Growing Among Us Ronald Wright, 2009-02-01 There is a new movement growing within the Body of Christ today Those who are the leaders of this movement call themselves The Emerging Church and it is growing at a tremendous pace These leaders believe that when a dramatic change in culture takes place within a society a new church will emerge from the old in order to meet the needs of that new culture This book is designed to help members of traditional churches understand the different aspects of the movement and provide some guidance on how to respond to what they are presenting *New World, New Church?* Hannah Steele, 2017-11-30 The emerging church movement has quickly become one of the fastest

Baptists and the Emerging Church Movement David Mark Rathel, 2014-07-24 In *Baptists and the Emerging Church Movement* David Rathel examines the major ecclesiological proposals of the emerging church movement Though many theologians argue that the emerging church movement emphasizes epistemology Rathel contends that its primary concern is ecclesiology Emerging church leaders offer a number of important ecclesiological proposals including restructuring traditional church leadership models to accommodate the rise of postmodernity changing the mission of the church so that the church may strike a more missional tone in contemporary culture removing the categories of in or out within the church body and adopting the multi site church model In assessing these proposals Rathel draws upon historic Baptist convictions about the nature of the church using Baptists ecclesiological distinctives and long history of ecclesiological thought as a helpful reference point This book will not only serve as a guide for those who wish to learn of emerging church ecclesiology it will also be an aid to Baptists who wish to evaluate recent trends in ecclesiology in light of their denominational distinctives

Evangelicalism and the Emerging Church Cory E. Labanow, 2009 With the Christian church in the west in decline some churches are undergoing difficult transitions as they seek to become relevant to both themselves and their surrounding cultures The book details an ethnographic study of a Vineyard congregation making sense of their Vineyard roots and their growing relationship with the self proclaimed emerging church network Through a rich account of congregational life and tensions universal issues are raised such as relating to religious parentage creating safe places for spirituality Christian growth and maturity communication with contemporary culture and the challenges of identity reconstruction This book is the first to conduct an academic study of a Vineyard congregation in the United Kingdom
