EMILY CARR Canada House Gallery, 1979 *Hundreds and Thousands* Emily Carr, 2009-12-01 Emily Carr's journals from 1927 to 1941 portray the happy productive period when she was able to resume painting after dismal years of raising dogs and renting out rooms to pay the bills These revealing entries convey her passionate connection with nature her struggle to find her voice as a writer and her vision and philosophy as a painter **Opposite Contraries** Emily Carr, 2009-07-01 Collected from Emily Carr's private and public writings these previously unpublished pieces reveal the outspoken artist at her most forthright Expurgated sections from Carr's journals detail her anguished meditations on her spiritual mission musings about Native culture and the white community's reaction to it and thoughts about her family Her groundbreaking 1913 Lecture on Totems her first recorded writing on Native art and people is also included as are some of her most fascinating letters to friends and colleagues *Paintings by Emily Carr* Emily Carr, Vancouver Art Gallery, Lawren Harris, 19?? Annual Report National Gallery of Canada, 1999 **Seven Journeys** Doris Shadbolt, 2002 Distinguished art critic Doris Shadbolt has chosen 85 drawings from Carr's sketchbooks those which particularly reveal the wellsprings of her inspiration In an introductory essay and commentary for each of Carr's seven journeys along the British Columbia coast Shadbolt's inspired text evokes the intimacy and immediacy of the drawings themselves and takes us close to the heart of Emily Carr Emily Carr 1871-1945 was an extraordinary Canadian artist and writer who has become a national cultural icon Among the collections of Emily Carr material at the British Columbia Archives is a special cache of thirteen small drawing books The sketches in these volumes were done quickly to catch the features of a passing scene to note the form and rhythms of a tree as preliminary experiments in handling complex visual material As indicators of a part of Carr's process of making

art and as notes of several significant trips made during a turning point in her life as an artist they are fascinating and illuminating In that critical period between 1927 and 1930 Carr made seven journeys several to isolated Native villages in coastal British Columbia two to eastern Canada to meet fellow artists in the Group of Seven and one metaphorical journey that was an intrinsic part of all the others to nature itself On these travels and sketching trips she used her drawings as part of the process of working out ideas techniques and themes to develop the mature painting style that was uniquely hers

The Art of Emily Carr Doris Shadbolt,1988-09-01 **This and that** Emily Carr,2007 Once available and appreciated only by researchers these stories remained buried in the British Columbia Archives until 2007 Finally readers are given a new glimpse into Emily Carr s life with this collection Carr began to write these stories in the last two years of her life She wrote of the project they are too small each to be taken singly but each complete in itself serves to ornament life which would be a drab affair without the little things we do not even notice or think of at the time but which old age memory magnifies This collection illuminates her life and is available to all in *This and That* The Lost Stories of Emily Carr Enter Emily s world with stories like Father s Temper The First Snow and Smoking with the Cow stories in which she reveals details of her family life school days her fascination with nature animals she loved and how she learned to smoke *Pause Emily*
