Empire And Imperialism The Debate Of The 1870s Key Issues Series :

Empire And Imperialism Peter Cain, 1999-03-15 The 1870s is a key decade in the evolution of British thinking about the nature purpose and future of empire Increasing economic competition began to disturb the complacent assumption about Britain's leadership in technology and in the world economy The growth of other countries most notably the United States and Germany who had both displayed a fearsome military might also put a question mark over Britain's survival as a great power These changes set in motion a reappraisal of Britain's empire and its importance to the motherland and a heated debate as to whether colonialism and imperialism were a burden rather than a benefit to Britain The discussion on the 1870s set the agenda for the debates of the next half century This volume documents the writings that were central to this debate It includes contributions by leading British thinkers statesmen and officials such as J A Froude Robert Lowe Edward Dicey Frederic Seebohm Lord Carnarvon Gladstone Julius Vogel and Lord Blachford highlights the beginnings of a debate still in progress about Britain's decline as an economic power makes available a large number of writings that were previously hard to access and reassesses some previously underestimated or ignored articles Empire and Imperial Ambition Mira Matikkala, 2010-11-01 The late nineteenth century is generally thought of as a period of imperial enthusiasm and fervour however beneath the surface there were currents of disquiet and discontent In this book Mira Matikkala examines the modes of thought that were described as anti imperialist in the period 1878 1901 She argues that the common ground between the various critics of imperialism was that they all declared to represent true Englishness in contrast to what they regarded as a distorted imperial identity Previous research has largely embraced the imperialist conception and definition of British imperialism as empire patriotism and general empire pride This has led to a failure to understand the fact that late Victorian anti imperialists comprehended imperialism differently They drew a clear distinction between the empire and imperialism the empire signifying mainly emigration colonisation and the spontaneous spread of English liberal values in the form of the settler empire whereas imperialism as British authoritarian rule in the dependencies was regarded as the negation of the same liberal spirit which the colonies propounded Unlike colonisation imperialism was seen as a new departure in British politics representing anti constitutionalism distorted imperial patriotism militarism aggression and irrational jingoism In contrast to these imperialist manifestations the anti imperialists emphasised the long line from 1688 liberty and constitutional rights in the form of industry and freedom at home and peace fair dealing and moderation abroad In their view these traditional English values constituted true Englishness and any true patriotism would be founded on them The late Victorian debate on imperialism can be loosely grouped into three main categories discussed in the three main parts of the book economy and imperial expansion ethics and the nature of progress and practical politics **Empire and the Imperial Ambition** will be a significant contribution to the fields of British intellectual history and political thought **The Language of Empire** Robert H. MacDonald, 1994 The debate about the Empire dealt in idealism and morality and both sides employed

the language of feeling and frequently argued their case in dramatic terms This book opposes two sides of the Empire first as it was presented to the public in Britain and second as it was experienced or imagined by its subjects abroad British imperialism was nurtured by such upper middle class institutions as the public schools the wardrooms and officers messes and the conservative press The attitudes of 1916 can best be recovered through a reconstruction of a poetics of popular imperialism The case study of Rhodesia demonstrates the almost instant application of myth and sign to a contemporary imperial crisis Rudyard Kipling was acknowledged throughout the English speaking world not only as a wonderful teller of stories but as the singer of Greater Britain or as the Laureate of Empire In the last two decades of the nineteenth century the Empire gained a beachhead in the classroom particularly in the coupling of geography and history The Island Story underlined that stories of heroic soldiers and fights for the flag were easier for teachers to present to children than lessons in morality or abstractions about liberty and responsible government The Education Act of 1870 had created a need for standard readers in schools readers designed to teach boys and girls to be useful citizens The Indian Mutiny was the supreme test of the imperial conscience a measure of the morality of the master nation The Empire and its Critics, 1899-1939 Peter Cain, 2022-01-26 The eight books reprinted in this set played an important role in defining attitudes and expectations about imperialism on the British Left in the twentieth century They are vital in understanding the transition from the liberal anti imperialism of the nineteenth century to the more overtly socialist critiques of the twentieth *The Lure of Empire: America Debates Imperialism* ,2015 Exploring one of America s most controversial foreign policy decisions the annexation of the Philippines this program re creates the agony of self searching that preceded America s turn toward expansion Everyone who was anyone from 1899 to 1901 is here from President McKinley to Samuel Clemens Newsreel shots of the Spanish American War add credibility Recommended without reservation Previews An LCA release **Twelve Against Empire; the Anti-imperialists, 1898-1900** Robert L. Beisner, 1968 How 12 men opposed the acquisition of empire in the Spanish American War *Empire and Armament: The Evolution of American Imperialism and the Problem of National Defence* (1915) Jennings Cropper Wise, 2008-06-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work The Politics of Empire Edward P. Hunt, 2016 In the field of diplomatic history scholars have debated how the United States has played an imperial role in the world Although diplomatic historians have presented many different interpretations they have never agreed on the defining aspects of U S imperialism My dissertation intervenes in the debate by reviewing how the United States functioned as an imperial power at the start of the twenty first century In my dissertation I make use of a wide array of publicly available sources including the public remarks of U S officials the public records of the U S government and the diplomatic cables

published by WikiLeaks to describe how the United States enforced a global system of imperial order Specifically I argue that officials in the administrations of George W Bush and Barack Obama began the twenty first century by implementing an imperial grand strategy to keep the international system organized around a dominant center and a subordinate periphery in a global structure of imperialism By showing that officials in both the Bush and Obama administrations kept each region of the world integrated into a global structure of imperialism my dissertation intervenes in one of the key debates in diplomatic history to define how the United States functioned as an empire Imperialism Richard Koebner, Helmut Dan

Schmidt, 1964-01-03 This is a comprehensive study examining the changing concepts of Empire and Imperialism from the nineteenth century to the beginning of the 1960s This study is not simply the biography of a word but a history of political consciousness important to historians and political scientists alike **The Burden of Empire** Ian Copland, 1990 China Colonialism Famine French foreign legion Japan Kublai Khan Opium wars Sino Japanese war 1894 95 Vietnam

Imperialists Vs. Anti-imperialists Richard E. Welch, 1972 **The Economics of Empire** William G. Hynes, 1979

Imperialism J.A. Hobson, 2018-10-24 Originally published in 1902 this study expands on the ideas of imperialism which were a key focus of many countries in the early twentieth century particularly in Great Britain Hobson starts by outlining the economic origins of imperialism with an analysis on methodology and results before delving into the theory and practice of Imperialism and its political significance at the turn of the century This edition was first published in 1938 and was completely revised to reflect the changes that occurred in world history from first publication This title will be of interest to students of Politics or History **Imperialism 1870-1914** Marcia Stenson, 1972 *Empire as the Triumph of Theory*

Edward Beasley, 2004-10 A key addition to our understanding of the Victorian era British Empire this book looks at the founders of the Colonial Society and the ideas that led them down the path to imperialism **The Empire and Its Critics,**

1899-1939 Research Professor in History Peter Cain, 1998-07-09 The eight books reprinted in this set played an important role in defining attitudes and expectations about imperialism on the British Left in the twentieth century They are vital in understanding the transition from the liberal anti imperialism of the nineteenth century to the more overtly socialist critiques of the twentieth **The Ideals of Empire** Ewen Green, 1998 *Imperialism* P. J. Cain, Mark Harrison, 2001 The philosopher

W B Gallie argued many years ago that there could be no simple definition of words such as freedom because they embodied what he called essentially contested concepts They were words whose meaning had to be fought over and whose competing definitions arose out of political struggle and conflict Imperialism and its close ally colonialism are two such contested concepts This set will give readers an insight in to the main lines of debate about the meanings of imperialism and

colonialism over the last two centuries *Empire and Armament* Jennings Cropper Wise, 1915 **USA, Imperialists and Anti-imperialists** Igor' Petrovich Dement'ev, 1979

Empire And Imperialism The Debate Of The 1870s Key Ibues Series Introduction

In today's digital age, the availability of Empire And Imperialism The Debate Of The 1870s Key Ibues Series books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Empire And Imperialism The Debate Of The 1870s Key Ibues Series books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Empire And Imperialism The Debate Of The 1870s Key Ibues Series books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Empire And Imperialism The Debate Of The 1870s Key Ibues Series versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Empire And Imperialism The Debate Of The 1870s Key Ibues Series books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Empire

And Imperialism The Debate Of The 1870s Key Ibues Series books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Empire And Imperialism The Debate Of The 1870s Key Ibues Series books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Empire And Imperialism The Debate Of The 1870s Key Ibues Series books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Empire And Imperialism The Debate Of The 1870s Key Ibues Series books and manuals for download and embark on your journey of knowledge?
