Fragmented: A Doctor's Quest to Piece Together American Health Care Ilana Yurkiewicz MD,2023-07-11 An award winning physician writer exposes how pervasive cracks in the health care system cost us time energy and lives and how we can fix them There's an unspoken assumption when we go to see a doctor the doctor knows our medical story and is making decisions based on that story But reality frequently falls short Medical records vanish when we switch doctors Critical details of life saving treatment plans get lost in muddled electronic charts The doctors we see change according to specialty hospital shifts or an insurer's whims Physician Ilana Yurkiewicz calls this phenomenon fragmentation and she argues it's the central failure of health care today In this gripping narrative from medicine's front lines Yurkiewicz reveals how a system that doesn't talk to itself puts insupportable burdens on physicians patients and caregivers forcing them to heroic lengths to hold the pieces together barely The stories she tells are at once harrowing and commonplace A patient narrowly averts an unnecessary invasive heart procedure by producing a worn rhythm strip he has carried in his pocket for a decade A man diagnosed with leukemia while visiting from abroad has thirty one physicians but no one he can call his doctor with tragic consequences When Yurkiewicz's own father falls ill a culture that incentivizes health care providers to react with quick fixes to the problems immediately before them often to the neglect of a patient's overall narrative leads to weeks of additional suffering and a risky hospital transfer The system is hanging by a thread and we need better solutions Yurkiewicz issues a clear eyed call for change naming concrete reforms doctors and policymakers can make and empowering patients and their loved ones to advocate for themselves in the meantime Urgent radiantly humane and ultimately hopeful Fragmented a prescription for what really needs fixing in modern medicine **The Brave Art of Motherhood** Rachel Marie Martin,2018-10-09 Full time FindingJoy net blogger speaker marketer podcaster and single mom of seven Rachel Marie

Martin presents a rallying cry to anyone who believes the lie that she is just a mom Over the years you willingly pour everything you have into your family but in the process you lose the essence of who you are In her characteristic raw and visceral style Rachel teaches you how to rewrite the pages of your story follow your passion and discover the beauty of who you are Drawing on lessons from her own incredible journey together with insight from conversations with thousands of other women Rachel encourages moms to break cycles take off masks and prevent fear from taking control She balances her no excuses approach with breathing room and grace for those messy moments in life and mothering Rachel reminds you there is always a reason to hope to move forward and to dare the impossible You can make changes You can pursue dreams find yourself and live a life of deep happiness and boundless joy Stop waiting for someday Take hold of the moment and say yes to your dreams Congressional Record United States.
