Emperors Winding Sheet:

The Emperor's Winding Sheet Jill Paton Walsh, 2004 An English boy shipwrecked hungry and lost finds his way into the court of Constantine where he is interpreted as a symbol of good luck and as such ordered to be kept always near the king

History of the Expedition to Russia, Undertaken by the Emperor Napoleon in the Year 1812 Philippe-Paul comte de Ségur, 1825 History of the Expedition to Russia, Undertaken by the Emperor Napoleon, in the Year 1812 Ségur, 1836

History of the Expedition to Russia, Undertaken by the Emperor Napoleon, in the Year 1812 Phillippe-Paul Comte de Ségur, 2012-02-16 This valuable work of military history written by one of Napoleon's personal staff was first published in English in 1825 History Of The Expedition To Russia, Undertaken By The Emperor Napoleon, In The Year 1812 [Illustrated Edition] Gen. Philippe-Paul comte de Ségur, 2016-07-26 Includes over 180 illustrations portraits and maps covering the Russian Campaign of 1812 French general and historian Philippe Paul Comte de Ségur two volume account of the invasion of Russia first published in French in 1824 has been through many editions and has been translated into many languages It is both a military history and an eyewitness account This 2nd edition English translation was first published in 1825 and remains immensely valuable to historians understanding of Napoleon's ultimately disastrous Russian strategy Volume 1 covers the invasion and the advance on Moscow and Volume 2 covers the arrival of the French army at a deserted Moscow details the conditions endured and the lives lost in the course of the retreat Ayeen Akbery; Or, The Institutes Of The Emperor Akber. Translated From The Original Persian By Francis Gladwin 'Abu-l-Fadl ibn Mubarak 'Allami, Abu-l-Fadl Ibn-Mubārak, 1800 **Ayeen Akbery, Or the Institutes of the Emperor Akber, Translated from the Original Persian by Francis Gladwin** Abū al-Faẓl ibn Mubārak, 1800 *Confidential correspondence of the emperor Napoleon and the empress Josephine: including letters from the time of their marriage...*, 1856 *Constantine XI Dragaš Palaeologus (1404-1453)* Marios Philippides, 2018-09-03 Constantine XI's last moments in life as he stood before the walls of Constantinople in 1453 have bestowed a heroic status on him This book produces a more balanced portrait of an intriguing individual the last emperor of Constantinople To be sure the last of the Greek Caesars was a fascinating figure not so much because he was a great statesman as he was not and not because of his military prowess as he was neither a notable tactician nor a soldier of exceptional merit This monarch may have formulated grandiose plans but his hopes and ambitions were ultimately doomed because he failed to inspire his own subjects who did not rally to his cause Constantine lacked the skills to create restore or maintain harmony in his troubled realm In addition he was ineffective on the diplomatic front as he proved unable to stimulate Latin Christendom to mount an expedition and come to the aid of south eastern Orthodox Europe Yet in sharp contrast to his numerous shortcomings his military defeats and the various disappointments during his reign posterity still fondly remembers the last Constantine **The Brass Band of the King** Boris Adjemian, 2024-07-25 In 1924 the crown prince and future emperor of Ethiopia Ras Tafari on a visit to Jerusalem called on forty Armenian orphans who had survived

the genocide of 1915-1916 to form his empire's royal brass band. The conductor who was also Armenian composed the first official anthem of the Ethiopian state. Drawing on this highly symbolic event and following the history of the small Armenian community in Ethiopia in this book Boris Adjemian shows how it operated on the margins of political society, hiding in its interstices, preferring intimacy and discreet loyalty to the glitter of open politics. The astonishing role of the Armenians in their host country was embodied in the friendship that the kings and queens of Ethiopia extended to them, a theme that is echoed in the life stories collected from their descendants. Bringing to light the political and cultural importance of a community that has long been ignored and has almost vanished, this study draws on the collective memory of Armenian immigration and the centuries-long history of proximity between the Armenian and Ethiopian Churches. The author argues for a sedentary approach to the diaspora, for a socio-history of this collective rootedness which dates back to the 19th century and builds on historical representations of otherness from the early modern period up to the colonial era. Highlighting stateless immigrants halfway between the national and the foreign, this history reveals the agency of stateless immigrants and their descendants, their ability to play with identities and undermine assigned belongings. *The Brass Band of the King* is an original exploration of the social making of nationhood and foreignness in Africa and elsewhere. *The Bible and the Printed Image in Early Modern England* Michael Gaudio, 2017-07-05. The first book-length study of the fifteen surviving Little Gidding Bible concordances, this book examines the visual culture of print in seventeenth-century England through the lens of one extraordinary family and their hand-made biblical manuscripts. The volumes were created by the women of the Ferrar Collet family of Little Gidding, who selected works from the family's collection of Catholic religious prints and then cut and pasted prints and print fragments along with verses excised from the Bible and composed them in artful arrangements on the page in the manner of collage. Gaudio shows that by cutting, recombining and pasting multi-scaled print fragments, the Ferrar Collet family put into practice a remarkably flexible pictorial language. The Little Gidding concordances provide an occasion to explore how the manipulation of print could be a means of thinking through some of the most pressing religious and political questions of the pre-civil war period: the coherence of printed scripture, the nature of sovereignty, the relevance of the Mosaic Law and the Protestant reform of images. By foregrounding the Ferrar Collets' engagement with the print fragment, this book extends the scope of early modern print history beyond the printmaker's studio and expands our understanding of the ways an early modern Protestant community could productively engage with the religious image. Contrary to the long-held view that the English Reformation led to a decline in the importance of the religious image, this study demonstrates the ongoing vitality of religious prints in early modern England as instruments for thinking. **Asian Review**, 1924. Children's Book Prizes Ruth Allen, 2019-01-22. First published in 1998, this book is the first comprehensive survey of the awards made to children's books in the English-speaking world. The Volume covers nearly forty different prizes, including well-known and established ones such as the Newbery Award prizes instigated by the commercial sector such as the Smarties Prize, as well as nationally sponsored awards and prizes for illustrators. Detailed lists are provided of the winning titles and, where appropriate, the runners-up in each year that the award has been given. Ruth Allen also presents some fascinating and often entertaining insights into the motivations behind awards and how they are viewed by authors, illustrators, publishers, librarians, booksellers, and potential purchasers. The various criteria applied by judges of these awards are also examined, with an assessment of whether they have always achieved the right result. This Volume is both a useful guide for adults wishing to buy good books for children and an important tool for those researching the history of the children's book industry.
