Eminent Berkshire Women:

Eminent Berkshire Women Gerard Chapman, 1988-01-01 **Index to Eminent Berkshire Women** Berkshire Genealogist Indexing Committee, Berkshire Family History Association, 1995 *Celebrity Biographies - The Amazing Life Of Sienna Miller - Famous Actors* Matt Green, Ever wondered how Sienna Miller rose to stardom Born in New York City on December 28 1981 Sienna Miller and her family moved across the sea to Britain when she was less than two years old Following her parent s divorce she was sent to the Heathfield School in Berkshire a prestigious girl s boarding school that churned out artists politicians and English royalty It was here that Sienna began showing her first signs of rebelliousness as she was chastised for smoking and drinking on the premises Following graduation she returned to New York City at the age of 18 For more interesting facts you must read her biography Grab your biography book NOW [The New England Historical and Genealogical Register](#) , 1990 **The Routledge History of Nineteenth-Century America** Jonathan Daniel Wells, 2017-09-14 The Routledge History of Nineteenth Century America provides an important overview of the main themes within the study of the long nineteenth century The book explores major currents of research over the past few decades to give an up to date synthesis of nineteenth century history It shows how the century defined much of our modern world focusing on themes including immigration slavery and racism women s rights literature and culture and urbanization This collection reflects the state of the field and will be essential reading for all those interested in the development of the modern United States **Women and the Historical Enterprise in America: Gender, Race and the Politics of Memory** Julie Des Jardins, 2004-07-21 In *Women and the Historical Enterprise in America* Julie Des Jardins explores American women s participation in the practice of history from the late nineteenth century through the end of World War II a period in which history became professionalized as an increasingly masculine field of scientific inquiry Des Jardins shows how women nevertheless transformed the profession during these years in their roles as writers preservationists educators archivists government workers and social activists Des Jardins explores the work of a wide variety of women historians both professional and amateur popular and scholarly conservative and radical white and nonwhite Although their ability to earn professional credentials and gain research access to official documents was limited by their gender and often by their race these historians addressed important new questions and represented social groups traditionally omitted from the historical record such as workers African Americans Native Americans and religious minorities Assessing the historical contributions of Mary Beard Zora Neale Hurston Angie Debo Mari Sandoz Lucy Salmon Mary McLeod Bethune Dorothy Porter Nellie Neilson and many others Des Jardins argues that women working within the broadest confines of the historical enterprise collectively brought the new perspectives of social and cultural history to the study of a multifaceted American past In the process they not only developed the field of women s history but also influenced the creation of our national memory in the twentieth century **Visionary Women** Phyllis Mack, 1995-01-05 This study of radical prophecy in 17th century England explores the

significance of gender for religious visionaries between 1650 and 1700 Phyllis Mack focuses on the Society of Friends or Quakers the largest radical sectarian group active during the English Civil War and Interregnum The meeting records correspondence almanacs autobiographical and religious writings left by the early Quakers enable Mack to present a textured portrait of their evolving spirituality Parallel sources on men and women provide a unique opportunity to pose theoretical questions about the meaning of gender such as whether a women s spirituality can be identified or whether religious women are more or less emotional than men

Bibliographies of New England History Roger N. Parks,1995 A timely update of a comprehensive acclaimed series that was granted an Award of Merit from the American Association for State Local History

Women of Ideas Dale Spender,2024-11-20 Originally published in 1982 with characteristic energy humour and learning Dale Spender traces three hundred years of women s ideas She uncovers not only the ways and words of women but the methods of men While men control knowledge she argues they are in a position to take women s ideas If they like them they use them if they don t they lose them Every fifty years women are required to reinvent the wheel for every generation of women is initiated into a world in which women s traditions have been denied and buried Providing convincing evidence that women s absence from the record as creative intellectual beings is not women s fault but men s Dale Spender claims at least 150 women from the past and suggests how such erasure can be avoided in the future Given that men take what they want from women s ideas Dale Spender advocates that women withdraw their labour that they go on a knowledge strike for if women cannot control the knowledge they produce at least they can ensure that it cannot be used as evidence against them Exposing the inadequacies of much modern male scholarship the author provides the readers with the opportunity to share in her own discoveries excitement and mistakes in the process of researching and writing this book The result is that *Women of Ideas And What Men Have Done to Them* is an ambitious and provocative book which will be used as a reference for many years to come and which is also from beginning to end a stimulating read

Pope to Burney, 1714-1779 Moyra Haslett,2017-03-14 This essential guide defines literature of the eighteenth century as a literature written and received as public conversation Moyra Haslett discusses and challenges conventional ways of reading the period particularly in relation to notions of the public sphere In her wide ranging study Haslett reads key texts including *The Dunciad* *Gulliver s Travels* and *Pamela* in their literary and cultural contexts and examines such genres as the periodical the familiar letter the verse epistle and the novel as textual equivalents of coterie culture

Sceptical History Hélène Bowen Raddeker,2007-04-30 A highly original work in history and theory this survey considers major themes including identity class and sexual difference and weaves them into debates on the nature and point of history *Sceptical History* arrives at new ways of doing history that consider non Western history and feminist approaches Using a wide range of historical and cultural contexts the study draws extensively on feminist scholarship both feminist history and postcolonial feminism

Encyclopedia of Women Social Reformers Helen Rappaport,2001-12-06 The first comprehensive guide to women activists

from every part of the world illuminating the broad range of women's struggles to reform society from the 18th century to the present. Despite being marginalized, disenfranchised, impoverished and oppressed, women have always stepped forward in disproportionate numbers to lead movements for social change. This two-volume encyclopedia documents the visions, struggles and lives of women who have changed the world. This encyclopedia celebrates the lives and achievements of nearly 300 women from around the globe, women who have bravely insisted that the way things are is not the way they have to be. Nadeshda Krupskaya, the wife of Lenin, spearheaded the drive against illiteracy in post-revolutionary Russia. American Dorothy Day founded the Catholic worker movement. Begum Rokeya Hossain organized a girls' school in Calcutta in 1911. Rachel Carson launched the modern environmental movement with her book *Silent Spring*. The stories of these women and the hundreds of others collected here will restore missing pages to our history and inspire a new generation of women to change the world. Women's Court and Society Memoirs, Part II vol 5 Jennie Batchelor, Amy Culley, Katherine

Turner, 2024-08-01 Each of the works in this collection documents the extraordinary fortunes of women whose real lives read like fiction. **The Role of Women in the History of Geology** Cynthia V. Burek, Bettie Higgs, Geological Society of

London, 2007 This book is a first as it unravels the diverse roles women have played in the history and development of geology as a science predominantly in the UK, Ireland and Australia and selectively in Germany, Russia and the US. The volume covers the period from the late eighteenth century to the present day and shows how the roles that women have played changed with time. These included illustrators, museum collectors and curators, educationalists, researchers and geologists. Originally as wives, sisters or mothers, many were assistants to their male relatives. This book looks at all these forgotten women and for the first time, historians and scientists together explore the contribution they made to this male-dominated subject. **Journal of Education**, 1883 Women, Horse Sports and Liberation Erica Munkwitz, 2021-07-13 Shortlisted for

the 2022 Lord Aberdare Literary Prize. This book is the first full-length scholarly examination of British women's involvement in equestrianism from the eighteenth through the twentieth centuries as well as the corresponding transformations of gender, class, sport and national identity in Britain and its Empire. It argues that women's participation in horse sports transcended limitations of class and gender in Britain and highlights the democratic ethos that allowed anyone skilled enough to ride and hunt, from chimney sweep to courtesan. Furthermore, women's involvement in equestrianism reshaped ideals of race and reinforced imperial ideology at the zenith of the British Empire. Here, British women abandoned the sidesaddle which they had been riding in for almost half a millennium to ride astride like men, thus gaining complete equality on horseback. Yet female equestrians did not seek further emancipation in the form of political rights. This paradox of achieving equality through sport but not through politics shows how liberating sport was for women into the twentieth century. It brings into question what emancipation meant in practice to women in Britain from the eighteenth through twentieth centuries. This is fascinating reading for scholars of sports history, women's history, British history and imperial history as well as those

interested in the broader social gendered and political histories of the nineteenth and twentieth centuries and for all equestrian enthusiasts

Queen of Bohemia Mary V. Dearborn, 1996 Flamboyant idealistic and beautiful Louise Bryant was an essential presence on the 20th century stage Her life with journalist John Reed took her from Greenwich Village to Provincetown to an affair with Eugene O'Neill and on to exclusive interviews with Lenin and Trotsky at the Russian front Dearborn passionately chronicles Bryant's stormy life as she struggled to live by her convictions Photos International Women in Science Catherine M.C. Haines, 2001-11-20 A comprehensive biographical guide to the scientific achievements personal lives and struggles of women scientists from around the globe International Women in Science A Bibliographical Dictionary to 1950 presents the enormous contributions of women outside North America in fields ranging from aviation to computer science to zoology It provides fascinating profiles of nearly 400 women scientists both renowned figures like Florence Nightingale and Marie Curie and women we should know better like Rosalind Franklin who along with James Watson and Francis Crick uncovered the structure of DNA Students and researchers will see how the lives of these remarkable women unfolded and how they made their place in fields often stubbornly guarded by men overcoming everything from limited education and professional opportunities to indifference ridicule and cultural prejudice to outright hostility and discrimination Included are a number of living scientists many of whom provide insights into their lives and scientific times Those contributions plus additional previously unavailable material make this a volume of unprecedented scope and richness

Musical Women in England, 1870-1914 NA NA, 2000-07-07 Musical Women in England 1870 1914 delineates the roles women played in the flourishing music world of late Victorian and early twentieth century England and shows how contemporary challenges to restrictive gender roles inspired women to move into new areas of musical expression both in composition and performance The most famous women musicians were the internationally renowned stars of opera greatly admired despite their violations of the prescribed Victorian linkage of female music making with domesticity the divas were often compared to the sirens of antiquity their irresistible voices a source of moral danger to their male admirers Their ambiguous social reception notwithstanding the extraordinary ability and striking self-confidence of these women and of pioneering female soloists on the violin long an instrument permitted only to men inspired fiction writers to feature musician heroines and motivated unprecedented numbers of girls and women to pursue advanced musical study Finding professional orchestras almost fully closed to them many female graduates of English conservatories performed in small ensembles and in all female and amateur orchestras and sought to earn their living in the overcrowded world of music teaching
