mundo y acabar con la atroz mano de hierro del Lord Legislador *History of the Inquisition of Spain* Henry Charles Lea,2023-11-15 Henry Charles Lea's History of the Inquisition of Spain serves as a meticulous exploration of one of history's most controversial institutions. Written in the late 19th century, the book employs rigorous research and a critical analytical style to elucidate the complexities of the Spanish Inquisition, highlighting its socio-political context and religious motivations. Lea's extensive use of primary sources, including official documents and contemporary accounts, enhances the work's academic authenticity while his narrative is interspersed with thoughtful reflections on the cultural ramifications of such an oppressive regime. Lea, an American historian and abolitionist, was profoundly influenced by the prevailing conflicts between enlightenment ideals and institutional authority. His commitment to social justice and advocacy for legal reform is evident in his writings as he sought not only to document but also to critique the abuses of power endemic to the Inquisition. His scholarly background, particularly his interest in European history and religious intolerance, uniquely positioned him to tackle the intricacies of the Spanish Inquisition with both expertise and moral urgency. This work is highly recommended for anyone interested in the intersection of history, religion, and human rights. Lea's detailed and engaging narrative provides crucial insights into the dark corners of institutionalized terror, making it essential reading for historians, students, and informed citizens alike.

El ocaso de la inquisición en Cuenca Dionisio A. Perona Tomás,2022-11-23 **Los Consejeros del Rey (1500-1836). Volumen II. Aragón y Pignatelli-Borrull y Ramón** Javier Barrientos Grandon,2023-10-01 En esta magna obra por su extensión y contenido, Javier Barrientos Grandon efectúa un recorrido por el sistema de gobernanza de la monarquía española mediante el examen de los personajes que se integraron en el sistema polisinodial o de los consejos. Por orden alfabético y para el periodo 1500-1836, la estructura de cada biografía asume un modelo general que, con las variaciones accidentales derivadas de la naturaleza peculiar de cada consejo y de los datos y noticias que ha sido posible adquirir, gira en torno al oficio y la jurisdicción. Este criterio rector determina que su estructura no sea necesariamente cronológica y, así, las biografías cubren los siguientes ámbitos de la identidad de la persona del consejero: nombre y títulos y dignidad de la naturaleza del consejero, origen y patria de la suficiencia del consejero, edad y cualidades del alma y del cuerpo, de la muerte del consejero y del oficio, como perpetuo de la familia del consejero, ritos y servicios de familia, de los ritos y servicios del consejero, en cuanto a letras, armas y papeles, y eventualmente dignidades en la iglesia de su elección e ingreso y del cese en el oficio. Los datos y noticias que se ofrecen por el autor en cada biografía están debidamente justificados en notas a pie de página, en las que se consignan las fuentes documentales y bibliográficas que se han tenido a la vista. Lo que nos sitúa ante un trabajo excepcional por su rigor técnico y originalidad. Javier Barrientos Grandon es doctor en Derecho por la Universidad de Castilla La Mancha. Actualmente es profesor titular de Historia del Derecho y de las Instituciones de la Universidad Autónoma de Madrid. Director: José Antonio Escudero. Autor: Javier Barrientos Grandon. The Expulsion of the Jews and Their Emigration to the Southern Low Countries Luc Dequeker,Werner Verbeke,1998 This book looks at neglected aspects of the spiritual landscape of medieval Spain on the eve of the expulsion and draws the attention to the sequels of Jewish emigration for the intellectual circles in the Southern Low Countries

Los inquisidores de Granada Gabriel Sánchez Ogáyar,2012 In Spain seven years after the signing of the Capitulations of Santa Fe New and Old Christians converted Jews Moors and Muslims coexist in an uneasy peace But then the order given by Archbishop Cisneros and the Inquisitor Diego Rodr guez Luzero to seize and burn all of the books in the hands of the Muslim population that are considered dangerous to the Christian faith and morals detonates a long chain of unpredictable events

Jesuits at the Margins Alexandre Coello de la Rosa,2015-12-07 In the past decades historians have interpreted early modern Christian missions not simply as an adjunct to Western imperialism but a privileged field for cross cultural encounters Placing the Jesuit missions into a global phenomenon that emphasizes economic and cultural relations between Europe and the East this book analyzes the possibilities and limitations of the religious conversion in the Micronesian islands of Gu han or Guam and the Northern Marianas Frontiers are not rigid spatial lines separating culturally different groups of people but rather active agents in the transformation of cultures By bringing this

local dimension to the fore the book adheres to a process of missionary glocalization which allowed Chamorros to enter the international community as members of Spain's regional empire and the global communion of the Roman Catholic Church
