Peer, 2008 This study presents a new approach to the theory of Romanticism Peer proceeds through key Romantic documents about form and structure while displacing and condensing modern scholarly assumptions that interrupt modern theoretical protocol A line of development is suggested moving from eighteenth century explorations in Kant Fielding and Diderot through Schlegelian Romantic beginnings and on through Emily Bronte Pushkin and the Romantic Manifesto culminating in the profound achievement of Manzoni Summarizing narrative implications by looking at the modern discipline of Comparative Literature this book deliberately deforms both our contemporary ideas about Romanticism as well as our non Romantic way of teaching it
