Wells,2015-02-17 This early work by H G Wells was originally published in 1905 and we are now republishing it with a brand new introductory biography as part of our Cryptofiction Classics series The Empire of the Ants is a short story of a Brazilian Captain who has been sent to help a town s inhabitants fight a plague of intelligent ants Herbert George Wells was born in Bromley England in 1866 He apprenticed as a draper before becoming a pupil teacher at Midhurst Grammar School in West Sussex Some years later Wells won a scholarship to the School of Science in London where he developed a strong interest in biology and evolution founding and editing the Science Schools Journal However he left before graduating to return to teaching and began to focus increasingly on writing It was in 1895 that Wells seriously established himself as a writer with the publication of the now iconic novel The Time Machine Wells followed The Time Machine with the equally well received War of the Worlds 1898 which proved highly popular in the USA The Cryptofiction Classics series contains a collection of wonderful stories from some of the greatest authors in the genre including Ambrose Bierce Arthur Conan Doyle Robert Louis Stevenson and Jack London From its roots in cryptozoology this genre features bizarre fantastical and often terrifying tales of mythical and legendary creatures Whether it be giant spiders werewolves lake monsters or dinosaurs the Cryptofiction Classics series offers a fantastic introduction to the world of weird creatures in fiction *The Empire of the Ants* H. G.

Wells,2014-03-12 When Captain Gerilleau received instructions to take his new gunboat the Benjamin Constant to Badama on the Batemo arm of the Guaramadema and there assist the inhabitants against a plague of ants he suspected the authorities of mockery His promotion had been romantic and irregular the affections of a prominent Brazilian lady and the captain s liquid eyes had played a part in the process and the Diario and O Futuro had been lamentably disrespectful in their comments He felt he was to give further occasion for disrespect He was a Creole his conceptions of etiquette and discipline were pure blooded Portuguese and it was only to Holroyd the Lancashire engineer who had come over with the boat and as an exercise in the use of English his th sounds were very uncertain that he opened his heart *The Empire of the Ants* H. G.

Wells,2016-11-28 His impression of them was of a crowd of large black ants very like ordinary ants except for their size Venturing into the upper Amazon a Brazilian ship s captain discovers a colony of giant ants a colony which might lead to the end of man s dominance over the Earth Contains ten classic short stories The Empire of the Ants The Star A Dream of Armageddon The Obliterated Man A Slip Under the Microscope The Valley of Spiders The Story of the Inexperienced Ghost The Stolen Body The Story of the Late Mr Elvisham A Vision of Judgement A new printing containing several of of H G Wells most thought provoking stories **The Short Stories of H.
