Empty Figure On An Empty Stage The Theatre Of Samuel Beckett And His Generation:

Empty Figure on an Empty Stage Les Essif, 2001 Essif develops a theory of hyper subjectivity for drama relying on nonrealistic movement drawing on the impression of emptiness in the body and mind of a character on stage The Dramatic Works of Samuel Beckett Charles A. Carpenter, 2011-10-13 A selectively comprehensive bibliography of the vast literature about Samuel Beckett's dramatic works arranged for the efficient and convenient use of scholars on all levels

Displacing Female Bodies on the Eighteenth-Century Stage John Robbins, 2024-02-08 Displacing Female Bodies on the Eighteenth Century Stage is driven by a central question why were women playwrights in the Romantic period obsessed with silencing their female characters pushing them off the stage and announcing the removal of their own texts to the closet These playwrights were some of the most well known and commercially successful writers of their era but were paradoxically also among its most marginalized figures they were mocked by largely conservative audiences suffered intense criticism for placing their works on display before the public eye and frequently found their plays rejected by theater managers in favor of works by established male playwrights This book argues that these writers did not simply craft plays that would please the crowd but that they deftly incorporated the suppressions and subjugations to which they were subject into their works It demonstrates that within their plays gaps in discourse and representation contain a productive capacity denoting spaces of imaginative potential or drawing into focus the conditions by which such silencing and erasure takes place and argues that the long standing critical misapprehension of these works stems from precisely these strategies of resistance which of necessity took non traditional forms and thus have not been readily recognizable to audiences then or now **Beckett's Breath** Goudouna Sozita Goudouna, 2018-01-15 Examines the intersection of Samuel Beckett's thirty second playlet Breath with the visual arts Samuel Beckett one of the most prominent playwrights of the twentieth century wrote a thirty second playlet for the stage that does not include actors text characters or drama but only stage directions Breath 1969 is the focus and the only theatrical text examined in this study which demonstrates how the piece became emblematic of the interdisciplinary exchanges that occur in Beckett's later writings and of the cross fertilisation of the theatre with the visual arts The book attends to fifty breath related artworks including sculpture painting new media sound art performance art and contextualises Beckett's Breath within the intermedial and high modernist discourse thereby contributing to the expanding field of intermedial Beckett criticism Key Features Examines Beckett's ultimate venture to define the borders between a theatrical performance and purely visual representation Juxtaposes Beckett's Breath with breath related artworks by prominent visual artists who investigate the far reaching potential of the representation of respiration by challenging modernist essentialism The focus on this primary human physiological function and its relation to arts and culture is highly pertinent to studies of human performance the nature of embodiment and its relation to cultural expression Facilitates new intermedial discourses around the nature and aesthetic possibilities of breath the minimum condition of existence at the

interface between the visual arts and performance practices and their relation to questions of spectacle objecthood and materiality

Manifesto for Silence Stuart Sim, 2007-06-05 This book makes an urgent demand for silence The ability to think to reflect and to create are all highly dependent on regular access to silence Yet in today's noisy 24/7 society silence and quiet are under threat And the business world only makes this worse with cynical marketing strategies abusing the power of noise ever diminishing oases of calm are hard to find Stuart Sim argues that we need more not less silence He explains why silence matters where it matters in our environment in religion philosophy the arts literature and science and why the human race will suffer if we do not make space for it The confrontation between the politics of noise and the politics of silence affects all of us profoundly we cannot stay neutral on this issue

Beckett and Aesthetics Daniel Albright, 2003-12-22 Beckett and Aesthetics first published in 2003 examines Samuel Beckett's struggle with the recalcitrance of artistic media their refusal to yield to his artistic purposes As a young man Beckett hoped that writing could provide psychic authenticity and true representation of the physical world instead he found himself immersed in artificialities and self enclosed word games Daniel Albright argues that Beckett escaped from this bind through allegories of artistic frustration and through an art of non representation estrangement and general failure He arrived Albright shows at some grasp of fact through the most indirect route available Albright explores Beckett's experimentation with the notion that an artistic medium might itself be made to speak This powerful and highly original book explores Beckett's own engagement with radio film and television prose and drama as part of an attempt to escape the confines of the aesthetic Albright's Beckett becomes a sophisticated theorist of the very notion of the aesthetic

Gardner, 2012-10-17 An expressive dialogue between Deleuze's philosophical writings on cinema and Beckett's innovative film and television work the book explores the relationship between the birth of the event itself a simultaneous invention and erasure and Beckett's attempts to create an incommensurable space within the interstices of language as a whole

Reading Godot Lois Gordon, 2008-10-01 *Waiting for Godot* has been acclaimed as the greatest play of the twentieth century It is also the most elusive two lifelong friends sing dance laugh weep and question their fate on a road that descends from and goes nowhere Throughout they repeat their intention Let's go but this is inevitably followed by the direction They do not move This is Beckett's poetic construct of the human condition Lois Gordon author of *The World of Samuel Beckett* has written a fascinating and illuminating introduction to Beckett's great work for general readers students and specialists Critically sophisticated and historically informed it approaches the play scene by scene exploring the text linguistically philosophically critically and biographically Gordon argues that the play portrays more than the rational mind's search for self and worldly definition It also dramatizes Beckett's insights into human nature into the emotional life that frequently invades rationality and liberates victimizes or paralyzes the individual Gordon shows that Beckett portrays humanity in conflict with mysterious forces both within and outside the self that he is an artist of the psychic distress born of relativism *DIV DIV*

The Aesthetics of Failure Marcin Tereszewski, 2014-01-03 Although Beckett scholarship has in recent decades experienced a renaissance as a result of various poststructuralist approaches that tend to emphasize destabilization and inexpressibility as the defining features of Beckett's output relatively little attention has been paid to the ethical aspects of his aesthetics of failure This book fits into that renaissance but draws on a distinct though rarely addressed connection that Samuel Beckett's work shares with that of Maurice Blanchot and Emmanuel Levinas It is within this philosophical context that the significance of Beckett's aesthetics of failure becomes most visible Beckett's work can be described as one of gradual reduction and disintegration of language a stripping away of the tools rendering expression at all possible for the sake of approaching the inexpressible Traditional representation yields to silence and linguistic aporia language yields to images of absence and emptiness The primary purpose of this study is to trace this movement of unwording and analyze the role inexpressibility plays in Beckett's prose in its visual linguistic and ethical

manifestations as the aesthetics of inexpressibility is intrinsically bound with the ethical responsibility of literature understood as maintaining a relation with alterity *Rethinking Character in Contemporary British Theatre* Cristina Delgado-García, 2015-11-13 The category of theatrical character has been swiftly dismissed in the academic reception of no longer dramatic texts and performances However claims on the dissolution of character narrowly demarcate what a subject is and how it may appear This volume unmoors theatre scholarship from the regulatory ideals of liberal humanism stretching the notion of character to encompass and illuminate otherwise unaccounted for subjects aesthetic strategies and political gestures in recent theatre works To this aim contemporary philosophical theories of subjectivation European theatre studies and experimental script led work produced in Britain since the late 1990s are mobilised as discussants on the question of subjectivity Four contemporary playtexts and their performances are examined in depth Sarah Kane's *Crave* and *48* Ed Thomas's *Psychosis* and *Stone City Blue* and Tim Crouch's *ENGLAND* Through these case studies Delgado García demonstrates alternative ways of engaging theoretically with character and elucidating a range of subjective figures beyond identity and individuality Alongside these analyses the book traces a large body of work that has experimented with speech attribution since the early twentieth century This is a timely contribution to contemporary theatre scholarship which demonstrates that character remains a malleable and politically salient notion in which understandings of subjectivity are still being negotiated *Ireland on Stage* Hiroko Mikami, Minako Okamuro, Naoko Yagi, 2007 Essays on Irish theatre in the second half of the twentieth century **The Popular & the Canonical** David Johnson, 2005 This volume ranges from the Second World War to the postmodern considering issues of the popular and the competing criteria by which literature has been judged in the later twentieth century As well as tracing the transition from modernism to postmodernism the authors guide students through debates around the pleasures of the popular and the question of inter relations between mass and high cultures Drawing further upon issues of value and function raised in *Aestheticism and Modernism Debating Twentieth Century Literature 1900-1960* they examine contemporary literary prizes and the activity of judgement involved in English Studies This text can be used alongside the other books in the series for a complete course on twentieth century literature or on its own as essential reading for students of mid to late twentieth century writing Texts examined in detail include du Maurier's *Rebecca* poetry by Ginsburg and O'Hara Dick's *Do Androids Dream of Electric Sheep* Puig's *Kiss of the Spiderwoman* Beckett's *Waiting for Godot* Heaney's *New Selected Poems 1966-1987* Gurnah's *Paradise* Barker's *The Ghost Road* Theater and Integrity Larry D. Bouchard, 2011-08-31 Four decades ago Tom F Driver brought theater into discussion with religion and modern theology It has been a rich ongoing dialogue but one that now demands a bold new engagement In *Theater and Integrity* Larry D Bouchard argues that while the antitheatrical prejudice regards theater as epitomizing the absence of integrity theater's ways of being realized in ensembles texts and performances allow us to reenvision integrity's emergence and ephemeral presence This book follows such questions across theatrical philosophical

and theological studies of moral personal bodily and kenotic patterns of integrity It locates ambiguities in our discourse about integrity and it delves into conceptions of identity morality selfhood and otherness Its explorations ask if integrity is less a quality we might possess than a contingent gift that may appear disappear and perhaps reappear Not only does he chart anew the ethical and religious dimensions of integrity but he also reads closely across the history of theater from Greek and Shakespearean drama to the likes of Seamus Heaney T S Eliot Caryl Churchill Wole Soyinka Tony Kushner and Suzan Lori Parks His is an approach of juxtaposition and reflection starting from the perennial observation that theater both criticizes and acknowledges dimensions of drama and theatricality in life This Contentious Storm: An Ecocritical and Performance History of King Lear Jennifer Mae Hamilton, 2017-08-24 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com From providential apocalypticism to climate change this ground breaking ecocritical study traces the performance history of the storm scene in King Lear to explore our shifting fraught and deeply ideological relationship with stormy weather across time This Contentious Storm offers a new ecocritical reading of Shakespeare s classic play illustrating how the storm has been read as a sign of the providential cosmological meteorological psychological neurological emotional political sublime maternal feminine heroic and chaotic at different points in history The big ecocritical history charted here reveals the unstable significance of the weather and mobilises details of the play s dramatic narrative to figure the weather as a force within self society and planet
