Emperors Games

Seth William Stevenson

Emperors Games:

Emperors and Gladiators Thomas Wiedemann, 2002-03-11 Of all aspects of Roman culture the gladiatorial contests for which the Romans built their amphitheatres are at once the most fascinating and the most difficult for us to come to terms with They have been seen variously as sacrifices to the gods or at funerals to the souls of the deceased as a mechanism for introducing young Romans to the horrors of fighting and as a direct substitute for warfare after the imposition of peace In this original and authoritative study Thomas Wiedemann argues that gladiators were part of the mythical struggle of order and civilisation against the forces of nature barbarism and law breaking representing the possibility of a return to new life from the point of death that Christian Romans rejected gladiatorial games not on humanitarian grounds but because they were a rival representation of a possible resurrection

The Gladiators Fik Meijer, 2007-03-06 An analysis of the lives of ancient Rome's gladiators explores how they were both despised and hero worshiped chronicling how tens of thousands of gladiators perished publicly over the course of six hundred years

Gladiators Ben Hubbard, 2016-12-15 The Gladiator is an icon of Roman culture of sports economy and of brave and brutal combat This title in the Conquerors and Combatants series reveals the importance of gladiators as cultural heroes enslaved athletes who were vital to the economy and as political actors whose victories and sacrifices both entertained and subdued the Roman population Illustrations photos and artifacts complement details about the gladiators lives fighting styles revolts and political impacts In *Gladiators* readers discover who gladiators were how they shaped their society and why they remain glorified icons of combat and culture

[Ancient Rome's Worst Emperors](#) L. J. Trafford, 2025-08-05 Who qualifies as the worst of Roman emperors and why Join L J Trafford for a tour of the very worst leadership in ancient Rome featuring Caligula Commodus and many more Between 27 BCE and 476 CE a series of men became Roman Emperor ruling a domain that stretched across Europe North Africa and the Near East Some of them did this rather well expanding Rome's territories further installing just laws and maintaining order within the city Others however were distinctly less successful at the job *Ancient Rome's Worst Emperors* takes an engaging and amusing look at the mad the bad and the catastrophically incompetent of Rome's rulers From the sadistically cruel Caligula to the hopelessly weak Valentinian II there were many who failed dismally at the top job for a variety of reasons But what qualifies someone as a worst emperor What evidence is there to support it And should we believe any of it Join us on a tour of the very worst leadership ancient Rome has to offer as we delve into sadistic acts of cruelty paranoia run rampant poor decision making skills and the danger of being the wrong man at the wrong time

[The History of the Roman Emperors](#) Jean Baptiste Louis Crevier, 1814

Christianity and the Roman Games Richard F. DeVoe, 2003-03-14 Christians to the lions The image of early Christian victims of pagan blood lust in the Roman arenas are as familiar as a catechism to Christians of all ages Dr Richard DeVoe parallels the development of these two great social forces of the Roman Empire Christianity the Roman games which included not only the arena but also the circus and the theatre He questions why Christianity did not

have more effect on the Roman games as both institutions grew apace for four centuries He concludes contrary to traditional church history that Christianity did not limit but in fact absorbed and perpetuated the games Why With regard not only to the games but also education the military and the imperial cult Rome was not Christianized Christianity was paganized Christianity and the Roman Games traces this process of paganization from the first through the fifth centuries discovering surprising consequences both for Christianity and subsequent history The Religion of Senators in the Roman Empire Zsuzsanna Várhelyi, 2010-04-22 The new senate of the empire and religion Religious groups among senators The dynamics of senatorial religion in Rome and Italy Representing imperial religion the provinces Towards a theology of Roman religion Innovations and aspirations Conclusion Two saecular games **The End of Greek Athletics in Late Antiquity** Sofie Remijsen, 2015-05-28 A comprehensive study of how and why athletic contests a characteristic feature of ancient Greek culture disappeared in late antiquity Performance, Memory, and Processions in Ancient Rome Jacob A. Latham, 2016-08-16 The pompa circensis was a political pageant and a religious ritual that produced a republican imperial and even Christian image of the city In this book Jacob A Latham explores the play between performance and itinerary tracing the transformations of the circus procession from the late Republic to late antiquity Defending Constantine Peter J. Leithart, 2010-09-07 Peter Leithart weighs what we've been taught about Constantine and claims that in focusing on these historical mirages we have failed to notice the true significance of Constantine and Rome baptized He reveals how beneath the surface of this contested story there lies a deeper narrative a tectonic shift in the political theology of an empire with far reaching implications **Antioch II** Silke-Petra Bergjan, Susanna Elm, 2018-09-04 During the fourth century Antioch on the Orontes was the most important imperial residence in the Roman Empire and a hot bed of intellectual and religious activity The writings of men such as Libanius the emperor Julian Ammianus Marcellinus John Chrysostom Theodoret and many others provide a density of written sources that is nearly unmatched in antiquity while the archaeological evidence of the city's evolution is much harder to reconstruct This volume assembles state of the art scholarship on these ancient authors within the context of recent archaeological work to offer a rare comprehensive view of this late Roman city Contributors Rudolf Brandle Gunnar Brands Silke Petra Bergjan Susanna Elm Johannes Hahn Gavin Kelly Blake Leyerle Jaclyn Maxwell Wendy Mayer Yannis Papadogiannakis Catherine Saliou Adam M Schor Christine Shepardson Jan R Stenger Claudia Tiersch Edward Watts Jorit Wintjes **The Later Roman Empire, 284-602** Arnold Hugh Martin Jones, 1986 **The Private Life of Two Emperors: William II of Germany and Francis-Joseph of Austria**, 1904 **To Play the Game** J. Bowyer Bell, **Conceptions of Time in Greek and Roman Antiquity** Richard Faure, Simon-Pierre Valli, Arnaud Zucker, 2022-06-06 This collection of articles is an important milestone in the history of the study of time conceptions in Greek and Roman Antiquity It spans from Homer to Neoplatonism Conceptions of time are considered from different points of view and sources Reflections on time were both central and various throughout the history of ancient philosophy Time was a topic but also

material for poets historians and doctors Importantly the contributions also explore implicit conceptions and how language influences our thought categories

Popular Culture in Ancient Rome J. P. Toner, 2013-04-25 The mass of the Roman people constituted well over 90% of the population Much ancient history however has focused on the lives politics and culture of the minority elite This book helps redress the balance by focusing on the non elite in the Roman world It builds a vivid account of the everyday lives of the masses including their social and family life health leisure and religious beliefs and the ways in which their popular culture resisted the domination of the ruling elite The book highlights previously under considered aspects of popular culture of the period to give a fuller picture It is the first book to take fully into account the level of mental health given the physical and social environment that most people faced their overall mental health mirrored their poor physical health It also reveals fascinating details about the ways in which people solved problems turning frequently to oracles for advice and guidance when confronted by difficulties Our understanding of the non elite world is further enriched through the depiction of sensory dimensions Toner illustrates how attitudes to smell touch and noise all varied with social status and created conflict and how the emperors tried to resolve these disputes as part of their regeneration of urban life Popular Culture in Ancient Rome offers a rich and accessible introduction to the usefulness of the notion of popular culture in studying the ancient world and will be enjoyed by students and general readers alike

The Emperor and Rome Björn C. Ewald, Carlos F. Noreña, Yale University. Department of Classics, 2010-12-02 This book explores ancient Rome under the impact of monarchy and as one of the structures which shaped the monarchy itself

Greek Athletics in the Roman World Zahra Newby, 2005-10-07 The enduring importance of Greek athletic training and competition during the period of the Roman Empire has been a neglected subject in past scholarship on the ancient world This book examines the impact that Greek athletics had on the Roman world approaching it through the plentiful surviving visual evidence viewed against textual and epigraphic sources It shows that the traditional picture of Roman hostility has been much exaggerated Instead Greek athletics came to exercise a profound influence upon Roman spectacle and bathing culture In the Greek east of the empire too athletics continued to thrive providing Greek cities with a crucial means of asserting their cultural identity while also accommodating Roman imperial power

East and West in the Roman Empire of the Fourth Century, 2015-07-28 East and West in the Roman Empire of the Fourth Century examines the dis unity of the Roman Empire in the fourth century from different angles in order to offer a broad perspective on the topic and avoid an overvaluation of the political division of the empire in 395 After a methodological key paper on the concepts of unity the other contributors elaborate on these notions from various geo political perspectives the role of the army and taxation geographical perspectives the unity of the Church and the perception of the divisio regni of 364 Four case studies follow illuminating the role of concordia apostolorum antique sports eunuchs and the poet Prudentius on the late antique view of the Empire Despite developments to the contrary it appears that the Roman Empire remained to be viewed as a unity in all strata of society

A dictionary of Roman coins,

republican and imperial, commenced by S.W. Stevenson, revised, in part, by C.R. Smith, and completed by F.W. Madden Seth
William Stevenson, 1889

Enjoying the Song of Appearance: An Emotional Symphony within **Emperors Games**

In some sort of used by monitors and the ceaseless chatter of instantaneous connection, the melodic elegance and emotional symphony developed by the prepared word often fade in to the backdrop, eclipsed by the persistent noise and interruptions that permeate our lives. But, set within the pages of **Emperors Games** an enchanting fictional prize brimming with organic feelings, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, this captivating masterpiece conducts readers on a psychological trip, well unraveling the concealed melodies and profound impact resonating within each cautiously crafted phrase. Within the depths of the emotional examination, we shall explore the book is central harmonies, analyze its enthralling writing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
