Using stories of actual women as well as data and experts' insights, the book chronicles the financial issues of single women. It provides the tools needed to tackle their daily and longer term needs and probes the issues specific to divorcees, widows, women who never married, and single mothers. Single women reveal their moving stories detailing how many have overcome obstacles. From there, the book provides a wide range of specific guidance on money issues targeted to singles. These include saving, spending wisely, managing with children, shedding debt, investing in line with your values, planning for retirement, and long-term care, navigating Social Security, paying taxes, landing a job after age 55, protecting financial assets, and leaving a legacy. Offering resources women can turn to in hard times, the authors also suggest ways society can and should assist single women.      **Investment Banking and Investment Opportunities in China** K. Liaw, 2007-09-10 Praise for *Investment Banking and Investment Opportunities in China* I first met Tom Liaw when my company was exploring potential opportunities in Taiwan. He clearly knew the market and proved invaluable in explaining the financial landscape and in arranging meetings with potential clients, other market participants, and senior government officials. *Investment Banking and Investment Opportunities in China* should prove equally valuable as we now look to further expand our activities to mainland China. Douglas Reinfeld Miller, EVP, Ambac Assurance and Chairman, CEO, Ambac Assurance UK Ltd. There is no more important market than China today. Dr. Liaw's book provides an overview of the current situation and recommendations as to how investors can profit from China's amazing growth. Donald Tang, Chairman, Bear Stearns Asia Ltd and Vice Chairman, Bear Stearns Co Inc. Professor Liaw's book takes you on a quick walk through the major milestones in China's economic development over the past two decades. It shows a clear understanding of the environment for doing business in China and explains hot topics in the marketplace. This book is simple, easy to read, and yet highly informative. Jesse Wang, Vice Chairman, China Central SAFE Investments Ltd and Chairman, China International Capital Corporation Ltd. Provides a clear map of China's financial system, investment banking business, and investment opportunities. It should be read by all who are interested in China. Mao Wei Hung, Dean, College of Management, National Taiwan University. Dr. Liaw's book is a comprehensive professional reference work for those of us involved in the global investment arena. I highly recommend it. Charles P. Menges Jr, CFA, Principal, Business Global Wealth Management, a Unit of Alliance Bernstein LP. China's development has a unique track, including the financial market. People who want to profit from China should have a clear view of this market. Dr. Liaw's book explaining China's market opening and foreign participation is the one necessary for them to read. Wei
