## Emily Bronte A Psychological Portrait:

**Emily Bronte, a Psychological Portrait** Norma Crandall, 1957 This is the only biography of Emily Bronte the famous author of *Wuthering Heights* which has explored the relationship of Emily and her brother Branwell in psychological terms and it reaches the conclusion that much of Emily's writing was motivated by her internal conflict about Branwell Little authentic first hand material exists about Emily and it seems to Norma Crandall that an authentic portrait of Emily Bronte both as a person and a writer can be drawn mainly by exploring the known facts about the lives and mentalities of the members of her family and by recreating the psychological atmosphere at Haworth's Parsonage Yorkshire where Emily lived and wrote Book jacket **Emily Bronte, a Psychological Portrait** Norma Crandall, 1984 *Emily Brontë* Norma Crandall, 1970 *Emily Bronte, a Psychological Portrait* Norma Crandall, 1978 Emily Bronte Norma Crandall, 1957

**Emily Bronte** Norma Crandall, 1957 **Emily Bronte, a Psychological Portrait** Norma Crandall, 1970 *The inner structure of Wuthering heights* Elisabeth Th. M. van de Laar, 2019-03-18 No detailed description available for *The inner structure of Wuthering heights* Emily Brontë Criticism, 1900-1968 Janet M. Barclay, 1974 **The Brontës of Haworth** David W. Harrison, 2003-04-23 *The Brontës of Haworth Yorkshire's Literary Giants Their Lives Works Influences and Inspirations* has been designed by a retired teacher of English as a general overall guide and reference for use by highschool teachers college and university professors students and Brontë enthusiasts The functional layout of the book in three parts allows readers and researchers to obtain a quick thumbnail sketch of the lives of each of the Brontës each of their seven major adult works and the various influence and inspirations which affected their short tragic lives and led them into careers in writing Each chapter in each section has been designed so that the brief background sketches of their lives and works can be read as an entity in itself and from there readers can choose which area they would like to pursue further through additional studies and research The amount of research material on the Brontës is overwhelming and it was the author's intention to briefly sort out various areas of potential interest for those just being introduced to this great family of English writers The Complete Works of Emily Brontë Emily Brontë, 2023-12-26 *The Complete Works of Emily Brontë* presents an exquisite tapestry of her literary genius showcasing not only her celebrated novel *Wuthering Heights* but also her lesser known poetry Brontë's narrative style intricately weaves gothic elements with rich characterizations evoking the tumultuous landscapes of Yorkshire that serve as a backdrop to her themes of passion isolation and the supernatural Her work emerging amid the constraints of Victorian expectations on women delves deep into the psychological landscapes of her characters providing a candid exploration of human emotions within a starkly beautiful yet violent world Emily Brontë one of the renowned Brontë sisters lived a life steeped in the evocative wilderness of the Yorkshire moors which profoundly influenced her writing Her insatiable curiosity alongside her unique insights into emotional depth and nature equipped her to confront societal norms through her unfettered muse Despite a short life marked by personal loss and isolation her literary

contributions resonate with enduring grandiosity that challenges the conventions of her era For readers seeking a compelling blend of intense emotion and rich narrative The Complete Works of Emily Brontë is indispensable This collection not only encapsulates her contributions to literature but invites readers to explore the depths of her imagination and the striking beauty of her prose and poetry *The Sanity of Insanity* Paul Brody, 2014-01-23 Writers are complicated beasts with troubled minds Genius doesn't come without consequences and the authors profiled in this book show that the minds behind some literatures greatest works were no exception to this rule The following authors are profiled in this book P L Travers Emily Dickinson A A Milne The Brontë Sisters and Chales Bukowski This is a collection each author may also be purchased separately **Emily Brontë Criticism, 1900-1982** Janet M. Barclay, 1984 **The Woman Question in Nineteenth-Century English, German and Russian Literature** Kathryn L. Ambrose, 2015-09-29 Kathryn Ambrose offers a new approach to the Woman Question in mid to late nineteenth century English German and Russian literature Using a methodological framework based on feminist theory and post structuralism she provides a revision of canonical texts such as Jane Eyre Wuthering Heights Middlemarch Effi Briest Fathers and Children and Anna Karenina alongside lesser known works by Emily and Charlotte Brontë George Eliot Theodor Storm Theodor Fontane Ivan Turgenev and Leo Tolstoy Her exploration of the semiotics of barriers as opposed to the established approach of the semiotics of space makes for a rewarding reading of this period of literature and establishes new cross cultural and literary connections between the three countries *Biographical Dictionary of Literary Influences* John Powell, 2000-10-30 Over the past two decades the process of cultural development and in particular the role of reading has been of growing interest but recent research has been episodic and idiosyncratic In this biographical dictionary research devoted specifically to the reading habits of 19th century individuals who shaped Western culture is brought together for the first time While giving prominent coverage to literary and political figures the volume's 270 entries also include musicians painters educators and explorers Each entry includes brief biographical information a concise summary of literary influences on the subject and clear direction for further research The book provides a practical tool for scholars wishing to trace the reading experience of important Western cultural figures Subjects were selected from the people most responsible for the cultural development of Europe Britain and the British Empire and the Americas between 1800 and 1914 Although selective the sample of 270 figures is substantial enough to suggest broad cross cultural habits and effects enabling scholars to better understand the relationship between reading and culture In an introductory essay Powell explores the patterns and relationships that can be discerned from the entries The first of three anticipated volumes the book is an important step forward in researching the role of reading in cultural development *Charlotte and Emily Brontë, an Annotated Bibliography* Anne Passel, 1979 *Charlotte Brontë* Helene Moglen, 1984 The lives of literary figures have always provided a source of fascination the tragic life of Charlotte Brontë is no different In this interpretive critical biography Helene Moglen takes for granted earlier exhaustive studies done on Brontë to

produce an analysis that incorporates not only the facts of her life but also their influence upon her works Through her study Moglen seeks to examine the two dimensions that are essential to any study of Bront the life she lived and the life she created within the pages of fiction By examining the paradoxical personal tragedy and artistic fulfillment that made up Charlotte Bront s life Helen Moglen shows the evolution of Bront s feminism Through Bront s growth Moglen then is able to explore explicitly formations of the modern female psyche Considered to be a major biography fusing together the making of literature and the formation of personality Moglen offers a new critical insight into Bront s struggle for self definition and how it can be reflected through the lives of readers more than a century later
