Deborah Wye,Ernst Ludwig Kirchner,Museum of Modern Art (New York, N.Y.),2008 Ernst Ludwig Kirchner s remarkable
series of paintings known as the Berlin Street Scenes is a highpoint of the artist s work and a milestone of German
Expressionism widely seen as a metaphor for modernity itself through their depiction of life in a major metropolis Kirchner
moved from Dresden to Berlin in 1911 and it was in this teeming city immersed in its vitality decadence and underlying sense
of danger posed by the imminent World War I that he created the Street Scenes in a sustained burst of creative energy and
ambition between 1913 and 1915 As the most extensive consideration of these paintings in English this richly illustrated
volume examines the creative process undertaken by the artist as he explores his theme through various mediums and
presents the major body of related charcoal drawings pen and ink studies pastels etchings woodcuts and lithographs he
created in addition to the paintings The volume also investigates the significance of the streetwalker as a primary motif and
provides insight on the series in the context of Kirchner s wider oeuvre
