Emerging Criminal Justice Three Pillars For A Pro Active Justice System:

Emerging Criminal Justice Paul H. Hahn, 1997-12-26 Certain to stimulate thinking and debate in academic and professional arenas Emerging Criminal Justice presents a new model for crime control that replaces the war on crime and other failed models The book avoids the use of unnecessarily complex language and phraseology but cuts straight to the heart of what Paul H Hahn refers to as the three pillars for a new proactive criminal justice system that include expanded notions of community policing community corrections and restorative justice The book invites its readers to take a good look at the entire criminal justice system as a whole and consider a new paradigm for understanding and correcting the system and most of its elements *NCJRS Catalog* , Catholic Perspectives on Crime and Criminal Justice Willard M. Oliver, 2008-01-01 Drawing upon Catholic social teaching traditional writings and Sacred Scripture this book presents a Catholic perspective of crime and criminal justice in America Specifically it presents a policy framework for the criminal justice system describing how and why police courts and corrections should adopt the tenets of restorative and community justice In addition it presents how certain crime related issues would be addressed under a Catholic perspective particularly focusing on the death penalty abortion euthanasia and so called victimless crimes Federal Probation , 1998

Discretion, Community, and Correctional Ethics John Kleinig, Margaret Leland Smith, 2001-08-28 Some two million Americans are in jail or in prison Except for the occasional exposé what happens to them is hidden from the rest of us Is it possible to develop and instill a professional ethic for prison personnel that in partnership with formal regulatory constraints will mediate relations among officers staff and inmates or are the failures of imprisonment as an ethically constrained institution so deeply etched into its structure that no professional ethic is possible The contributors to this volume struggle with this central question and its broader and narrower ramifications Some argue that despite the problems facing the practice of incarceration as punishment a professional ethic for prison officers and staff can be constructed and implemented Others however despair of imprisonment and even punishment and reach instead for alternative ways of healing the personal and communal breaches constituted by crime The result is a provocative contribution to practical and professional ethics
