EMPIRE OF CONSPIRACY

NY 100-129302

Careful consideration has been given to the selection of the person we would attempt to develop as a source. There are 17 Security Index subjects employed by the "New York Times", in low level positions, mostly as proofreaders. In addition, [REDACTED], is listed on a caution card in the NYO. He wrote a critical review of one of the Director's books.

The NYO does not recommend contacting [REDACTED] who is writing the article to appear 10/21/51, as he may be identical with [REDACTED].

New York has no recent information on either of these subjects but the latter was [REDACTED] and the former was a [REDACTED] socialist, so either may be identical with the [REDACTED] now employed by the Times.

The NYO believes the most logical person to approach for development [REDACTED] would be [REDACTED].

THE CULTURE OF PARANOIA IN POSTWAR AMERICA

He was found to be friendly and cooperative. In addition, he would be in a position to use information supplied by us without the approval or knowledge of anyone else.

There are many identical references to [REDACTED] in the NYO indices that apparently came about as a result of his employment. These references are as follows:

Empire Of Conspiracy The Culture Of Paranoia In Postwar America:

Empire of Conspiracy Timothy Melley, 2016-12-01 Why Timothy Melley asks have paranoia and conspiracy theory become such prominent features of postwar American culture In *Empire of Conspiracy* Melley explores the recent growth of anxieties about thought control assassination political indoctrination stalking surveillance and corporate and government plots At the heart of these developments he believes lies a widespread sense of crisis in the way Americans think about human autonomy and individuality Nothing reveals this crisis more than the remarkably consistent form of expression that Melley calls agency panic an intense fear that individuals can be shaped or controlled by powerful external forces Drawing on a broad range of forms that manifest this fear including fiction film television sociology political writing self help literature and cultural theory Melley provides a new understanding of the relation between postwar American literature popular culture and cultural theory *Empire of Conspiracy* offers insightful new readings of texts ranging from Joseph Heller's *Catch 22* to the *Unabomber Manifesto* from Vance Packard's *Hidden Persuaders* to recent addiction discourse and from the stalker novels of Margaret Atwood and Diane Johnson to the conspiracy fictions of Thomas Pynchon William Burroughs Don DeLillo and Kathy Acker Throughout Melley finds recurrent anxieties about the power of large organizations to control human beings These fears he contends indicate the continuing appeal of a form of individualism that is no longer wholly accurate or useful but that still underpins a national fantasy of freedom from social control

Truth to Post-Truth in American Detective Fiction David Riddle Watson, 2021-10-25 *Truth to Post Truth in American Detective Fiction* examines questions of truth and relativism turning to detectives both real and imagined from Poe's C Auguste Dupin to Robert Mueller to establish an oblique history of the path from a world where not believing in truth was unthinkable to the present where it is common to believe that objective truth is a remnant of a simpler more naive time Examining detective stories both literary and popular including hard boiled postmodern and twenty first century novels the book establishes that examining detective

fiction allows for a unique view of this progression to post truth since the detective's ultimate job is to take the reader from doubt to belief David Riddle Watson shows that objectivity is intersubjectivity arguing that the belief in multiple worlds is ultimately what sustains the illusion of relativism **Postwall German Cinema** Mattias Frey,2013-05-01 Since the fall of the Berlin Wall there has been a proliferation of German historical films These productions have earned prestigious awards and succeeded at box offices both at home and abroad where they count among the most popular German films of all time Recently however the country's cinematic take on history has seen a significant new development the radical style content and politics of the New German Cinema With in depth analyses of the major trends and films this book represents a comprehensive assessment of the historical film in today's Germany Challenging previous paradigms it takes account of a postwall cinema that complexly engages with various historiographical forms and above all with film history itself

Paul Robeson and the Cold War Performance Complex Tony Perucci, 2012-04-18 Actor and singer Paul Robeson's performances in *Othello*, *Show Boat* and *The Emperor Jones* made him famous but his midcentury appearances in support of causes ranging from labor and civil rights to antilynching and American warmongering made him notorious When Robeson announced at the 1949 Paris Peace Conference that it was unthinkable for blacks to go to war against the Soviet Union the mainstream American press declared him insane Notions of Communism blackness and insanity were interchangeably deployed during the Cold War to discount activism such as Robeson's just a part of an array of social and cultural practices that author Tony Perucci calls the Cold War performance complex Focusing on two key Robeson performances the concerts in Peekskill New York in 1949 and his appearance before the House Committee on Un-American Activities in 1956 Perucci demonstrates how these performances and the government's response to them are central to understanding the history of Cold War culture in the United States His book provides a transformative new perspective on how the struggle over the politics of performance in the 1950s was also a domestic struggle over freedom and equality The book closely examines both of these performance events as well as artifacts from Cold War culture including congressional documents FBI files foreign policy papers the popular literature on mental illness and government propaganda films to study the operation of power and
