Empire Without Tears Americas Foreign Relations 1921 1933:

Empire Without Tears Warren I. Cohen, 1987 The History of American Foreign Policy from 1895 Jerald A. Combs, 2017-07-28 First Published in 2017 Now thoroughly updated this respected text provides a clear concise and affordable narrative and analytical history of American foreign policy from the revolutionary period to the present This is Volume II and is from 1895 The historiographical essays at the end of each chapter have been revised to reflect the most recent scholarship The History of American Foreign Policy chronicles events and policies with emphasis on the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves

History of American Foreign Policy, Volume 2 Jerald A Combs, 2017-07-28 First Published in 2017 Now thoroughly updated this respected text provides a clear concise and affordable narrative and analytical history of American foreign policy from the revolutionary period to the present This is Volume II and is from 1895 The historiographical essays at the end of each chapter have been revised to reflect the most recent scholarship The History of American Foreign Policy chronicles events and policies with emphasis on the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves

United States Foreign Policy in the Interwar Period, 1918-1941 Benjamin Rhodes, 2001-07-30 This study presents an in depth survey of the principal policies and personalities of American diplomacy of the era together with a discussion of recent historiography in the field For two decades between the two world wars America pursued a foreign policy course that was according to Rhodes shortsighted and self centered Believing World War I had been an aberration Americans na Dively signed disarmament treaties and a pact renouncing war while eschewing such inconveniences as enforcement machinery or participation in international organizations Smug moral superiority a penurious desire to save money and na vet ultimately led to the neglect of America s armed forces even as potential rivals were arming themselves to the teeth In contrast to the dynamic drive of the New Deal in domestic policy foreign policy under Franklin D Roosevelt was often characterized by a lack of clarity and reflecting Roosevelt s fear of isolationists and pacifists by presidential explanations that were frequently evasive incomplete or deliberately misleading One of the period s few

successes was the bipartisan Good Neighbor policy which proved far sighted commercially and strategically Rhodes praises Cordell Hull as the outstanding secretary of state of the time whose judgment was often more on target than others in the State Department and the executive branch *American Foreign Relations Reconsidered* Gordon Martel,2002-11 Brings together 12 scholars of US foreign relations Each contributor provides a concise summary of an important theme in US affairs since the Spanish American War US policy process economic interests relations with the Third World and the nuclear arms race have been highlighted **The United States and the Rise of Tyrants** Lawrence E. Gelfand,John Day Tully,2019-10-29 Nationalist dictatorships proliferated around the world during the interwar years of the 1920s and 1930s Policymakers in Washington D C reasoning that non Communist regimes were not necessarily a threat to democracy or national interests found it expedient to support them People living under these governments associated the United States with their oppressors with long term negative consequences for U S policy American policymakers were primarily concerned with fostering stability in these countries The dictatorships eager to maintain political order and create economic growth looked to American corporations and bankers whose heavy investments cemented the need to support the regimes Through an examination of consular records in nine countries the author describes the logistics and consequences of these relationships *The Currents of War* Sidney L. Pash,2014-01-28 From 1899 until the American entry into World War II U S presidents sought to preserve China s territorial integrity in order to guarantee American businesses access to Chinese markets a policy famously known as the open door Before the Russo Japanese War in 1904 Americans saw Japan as the open door s champion but by the end of 1905 Tokyo had replaced St Petersburg as its greatest threat For the next thirty six years successive U S administrations worked to safeguard China and contain Japanese expansion on the mainland The Currents of War reexamines the relationship between the United States and Japan and the casus belli in the Pacific through a fresh analysis of America s central foreign policy strategy in Asia In this ambitious and compelling work Sidney Pash offers a cautionary tale of oft repeated mistakes and miscalculations He demonstrates how continuous economic competition in the Asia Pacific region heightened tensions between Japan and the United States for decades eventually leading to the attack on Pearl Harbor on December 7 1941 Pash s study is the first full reassessment of pre World War II American Japanese diplomatic relations in nearly three decades It examines not only the ways in which U S policies led to war in the Pacific but also how this conflict gave rise to later confrontations particularly in Korea and Vietnam Wide ranging and meticulously researched this book offers a new perspective on a significant international relationship and its enduring consequences

Friends Or Foes? Norman E. Saul,2006 With Friends or Foes Norman Saul continues his monumental multivolume magnum opus on U S Russian relations over the course of 200 years This fourth volume provides the first comprehensive study in any language of an era that shaped the rest of the century and captures the major changes in relations between two nations on the verge of becoming dominant global powers Among other things Saul examines the rationale for America s

failure to recognize the Soviet government through the early 1930s analyzing the impact of the Red Scare and the roles of the State Department Russian migr s religious groups and key individuals like Charles Evans Hughes Robert Kelley Herbert Hoover Boris Skvirsky Olga Kameneva and Maxim Litvinov on the policy process In addition he recalls the American Relief Administration s gigantic effort to help Russian peasants and garners new material from American business records on concession arrangements and commerce and on Soviet responses during the first Five Year Plan He also records travelers impressions cultural exchange and the role of academia in each country particularly the contribution of Russian migr scholars to American education and the contributions of American journalists in Russia Saul also reveals the tendency on both sides to preserve an atmosphere of secrecy conducting business behind closed doors and rarely on paper His prodigious research in the Hoover Presidential Library the Franklin Roosevelt Library and the Hoover Institution at Stanford University incorporating overlooked Diplomat Post Records and featuring an interview with George Kennan on his diplomatic role has yielded a wealth of new insights into what really happened during a period in the history of the relations between the two countries that remains mysterious and controversial Breaking new ground in diplomatic economic social and cultural history Saul s book illuminates both the mutual fascination that briefly permitted peaceful coexistence and eventual alliance and the ideological battles that ultimately led to the Cold War

Power without Victory Trygve Throntveit, 2017-07-15 For decades Woodrow Wilson has been remembered as either a paternalistic liberal or reactionary conservative at home and as a na ve idealist or cynical imperialist abroad Historians harsh judgments of Wilson are understandable He won two elections by promising a deliberative democratic process that would ensure justice and political empowerment for all Yet under Wilson Jim Crow persisted interventions in Latin America increased and a humiliating peace settlement was forced upon Germany A generation after Wilson stark inequalities and injustices still plagued the nation myopic nationalism hindered its responsible engagement in world affairs and a second vastly destructive global conflict threatened the survival of democracy worldwide leaving some Americans today to wonder what exactly the buildings and programs bearing his name are commemorating In Power without Victory Trygve Throntveit argues that there is more to the story of Wilson than these sad truths Throntveit makes the case that Wilson was not a Wilsonian as that term has come to be understood but a principled pragmatist in the tradition of William James He did not seek to stamp American style democracy on other peoples but to enable the gradual development of a genuinely global system of governance that would maintain justice and facilitate peaceful change a goal that contrary to historical tradition the American people embraced In this brilliant intellectual cultural and political history Throntveit gives us a new vision of Wilson as well as a model of how to think about the complex relationship between the world of ideas and the worlds of policy and diplomacy

Prelude to Pearl Harbor John Gripenrot, 2021-03-04 In this absorbing account of the origins of the Asia Pacific War historian John Gripenrot argues that competing ideologies of world order chiefly the rift between liberal internationalism and Pan Asian regionalism lay at the heart of the conflict Drawing from

a rich diversity of primary and secondary sources the author also examines the Japanese government's vigorous cultural diplomacy in the U S which sought to win over American hearts and minds and soft pedal its imperialist ambitions in Asia The result is a book that both challenges and amplifies standard interpretations of US Japan relations in the interwar era while weaving diplomatic political intellectual and cultural history Moreover the author's wide angle lens offers readers insights into a fascinating assemblage of historical actors from Japanese and American diplomats politicians and military leaders to cosmopolitan art enthusiasts and major league baseball players

A Companion to Warren G. Harding, Calvin

Coolidge, and Herbert Hoover Katherine A.S. Sibley, 2014-07-22 With the analysis of the best scholars on this era 29 essays demonstrate how academics then and now have addressed the political economic diplomatic cultural ethnic and social history of the presidents of the Republican Era of 1921 1933 Harding Coolidge and Hoover This is the first historiographical treatment of a long neglected period ranging from early treatments to the most recent scholarship Features review essays on the era including the legacy of progressivism in an age of normalcy the history of American foreign relations after World War I and race relations in the 1920s as well as coverage of the three presidential elections and a thorough treatment of the causes and consequences of the Great Depression An introduction by the editor provides an overview of the issues

background and historical problems of the time and the personalities at play

Charles Evans Hughes and the Dawning of Modern America Joanne Reitano, 2025-07-15 In the first full life biographical study of Charles Evans Hughes in over seventy years Joanne Reitano provides a fresh assessment of Hughes's distinguished multifaceted public service during the first half of the twentieth century His exceptional career includes the roles of governor of New York 1906 1910 associate justice and presidential candidate 1910 1916 secretary of state 1921 1925 and chief justice of the Supreme Court 1930 1941 A household name in his own time Hughes challenged bossism in New York politics championed post World War I internationalism and brokered the world's first arms limitation agreement On the Supreme Court he was instrumental in modernizing legal doctrines concerning the interstate commerce clause substantive due process and civil liberties Reitano unpacks the seemingly paradoxical nature of Hughes's political and legal careers arguing that he was neither radical nor reactionary but a structural reformer and a practical idealist who significantly impacted the nation's transition into the twentieth century Drawing on a wealth of sources Reitano's work will be the definitive account of Charles Evans Hughes for years to come

Private Aid, Political Activism Aelwen D. Wetherby, 2017-06-01 This book explores American medical relief to Spain and China in the 1930s and 1940s as responses to the Spanish Civil War and the Second Sino Japanese War Although serving vastly different peoples in strikingly distant landscapes the three aid organizations focused on here illustrate a transition in how Americans responded to foreign conflict and how humanitarian aid was used as a political tool The story of these small and relatively unknown organizations can help refine historical understanding of the development of humanitarianism and the evolution of global citizenship in the twentieth century

The Great War and American Foreign

Policy, 1914-24 Robert E. Hannigan, 2017 In *The Great War and American Foreign Policy 1914 1924* Robert E Hannigan challenges the conventional belief that the United States entered World War I only because its hand was forced and disputes the claim that Washington was subsequently driven by a desire to make the world safe for democracy **American Presidential Statecraft** Ronald E. Powaski, 2017-04-04 This book examines the presidency in twentieth century America and explores why some presidents succeed as makers of U S foreign policy while others fail sometimes tragically It explores each president s ability to apply his skills to a foreign policy issue in the face of opposition that may come from a variety of sources including the Congress the Pentagon the State Department the press and often their own in house advisers This volume in particular focuses on Theodore Roosevelt Woodrow Wilson Herbert Hoover Franklin D Roosevelt and Harry Truman **The Age of Empires** Robert Aldrich, 2020-06-23 The critical story of thirteen empires showing their key role in the foundation of today s global civilization For over five hundred years empires have been a feature of the political landscape and today many contemporary conflicts resonate with issues tied to colonial conquest and the uneasy situations they produced Empires evoke potent images Henry Morton Stanley David Livingstone and the gallery of colonial explorers the Spanish conquistadors quest for gold and silver and the Dutch heritage of trade in the East Indies These legacies still pose major issues for historians who study their key role in the foundation of today s global civilization *The Age of Empires* frames the era of empires with maps of explorations chronologies of voyages records of settlers and administrators the balance sheets of commerce and other records that made up the Age of Empires This account incorporates research from across the globe and vivid illustrations to tell a story full of conflict cruelty great journeys and influence *The Unquiet Frontier* Jakub J. Grygiel, A. Wess Mitchell, 2017-08-15 How America s vulnerable frontier allies and American power are being targeted by rival nations From the Baltic to the South China Sea newly assertive authoritarian states sense an opportunity to resurrect old empires or build new ones at America s expense Hoping that U S decline is real nations such as Russia Iran and China are testing Washington s resolve by targeting vulnerable allies at the frontiers of American power *The Unquiet Frontier* explains why the United States needs a new grand strategy that uses strong frontier alliance networks to raise the costs of military aggression in the new century Jakub Grygiel and Wess Mitchell describe the aggressive methods rival nations are using to test U S power in strategically critical regions throughout the world They show how rising and revisionist powers are putting pressure on our frontier allies countries like Poland Israel and Taiwan to gauge our leaders commitment to upholding the U S led global order To cope with these dangerous dynamics nervous U S allies are diversifying their national security menu cards by beefing up their militaries or even aligning with their aggressors Grygiel and Mitchell reveal how numerous would be great powers use an arsenal of asymmetric techniques to probe and sift American strength across several regions simultaneously and how rivals and allies alike are learning from America s management of increasingly interlinked global crises to hone effective strategies of their own *The Unquiet Frontier* demonstrates why the United States must strengthen the international order

that has provided greater benefits to the world than any in history A Companion to 20th-Century America Stephen J. Whitfield, 2008-04-15 A Companion to 20th Century America is an authoritative survey of the most important topics and themes of twentieth century American history and historiography Contains 29 original essays by leading scholars each assessing the past and current state of American scholarship Includes thematic essays covering topics such as religion ethnicity conservatism foreign policy and the media as well as essays covering major time periods Identifies and discusses the most influential literature in the field and suggests new avenues of research as the century has drawn to a close

Encyclopedia of the Jazz Age: From the End of World War I to the Great Crash James Ciment, 2015-04-08 This illustrated encyclopedia offers in depth coverage of one of the most fascinating and widely studied periods in American history Extending from the end of World War I in 1918 to the great Wall Street crash in 1929 the Jazz age was a time of frenetic energy and unprecedented historical developments ranging from the League of Nations woman suffrage Prohibition the Red Scare the Ku Klux Klan the Lindberg flight and the Scopes trial to the rise of organized crime motion pictures and celebrity culture Encyclopedia of the Jazz Age provides information on the politics economics society and culture of the era in rich detail The entries cover themes personalities institutions ideas events trends and more and special features such as sidebars and photos help bring the era vividly to life **Isolationism** Charles A. Kupchan, 2020-09-01 The first book to tell the full story of American isolationism from the founding era through the Trump presidency In his Farewell Address of 1796 President George Washington admonished the young nation to steer clear of permanent alliances with any portion of the foreign world Isolationism thereafter became one of the most influential political trends in American history From the founding era until the Japanese attack on Pearl Harbor the United States shunned strategic commitments abroad making only brief detours during the Spanish American War and World War I Amid World War II and the Cold War Americans abandoned isolationism they tried to run the world rather than run away from it But isolationism is making a comeback as Americans tire of foreign entanglement In this definitive and magisterial analysis the first book to tell the fascinating story of isolationism across the arc of American history Charles Kupchan explores the enduring connection between the isolationist impulse and the American experience He also refurbishes isolationism's reputation arguing that it constituted dangerous delusion during the 1930s but afforded the nation clear strategic advantages during its ascent Kupchan traces isolationism's staying power to the ideology of American exceptionalism Strategic detachment from the outside world was to protect the nation's unique experiment in liberty which America would then share with others through the power of example Since 1941 the United States has taken a much more interventionist approach to changing the world But it has overreached prompting Americans to rediscover the allure of nonentanglement and an America First foreign policy The United States is hardly destined to return to isolationism yet a strategic pullback is inevitable Americans now need to find the middle ground between doing too much and doing too little

Empire Without Tears Americas Foreign Relations 1921 1933 Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has are more evident than ever. They have the capacity to inspire, provoke, and ignite change.
