and has destroyed the linear explanation of economic decline This books gathers together some of Drescher s key essays in the field *The Atlantic World* D'Maris Coffman,Adrian Leonard,William O'Reilly,2014-12-05 As the meeting point between Europe colonial America and Africa the history of the Atlantic world is a constantly shifting arena but one which has been a focus of huge and vibrant debate for many years In over thirty chapters all written by experts in the field The Atlantic World takes up these debates and gathers together key original scholarship to provide an authoritative survey of this increasingly popular area of world history The book takes a thematic approach to topics including exploration migration and cultural encounters In the first chapters scholars examine the interactions between groups which converged in the Atlantic world such as slaves European migrants and Native Americans The volume then considers questions such as finance money and commerce in the Atlantic world as well as warfare government and religion The collection closes with chapters examining how ideas circulated across and around the Atlantic and beyond It presents the Atlantic as a shared space in which commodities and ideas were exchanged and traded and examines the impact that these exchanges had on both people and places Including an introductory essay from the editors which defines the field and lavishly illustrated with paintings drawings and maps this accessible volume is invaluable reading for all students and scholars of this broad sweep of world history Transatlantic Abolitionism in the Age of Revolution J. R. Oldfield,2013-08-08 An in depth comparative study of transatlantic abolitionism in the late eighteenth and early nineteenth centuries **The Plantation Machine** Trevor Burnard,John Garrigus,2016-06-21 Jamaica and Saint Domingue were especially brutal but conspicuously successful eighteenth century slave societies and imperial colonies Trevor Burnard and John Garrigus trace how the plantation machine developed between 1748 and 1788 and was perfected against a backdrop of almost constant external war and imperial competition *Understanding U.S. Military Conflicts through Primary Sources* James R. Arnold,Roberta Wiener,2015-11-12 An easily accessible resource that showcases the links between using documented primary sources and gaining a more nuanced understanding of military history Primary source analysis is a valuable tool that teaches students how historians utilize documents and interpret evidence from the past This four volume reference traces key decisions in U S military history from the Revolutionary War through the 21st century conflicts in Afghanistan and Iraq

by examining documents relating to military strategy and national policy judgments by U S military and political leaders A comprehensive introductory essay provides readers with the context necessary to understand the relationship between diplomatic documents military correspondence and other documentation related to events that shaped warfare diplomacy and military strategy Once the stage is set the work covers 14 conflicts that are significant to U S history Treatment of each of the conflicts begins with a historical overview followed by a chronology and approximately 30 primary source documents presented in chronological order Each document is accompanied by a description and annotations and by an analysis that highlights its importance to the event or topic under discussion Designed for secondary school and college students the work will be exceptionally valuable to teachers who will appreciate the ready made lessons that fit directly into core curriculum standards

The King's Three Faces Brendan McConville, 2012-12-01 Reinterpreting the first century of American history Brendan McConville argues that colonial society developed a political culture marked by strong attachment to Great Britain's monarchs This intense allegiance continued almost until the moment of independence an event defined by an emotional break with the king By reading American history forward from the seventeenth century rather than backward from the Revolution McConville shows that political conflicts long assumed to foreshadow the events of 1776 were in fact fought out by factions who invoked competing visions of the king and appropriated royal rites rather than used abstract republican rights or pro democratic proclamations The American Revolution McConville contends emerged out of the fissure caused by the unstable mix of affective attachments to the king and a weak imperial government Sure to provoke debate *The King's Three Faces* offers a powerful counterthesis to dominant American historiography

Tropical Leviathan Aaron Graham, 2025-01-24 The colonial Jamaican state was immensely wealthy but it was a society consumed by fear The White population feared the possibility of enslaved rebellion and foreign invasion and the Black population feared their cruel treatment as overworked labourers on Jamaica's brutal but economically productive sugar plantations With the wealthy White population investing heavily in security to protect themselves from the rebelling enslaved majority it was a society at war The wealth of the plantation system meant that White Jamaicans and their imperial representatives were able to secure the finances for this until the last decade of the eighteenth century By the early nineteenth century however the cost was proving increasingly burdensome and the great slave rebellion of 1831-32 proved fatal to the financial and political viability of the colonial state leading to emancipation in the mid 1830s *Tropical Leviathan* re-evaluates the political and economic history of the colonial Jamaican state in the tumultuous age of revolution and abolition With a large body of previous unknown data it provides empirical evidence of a functioning colonial state that contrary to previous interpretations was far from declining in the years immediately before the abolition of the slave trade in 1807 Aaron Graham provides in depth analysis of the ways in which Jamaica's economy attempted but eventually failed to provide the resources that would maintain Jamaica as a functioning plantation state and explains how the cost of securing the colonial state against enslaved

opposition eventually led to near state bankruptcy and to enslaved emancipation *Tropical Leviathan* is a comprehensive study of the complex intersections between slavery and security in a slave society and an important re evaluation of Jamaica in the age of revolution and abolition The making breaking and remaking of the colonial state emerges as key in the rise and fall of slavery in Jamaica

Empire Divided The American Revolution And The British Caribbean Introduction

In the digital age, access to information has become easier than ever before. The ability to download Empire Divided The American Revolution And The British Caribbean has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Empire Divided The American Revolution And The British Caribbean has opened up a world of possibilities. Downloading Empire Divided The American Revolution And The British Caribbean provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Empire Divided The American Revolution And The British Caribbean has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Empire Divided The American Revolution And The British Caribbean. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Empire Divided The American Revolution And The British Caribbean. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Empire Divided The American Revolution And The British Caribbean, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Empire Divided The American Revolution And The British Caribbean has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for

students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Empire Divided The American Revolution And The British Caribbean Books

1. Where can I buy Empire Divided The American Revolution And The British Caribbean books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
