Emmanuel Levinas And Maurice Blanchot Ethics And The Ambiguity Of Writing:

Emmanuel Levinas and Maurice Blanchot William Large,2005 With a central focus on themes of ethics and subjectivity this analysis pairs Maurice Blanchot's creativity with Emmanuel Levinas's philosophies across topics of friendship the opposition of speech to writing and the ethical role of language **Literature, Ethics, and Decolonization in Postwar France** Daniel Just,2015-02-09 Against the background of intellectual and political debates in France during the 1950s and 1960s Daniel Just examines literary narratives and works of literary criticism arguing that these texts are more politically engaged than they may initially appear As writings by Roland Barthes Maurice Blanchot Albert Camus and Marguerite Duras show seemingly disengaged literary principles such as blankness minimalism silence and indeterminateness can be deployed to a number of potent political and ethical ends At the time the main focus of this activism was the escalation of violence in colonial Algeria The poetics formulated by these writers suggests that blankness weakness and withdrawal from action are not symptoms of impotence and political escapism in the face of historical events but deliberate literary strategies aimed to neutralize the drive to dominate others that characterized the colonial project

Derrida on Time Joanna Hodge,2007-09-12 This is a comprehensive investigation into the theme of time in the work of Jacques Derrida showing how temporality is one of the hallmarks of his thought Joanna Hodge compares and contrasts Derrida's arguments concerning time with those of Kant Husserl Augustine Heidegger Levinas Freud and Blanchot **Late Modernist Style in Samuel Beckett and Emmanuel Levinas** P. Fifield,2013-03-20 Beckett and Levinas are of central importance to critical debates about literary ethics Rather than suggest the preservation of literary and ethical value in the wake of the WWII this book argues that both launched a sustained attack on the principles of literature weaving narrative and descriptive doubt through phenomenology prose and drama **The Gift of Logos** David Jones,Michael Schwartz,Jason M. Wirth,2009-12-14 The Continental tradition has always placed great emphasis on the Logos The Gift of Logos Essays in Continental Philosophy celebrates and situates this emphasis in the genre of the gift and its giving The process of receiving or giving of the gift overcomes the existential alienation and separation that is so present in the human condition To ritualize giving and its gifting is to provide a syntax of solidarity that bespeaks our desire for cohesion and need for identities beyond our own To give a gift is to befriend The gift of logos is more than a gift from the gods and goddesses it is an act of giving for those friends of wisdom for those philosophers who give to each other and to their worlds and receive the blessings of logos from each other The increasing objectification of human being has mobilized a regressive narcissism that shows the ego's reassertion in the light of the meaningless quantifying forces from without By not reflecting deeply enough upon its conditions of existence in the modern world and on its ordinary moments philosophy itself has not been immune from this besotted sense of self Although not an invective against thinking nor against modern and contemporary philosophy's genuine advances The Gift of Logos portends to shed the delusion that theoretical re-description is somehow the same as

transforming who we are This transformation is our greatest gift to each other To give it voice is the gift of Logos and what this collection of essays commemorates

The Messianic Now Arthur Bradley, Paul Fletcher, 2013-10-18 This collection explores the phenomenon of the messianic in contemporary philosophy religion and culture From the later Derrida's work on Marx and Benjamin to Agamben and Badiou's recent texts on St Paul it is becoming possible to detect a marked messianic turn in contemporary continental thought However despite the plethora of work in the field there has not been any sustained attempt to think through the larger philosophical theological and cultural implications of this phenomenon What then characterises our contemporary messianic moment Where does it come from And why speak of the messianic now In *The Messianic Now* Philosophy Religion Culture a group of internationally known figures and rising stars within the fields of continental philosophy religious studies and cultural studies come together to consider what the messianic might mean at the beginning of the 21st century This book was published as a special issue of the *Journal of Cultural Research*

Imagining the Jewish God Leonard Kaplan, Ken Koltun-Fromm, 2016-09-09 Jewish art has always been with us but so has a broader canvas of Jewish imaginings in thought in emotion in text and in ritual practice *Imagining the Jewish God* was there in the beginning as it were engraved and embedded in the ways Jews lived and responded to their God This book attempts to give voice to these diverse imaginings of the Jewish God and offers these collected essays and poems as a living text meant to provoke a substantive and nourishing dialogue A responsive living covenant lies at the heart of this book a covenantal reciprocity that actively engages the

dynamics of Jewish thinking and acting in dialogue with God The contributors to this volume are committed to this form of textual reasoning even as they all move us beyond the text as foundational for the imagined people of the book That people we submit lives and breathes in and beyond the texts of poetry narrative sacred literature film and graphic mediums We imagine the Jewish people and the covenant they respond to as provocative intimations of the divine The essays in this volume seek to draw these vocal intimations out so that we can all hear their resonant call

Uncommon Friendships

William Young, 2010-01-01 Uncommon Friendship explores the often overlooked dynamic of interreligious friendships considering their significance for how we think about contemporary religious thought By exploring the dynamics of three relationships between important religious thinkers Franz Rosenzweig and Eugen Rosenstock Huessy Emmanuel Levinas and Maurice Blanchot and Julia Kristeva and Catherine Clement this study demonstrates the ways such friendships enable innovation and transformation within religious traditions For each pair of thinkers the sustained engagement and disagreement between them becomes central to their religious and philosophical development helping them to respond effectively and creatively to issues and problems facing their communities and societies Through a rereading of their work Young shows how such friendships can help us rethink religion aesthetics education and politics as well as friendship itself An utterly remarkable treatise on the interreligious friendships that joined three pairs of the great thinkers of twentieth century Europe I know of nothing quite like this It is rigorous scholarship that has the sharp edge of cultural criticism and yet the inspiring effect of a philosophic and spiritual poem Its lesson is indeed uncommon that critical reason is strengthened by love that love is deepened by undomesticated difference and that in a quiet way the name of God may have a lot to do with all of the above Peter Ochs Edgar Bronfman Professor of Modern Judaic Studies University of Virginia An elegantly written and intellectually engaging study William Young's Uncommon Friendships offers a refreshing portrayal of the praxis of friendship and its ability to operate as a key element in the development of ideas generally and in efforts towards interreligious dialogue in particular Young's lucid descriptions of the long term intellectual engagements between Rosenstock Rosenzweig Levinas Blanchot Kristeva Clement highlight the embodied creative and often unsettling affects of friendship upon the evolution of an intellectual work Young's book deepens our understanding of the social character of knowledge and challenges readers to consider the value of a praxis of friendship as a check upon solipsism and the drive for truth and as a tool for cultivating patient listening and an openness regarding the contingency of our beliefs Randi Rashkover George Mason University
