talents satisfy her parents and have them understand her as she begins to understand more of herself She is becoming aware that there is a lot more to life than basketball and struggles to balance her commitment her sport with her recognition of her other skills and opportunities **Emily's Castle** Don Clayton,2010-12-20 It s just a cruel hard fact of life Real life never works out like it does in the story books But why not That s the question nine year old Emily Westbrooke is asking This energetic whiz kid is not about to stand aside and watch her parents tear her world apart If her father could write incredible stories of love and happiness with such beautiful endings then why could he not make his own life come out just as well That s just not the way life is but why not To change the course of ones own life is hard enough but the course of another s near impossible That is precisely what Emily must do when her life is about to take a disastrous turn That is until until she discovers the greatest power on earth But there is just a little more to calling upon this miraculous power than she realizes Real life just never works out like it does in the storybooks But why not Lite Works Publishing December 2010 Release
