**La teoría social latinoamericana: La centralidad del marxismo** Ruy Mauro

Marini,Márgara Millán,1994    **Elusive Development** Marshall Wolfe,1996 This deeply thoughtful book explores some of the very difficult questions thrown up by the development process Marshall Wolfe reviews what has been said and done in the name of development over four decades He sees development as a Sisyphean task of trying to impose value oriented rationality on realities that remain permanently recalcitrant to such reality precisely because its key actors be they the state social groups development agencies individual experts or the market cannot be assumed to be either benevolent or consistently rational

**El mito Roosevelt para América Latina, 1901-1909** Yeni Castro Peña,2007    *El mito del desarrollo económico y el futuro del tercer mundo* Celso Furtado,1974    *Historia del Pensamiento Económico Mundial*

Barnett (editor), Vincent,2017-01-01 Esta Historia del Pensamiento Económico Mundial ofrece la primera revisión global de la larga historia del pensamiento económico desde una verdadera perspectiva internacional Aunque la globalización ha facilitado la difusión de ideas entre naciones la historia económica ha tendido a ser estudiada bien temáticamente por concepto en términos de diferentes corrientes de pensamiento bien individualmente por economistas En el pasado se han publicado bastantes trabajos sobre las tradiciones del pensamiento económico de países concretos pero esta obra es pionera y única al dar cuenta de forma comparativa de un amplio rango del desarrollo de las ideas y filosofías económicas en el ámbito internacional El libro agrupa a reconocidos expertos del desarrollo de las ideas económicas de todo el mundo con el fin de ofrecer una verdadera comparación internacional de la economía dentro de las naciones estados Cada autor presenta una perspectiva en el largo plazo de la economía de su zona y muestra patrones globales en el progreso de las ideas económicas a lo largo del tiempo identificado Esta rigurosa y ambiciosa obra con marcado carácter académico tiene de máximo interés para estudiantes profesores profesionales especializados así como para el público general interesado en el desarrollo del pensamiento económico en el mundo Esta edición española incluye un estudio introductorio de Luis Perdices de Blas catedrático de Historia del Pensamiento Económico en la Universidad Complutense de Madrid

**Global Handbook of Inequality** Surinder S. Jodhka,Boike Rehbein,2024-11-19 This handbook provides the most up to date and comprehensive review of the literature on inequality It provides comprehensive overviews of the main theoretical traditions concepts dimensions methodologies and contemporary debates around inequality as well as outlines of the situation of inequality in the world regions Each entry covers the most relevant literature on the respective topic and gives an introduction to the key discussions This authoritative reference work includes contributions from established and upcoming scholars based all over the world and is truly global in perspective It serves as a first introduction to the study of a particular field or issue related to inequality The distinctive aspect of this handbook is its emphasis on the lived realities of inequality its relational and cultural

aspects as well as the economic and quantitative aspects This is a must read reference volume for students researchers and professionals interested in this topic across the spectrum of the social sciences     **The Politics of Academic Autonomy in Latin America** Fernanda Beigel, 2016-03-03 Academic autonomy has been a dominant issue among Latin American social studies given that the production of knowledge in the region has been mostly suspected for its lack of originality and the replication of Euro American models Politicization within the higher education system and recurrent military interventions in universities have been considered the main structural causes for this heteronomy and thus the main obstacles for scientific achievements This groundbreaking book analyses the struggle for academic autonomy taking into account the relevant differences between the itinerary of social and natural sciences the connection of institutionalization and prestige building professionalization and engagement From the perspective of the periphery academic dependence is not merely a vertical bond that ties active producers and passive reproducers Even though knowledge produced in peripheral communities has low rates of circulation within the international academic system this doesn't imply that their production is or always has been the result of a massive import of foreign concepts and resources This book intends to show that the main differences between mainstream academies and peripheral circuits are not precisely in the lack of indigenous thinking but in the historical structure of academic autonomy which changes according to a set of factors mainly the role of the state in the higher education system This historical structure explains the particular features of the process of professionalization in Latin American scientific fields
