Amway Forever Kathryn A. Jones, 2011-07-05 A fascinating look at five decades of Amway's innovation Amway started in 1959 as a way for people to earn extra money selling soap and cosmetics Today it has recaptured the public's attention largely because of an extensive print and broadcast campaign featuring the Quixtar name with ads saying you know us as Amway Amway Forever chronicles the amazing inside story of this global business phenomenon Page by page it explores the history of Amway and its remarkable resurgence around the world From how the company began and its growing pains in the 70's and 80's to its recent online revival this book explores how Amway has survived and thrived over the past fifty years Delves into how innovation has led to Amway's growth into an international powerhouse Reveals Amway's pioneering marketing tactics and sales strategies Offers an historic perspective as well as a contemporary look at how the company has evolved Engaging and informative Amway Forever is a must read for anyone interested in this company's unique business model and buzzworthy emergence into a global success The Intimate Economies of Bangkok Ara Wilson, 2004-07-19

Wilson shows us how global dreams come to life in the cacophony of Bangkok's markets Business tycoons sex workers mall strollers and penny capitalists Each forms an exemplary figure a source of reflection and emulation In this engrossing work the women and men of Bangkok produce themselves and the global economy I have seen no better ethnography of globalization Anna Tsing author of *In the Realm of the Diamond Queen* This fascinating book draws together the strands that weave intimate and kinship worlds into the fabric of the modern Thai economy From floating markets to department stores and go go bars Wilson's inquiry reveals the gendered practices that sustain economic domains and how these commercial venues in turn recast the intimate life Upending stereotypical notions about Thai gender *Intimate Economies* casts a complex feminist perspective on the new styles of being emerging in the spaces of global capitalism Aihwa Ong author of *Buddha Is Hiding* Wilson brilliantly deciphers the ways intimate lives personae subjectivities relations are involved in the formation of modern and transnational capitalist markets To do this she carefully unpacks the social infrastructure of five different globalized markets in Bangkok Saskia Sassen author of *Guests and Aliens* Offers something rare and valuable in studies of globalization a fine grained ethnography at the intersection of capitalist and non capitalist economies In Ara Wilson's fascinating study of urban Thailand the sex trade is intertwined with the gift economy the department store with the kin economy Navigating this often surprising terrain with unusual agility Wilson has produced a masterful record of new worlds and new subjects in the making Julie Graham co author of *The End of Capitalism As We Knew It A Feminist Critique of Political Economy* **In the Place of Origins** Rosalind C. Neoliberalism John L. Comaroff, Jean Comaroff, Robert P. Weller, 2001-07-05 A special issue of PUBLIC CULTURE this collection of essays forms an empirically grounded conceptual discussion that posits global millennial capitalism as a historical formation

Cunning Donald Herzog, 2008-03-17 Want to be cunning You might wish you were more clever more flexible able to cut a few corners without getting caught to dive now and again into iniquity and surface clutching a prize You might want to roll your eyes at those slaves of duty who play by the rules Or you might think there s something sleazy about that stance even if it does seem to pay off Does that make you a chump With pointedly mischievous prose Don Herzog explores what s alluring and what s revolting in cunning He draws on a colorful range of sources tales of Odysseus texts from Machiavelli pamphlets from early modern England salesmen s newsletters Christian apologetics plays sermons philosophical treatises detective novels famous infamous and obscure historical cases and more The book is in three parts bookended by two murderous churchmen Dilemmas explores some canonical moments of cunning and introduces the distinction between knaves and fools as a time honored but radically deficient scheme Appearances assails conventional approaches to unmasking Surveying ignorance and self deception Despair deepens the case that we ought to be cunning and then sees what we might say in response Throughout this beguiling book Herzog refines our sense of what s troubling in this terrain He shows that rationality social roles and morality are tangled together and trickier than we thought
