En Hommage A Michel Decaudin:

Modern Visual Poetry Willard Bohn, 2001 Far from frivolous playthings modern visual poems represent serious experiments Together with other members of the avant grade the visual poets sought to restructure the basic vision of reality that they inherited from their predecessors This statement describes contemporary visual poets as well who like their earlier colleagues strive to say things that are more meaningful in ways that are more meaningful **BOOK JACKET** *Reading Apollinaire's Calligrammes* Willard Bohn, 2018-01-25 *Reading Apollinaire's Calligrammes* examines Guillaume Apollinaire's second major collection of poetry Composed between 1913 and 1918 the nineteen poems examined here fall into two main groups the experimental poetry and the war poetry They also provide glimpses of the poet's personal history from his affair with Louise de Coligny Ch tillon to his engagement to Madeleine Pag s and his marriage with Jacqueline Kolb Each section examines all of the previous scholarship for the work in question provides a detailed analysis and in many cases offers a new interpretation Each poem is subjected to a meticulous line by line analysis in the light of current knowledge *Authority in Crisis in French Literature, 1850-1880* Seth Whidden, 2016-04-15 By the 1850s the expansion of printing and distribution technologies provided writers with more readers and literary outlets than ever before while the ever changing political contexts occasioned by the revolutions of 1830 and 1848 brought about differing degrees of political social and literary censure and pressure Seth Whidden examines crises of literary authority in nineteenth century French literature both in response to the attempts of the Second Empire 1852 1870 to restore the unquestioned imperial authority that had been established by Napoleon I and in the aftermath of the bloody Paris Commune of 1871 In each of his chapters Whidden offers a representative case study highlighting one of several phenomena literary collaboration parody destabilized poetic form the substitution of one poetic or narrative voice with that of the man that enabled challenges to the traditional status of the writer and by extension the political authority that it reflected Whidden focuses on the play *Le Supplice d'une femme* 1865 the Cercle Zutiste a group of writers musicians and artists who met regularly in the fall of 1871 only months after the fall of the Second Empire Arthur Rimbaud's Commune era poems and Jules Verne's 1851 *Un voyage en ballon* later reprinted as *Un drame dans les airs* in 1874 Whidden concludes with a futuristic look at authority and aucturity as it pertains to midcentury writers taking stock of the weakened authority still possible in a post Second Empire France and envisioning what kind of aucturity is still to come **Reading Apollinaire's Alcools** Willard Bohn, 2016-10-27 Reviewing the previous scholarship for seventeen of the most important poems in *Alcools* this book provides a detailed analysis of each work and includes a state of the art survey of current Apollinaire criticism Besides acquainting readers with the existing scholarship the book considers all the interpretations that have been proposed and indicates profitable directions to pursue Each poem is subjected to a rigorous line by line analysis that engages in a succession of dialogues with previous critics The studies themselves are arranged in roughly chronological order beginning with the Rh nanes in 1901 1902 and concluding with *Zone* in 1912

Although each chapter is basically conceived as an independent unit readers are able to follow the evolution of Apollinaire's aesthetics from his first mature creations through his subsequent experiments with fantastic hermetic visionary and cubist poetry. At the same time they witness Apollinaire's personal evolution from his infatuation with Annie Playden through a period of deep depression his love affair with Marie Laurencin and the aftermath of that relationship. *The Oxford Critical and Cultural History of Modernist Magazines* Peter Brooker, Andrew Thacker, 2009 The first full study of the role of little magazines and their contribution to the making of artistic modernism and the avant garde across Europe this volume is a major scholarly achievement of immense value to those interested in material culture of the twentieth century. *Poetry at Stake* Carrie Noland, 2021-03-09 Taking seriously Guillaume Apollinaire's wager that twentieth century poets would one day mechanize poetry as modern industry has mechanized the world Carrie Noland explores poetic attempts to redefine the relationship between subjective expression and mechanical reproduction high art and the world of things Noland builds upon close readings to construct a tradition of diverse lyricists from Arthur Rimbaud Blaise Cendrars and Ren Char to contemporary performance artists Laurie Anderson and Patti Smith allied in their concern with the nature of subjectivity in an age of mechanical reproduction. *Translating Apollinaire* Clive Scott, 2015-04-01 Translating Apollinaire delves into Apollinaire's poetry and poetics through the challenges and invitations it offers to the process of translation Besides providing a new appraisal of Apollinaire the most significant French poet of WWI Translating Apollinaire aims to put the ordinary reader at the centre of the translational project It proposes that translation's primary task is to capture the responses of the reader to the poetic text and to find ways of writing those responses into the act of translation Every reader is invited to translate and to translate with a creativity appropriate to the complexity of their own reading experiences Throughout Scott himself consistently uses the creative resource of photography and more particularly photographic fragments as a cross media language used to help capture the activity of the reading consciousness. **Recueil en hommage à la mémoire d'Yves-Alain Favre** Centre de recherches sur la poésie contemporaine, 1993-01-01 T00:00:00+01:00 Yves Alain Favre est mort à l'âge de 55 ans le 3 juillet 1992 Auteur de nombreuses études sur la littérature française notamment sur Suar's Supervielle Saint John Perse et Marcel Breu il avait fondé en 1981 l'Université de Pau le Centre de Recherches sur la Poésie Contemporaine devenu un lieu de rencontres internationales Poètes et chercheurs se sont réunis ici pour lui rendre hommage Par les textes inédits qu'ils lui dédièrent Marcel Breu Yves Bonnefoy Lorand Gaspar Philippe Jaccottet Jean Mambrino Pierre Oster Jean Claude Renard Salah Stet et Jean Vincent Verdonnet témoignent des liens qu'il avait tissés avec les poètes Le volume rassemble galement une vingtaine d'études sur la poésie au XXe siècle parmi lesquelles des approches de Max Jacob Segalen Yves Bonnefoy Jean Tardieu ou Jacques Roubaud. **Homage to Theatre Marcel Cinema television Tariol, The Cubist Painters** Guillaume Apollinaire, Peter Read, 2002 Guillaume Apollinaire's only book on art The Cubist Painters was first published in

1913 This collection of essays and reviews explores the theory and psychology of cubism featuring noted exponents of the oeuvre such as Picasso Braque Metzinger and Duchamp Understanding French Poetry Stamos Metzidakis, 2001

Textual Spaces Andrew Rothwell, 1989 **French Twentieth Bibliography** Douglas W. Alden, Peter C. Hoy, 1992-04

This series of bibliographical references is one of the most important tools for research in modern and contemporary French literature No other bibliography represents the scholarly activities and publications of these fields as completely *The Art Book Tradition in Twentieth-Century Europe* Kathryn Brown, 2017-07-05

Investigating the complex history of visual art's engagement with literature this collection demonstrates that the art of the book is a fully interdisciplinary and distinctly modern form The essays in the collection develop new critical approaches to the analysis of twentieth century bookworks and explore ways in which European writers and painters challenged the boundary between visual and linguistic expression in the content production and physical form of books The Art Book Tradition in Twentieth Century Europe offers a detailed examination of word image relations in forms ranging from the livre d'artiste to personal diaries and almanacs It analyzes innovative attempts to challenge familiar hierarchies between texts and images to fuse different expressive media and to reconceptualize traditional notions of ekphrasis Giving consideration to the material qualities of books the works discussed in this collection also test and celebrate the act of reading while locating it in the context of other sensory experiences Essays examine works by Dufy Matisse Beckett Kandinsky Braque and Ponge among other European artists and writers active during the twentieth century **Henri Michaux** Nina Parish, 2007 Henri Michaux is both a recognised poet and visual artist arguably one of the greatest double artists of the twentieth century This book presents the first detailed examination of a particular interdisciplinary aspect of his production namely the innovative experimentation with signs contained in four works *Mouvements Par la voie des rythmes Saisir* and *Par des traits* Questions arise concerning their literary and visual status as in their attempt to render interior rhythm and dynamism they occupy an interstitial space between writing and drawing between the book and the canvas between the Western alphabet and Chinese characters This study addresses these questions by analysing the conception production and reception of Michaux's signs and the literary and artistic contexts in which they were produced *Guillaume Apollinaire* Mark W. Waggoner, 1994 **Apollinaire and the International Avant-Garde** Willard Bohn, 1997-01-01

This literary history examines Guillaume Apollinaire's reception and influence in the Western hemisphere during the early twentieth century It identifies and reconstructs major literary and art historical paths of development about which surprisingly little is known In particular it discusses Apollinaire's reception and formative influence in North America England Germany Spain Argentina and Mexico and includes important documents by Apollinaire himself that have not appeared in print until now Bohn brings together a worldwide network of writers artists and critics to reveal the role and centrality of Apollinaire as the icon of Parisian modernism cult figure of the avant garde poet with a new series of techniques esthetician of the New innovator of modern culture and literary and cultural arbiter of his generation

This is Rezeptionsesthetik in its most intense form It is the definitive reference book for checking on who had any dealings with Apollinaire the man or his work and French modernism in English German Spanish or Catalan linguistic and cultural domains in both the Old and New Worlds Bohn's translations from the various languages he commands are superb and prove that he is always working from source material His text is simply a tour de force a virtuoso performance Seth L Wolitz University of Texas Austin Given the centrality of French poetry for European and New World poetry since Baudelaire one simply cannot overstate Apollinaire's role in the evolution of the most advanced poetry written throughout Europe and North and South America since circa 1900 However no one before has tracked his impact on avant garde circles outside France with so much attention to the specifics involved Bohn has emerged as the dean of Apollinaire studies in North America thus everything he has to say about the poet has the ring of absolute authority Robert W Greene State University of New York Albany
