Disparaged Success Ikuo Kume, 2018-09-05 Japanese scholars have begun to challenge conventional wisdom about effective labor organizing and Ikuo Kume has written the first book in English to advance their controversial theory Since at least the early 1980s the power of organized labor has weakened in most advanced industrial countries The decline of organized labor has coincided with the decentralization of labor management relations As a result most observers assume that decentralized labor is destined to lose power in a capitalist economy and that enterprise unions will tend to be docile and powerless Kume documents the one notable exception The Japanese trade union confederation has steadily grown in importance expanding its scope beyond individual companies to national policy making Kume traces the achievements of enterprise unionism in private firms Labor he argues slowly gained legitimate corporate membership by establishing joint institutions with management By the 1960s labor management councils stimulated by foreign competition had become a widespread feature of Japanese industry Soon unions were regular participants in the government deliberation councils and in the information exchange that shaped policy when inflation hit the Japanese economy The unions had become a full partner by the 1980s and were crucially involved in the 1993 defeat of the Liberal Democratic Party after thirty eight years of rule *Job Quality and Employer Behaviour* S. Bazen, C. Lucifora, W. Salverda, 2005-08-05 This book takes a fresh look at the issue of job quality analyzing employer behaviour and discussing the agenda for policy intervention Between 1997 and 2002

more than twelve million new jobs were created in the European Union and labour market participation increased by more than eight million. Whilst a good deal of these new jobs have been created in high tech and/or knowledge intensive sectors providing workers with decent pay, job security, training and career development prospects, a significant share of jobs, particularly in labour intensive service sector industries, fail to do so. This volume provides new perspectives on this highly debated and policy relevant issue.
