religious leaders Academically rigorous yet eminently clear and accessible Exploring the Kitáb-i-Aqdas is an essential read for students of religion and Middle East studies Religion in Iran Alessandro Bausani, 2000 *In the Shadow of the King* Heidi Walcher, 2008-04-30 Zill al Sultan was the notorious Qajar prince who ruled Isfahan Iran's former capital during the Safavid era as governor from 1874 to 1907 He is remembered as a Qajar anti hero even a villain to this day based largely on his apparent exercise of absolute power and pursuit of intrigue to further his own political interests Heidi A Walcher has produced the first extraordinarily important study which works both as a biography of one of the most colourful individuals in the history of modern Iran and as a study of the social and political circumstances of late nineteenth century Iran in general and Isfahan in particular She investigates the growing British and Russian interference in the country and the impact of these foreign interventions not least among the clerical elite of Isfahan which has always been a leading centre of Shi'ite theology in Iran and among its mercantile classes The rise of the Tobacco Protests in 1890 the constant trade wars against the British the suspicions against the Jewish merchants the persecution of local Bábis and Bahá'ís the conflicts with European missionaries ultimately the fall of Zill al Sultan in 1907 after 33 years of rule and the rise of the Bakhtiáris as the new ruling power in Isfahan all these developments resulted from the pivotal role of the mullahs and their collaboration with the merchants led by Ága Najafí who was the city's principal cleric and who with his brothers represented the militant and radical tendencies within Iran's Shi'ite establishment This book tracing the history of late nineteenth century Isfahan past the 1906 Constitutional Revolution is a major contribution to a proper understanding of modern Iran BOOK JACKET *The Encyclopedia Americana*, 1992 **Iran**, 1999 Vols for 1963 include the Director's report 1961-62 *Church and State* Sen McGlinn, 2005 This is a political theology for the Bahá'í Faith but it is also a philosophy for living in our globalized post modern society The author investigates the Bahá'í teachings concerning the separation of Church and State Government religion commerce art education and science are increasingly independent have different social functions relate differently to one another and have different meanings for us today This functional differentiation also drives the pluralism relativism and global scope of our post modern society In a society such as ours in which religious ritual is the mirror of individual distinctiveness not of collective identity in which permanent pluralism means that no one religion can provide common norms and values and in which the values of one sphere of life are not transferred to other spheres religion must find a new role in society The twentieth century has taught us that economic affairs cannot be governed by political ideologies that science must be free of doctrine that the dignity and autonomy of the individual must be respected and that church and state must be separated This is an exhaustive review of Bahá'í literature on the subject but the book also inquires into the scriptures of both Christianity and Islam to find that the separations of state from religion is a universal ideal Publisher's website **The Bahá'í World**, 1994 **Bahaism and Its Claims** Samuel Graham Wilson, 2021-04-25 In Bahaism and Its Claims Samuel Graham Wilson presents a comprehensive analysis of the Bahá'í Faith exploring its foundational principles historical

development and claims to universal truth Wilson employs a meticulous and scholarly literary style weaving together theological discourse with historical context and situating Bah teachings within the broader tapestry of religious philosophy The book delves into the dichotomy of faith versus reason examining the implications of Bah tenets on interfaith dialogue and modern spirituality thus contributing significantly to contemporary religious studies Samuel Graham Wilson a prominent scholar in religious studies dedicates this work to elucidating the nuances of Bah thought drawing on his extensive background in theology and comparative religion His academic rigor is informed by personal encounters with the faith community and a deep seated belief in the necessity of understanding diverse spiritual perspectives Wilson s insights reflect his commitment to fostering unity through knowledge stemming from a long standing interest in the role of religion in shaping human experience This book is highly recommended for scholars activists and lay readers alike who seek a deeper understanding of the Bah Faith and its relevance in today s pluralistic society Wilson s engaging prose and critical perspective make *Bahaism and Its Claims* an essential resource for anyone interested in the richness of world religions and their potential for promoting global harmony
