Emotional Healing For Horses And Ponies:

Emotional Healing For Horses & Ponies Heather Simpson, Judy Howard, Stefan Ball, 2011-08-31 Over the last few years there has been a revolution in the way we think about horses. At last we have clear ideas about how horses see the world and about how they feel about themselves and the things we ask them to do. This book helps us to put these insights to work. Emotional Healing for Horses and Ponies brings together the skills of expert horsewoman and animal behaviourist Heather Simpson and those of leading Bach flower remedy experts Stefan Ball and Judy Howard. Together they describe how complementary medicine and simple changes in handling and housing routines can immeasurably improve the lives of our horses. Anybody who has been inspired by the tales of horse whisperers will find in this book practical steps that we can all take to give our horses happier and more joyful lives.

Emotional Healing for Horses and Ponies Stefan Ball, Judy Howard, Books about horse whisperers and natural horse riding have made us more sensitive to the emotional needs of horses and ponies. A History of Horses Told by Horses H. A. Levin, 2009-04-01 On a peaceful country morning a horse named Bess approaches and connects telepathically with the author. At the mare's urging the author agrees to write *A History of Horses Told by Horses* in which equines trace the historical links between humans and horses, express their thoughts on the impact that humans have on the Earth and state their mission. The horses' hopes are to partner with compassionate people, especially women, to redirect the course of humanity in a positive way. The story tells how horses exist. The places and people are real. The multi-layered message relates to the human condition on a personal level as well as on a global scale. Equine history spans more than 55 million years and five continents. Horses desire to form meaningful relationships with people. Each horse's connection with a human is unique. A horse's assistance is tailored to a person's individual needs.
