Emotions From The Heart:

Emotions of the Heart D.L.S,2012-02 D L S had not written a poem for many years after that After Her Father s death on February 14 2004 She had started to write again Feeling the emotional pain of a lost that was so close to her Her dad was her best friend in life and mentor She had to find an outlet for her pain and the feelings she had been keeping locked up inside She found writing poetry to be the best way to express her emotional feelings Her poetry tells the emotion of lost love and the emotions of life it s self Whether it be good bad or even Happy Her poetry express her feelings To her own personal experience of life and love that has been found or lost of It s all about the emotions of love lost love found and most of all Love of friends and family

Emotions From The Heart Miladi,2024-01-03 The title of this book From the Heart tells how powerful these poems are Almost every emotion known to man is in this book The author wrote these poems during some very trying times in her life The best way to heal is to write down what one is feeling and those true feelings will start to form words from the heart

The Broken Heart: Protect Your Heart from Daily Stress and Emotional Upheavals ,

Lectures on diseases of the heart Edwin Moses Hale,1880 [Emotions from the Heart](#) Misty Grabert,2006-02-17

Emotions from the heart is based on all my emotion When I am in the mood to write depending on how I am feeling at the time and who ever made me feel that way That s what I write about This is my way of getting my points views and opinions across to people especially people that affect my emotions A few poems are based on more than family or friends Some are natural disasters that have occurred and comments that people have made about the disasters Things like that inspire me to write Other poems are about things going on in our society today this book is also about entertaining The vast majority of our society love reality Well this basically is my reality of emotions from my heart I just hope the book entertains my readers as much as it inspired me to write When you re in a loving and romantic mood turn to my love poems or if you are feeling down or want my views on anything I wrote you have your choice

Matters of the Heart Fay Bound Alberti,2010-01-14 The heart is the most symbolic organ of the human body Across cultures it is seen as the site of emotions as well as the origin of life This book traces the ways emotions have been understood between the 17th and 19th centuries as both physical entities and spiritual experiences

The Feeling Heart in Medieval and Early Modern Europe Katie Barclay,Bronwyn Reddan,2019-12-02 The heart is an iconic symbol in the medieval and early modern European world In addition to being a physical organ it is a key conceptual device related to emotions cognition the self and identity and the body The heart is read as a metaphor for human desire and will and situated in opposition to or alongside reason and cognition In medieval and early modern Europe the feeling heart the heart as the site of emotion and emotional practices informed a broad range of art literature music heraldry medical texts and devotional and ritual practices This multidisciplinary collection brings together art historians literary scholars historians theologians and musicologists to highlight the range of meanings attached to the symbol of the heart the relationship between physical and metaphorical representations of the heart and the uses of the heart

Gauckler, 1913 *Heart and Emotion* Michael Myrtek, 2004 For clinical researchers students and researchers in biological psychology physiology psychophysiology cognitive psychology emotion The connection between acute emotional arousal and heart rate is well known both from poetry and from the evolutionary survival reflex known as the fight flight reaction The connection between stress and disease is also well known What is less well known is that the heart reacts to nearly all stimuli independently of physical exertion during both the day and the night These changes known collectively as the additional heart rate or AHR are mostly unconscious and to date have been hard or impossible to study in real life This book first presents a revolutionary new technique for monitoring and analyzing the additional heart rate during everyday life and then goes on to show that contemporary theories about emotion stress and disease are no longer tenable This technique the Freiburg Monitoring System allows heart rate

changes not associated with physical activity to be assessed objectively in real life situations and to be compared with individuals subjective feelings at the time After describing the relevant models and the foundations of the technique the book then moves on to present the most important results of recent research using the Freiburg Monitoring System This has involved more than 1 300 subjects of various ages both male and female including white and blue collar workers train and bus drivers dispatchers university students schoolchildren heart disease patients and patients with cardiac neurosis and rheumatic diseases and has looked at topics such as the perception of emotions the perception of the heart in healthy subjects and patients stress and strain at the workplace and during leisure time and physiological monitoring during the night Convincing research evidence obtained using a ground breaking new technique for examining the additional heart rate in natural se

Emotions from the Heart and Soul: Sharon Moore Kirkland, 2016-10-26 Emotions from the Heart and Soul is the author's first book It's about the emotions and feelings that each character experiences and stories that is being told When you begin to read the stories you soon become the characters as you are drawn into their lives Then there is that connection you start to feel with each one while experiencing their emotions These are true feelings and emotions from the author's experiences Putting these feelings and emotions into stories are a way of healing the pain of the past By writing the stories they describe some insight on the author's true feelings from the heart She has added a little fiction mixed in with the nonfiction to entice your appetite

The Semantic Sources of the Words for the Emotions in Sanskrit, Greek, Latin and the Germanic Languages Hans Kurath, 1921 Untangling the Seven Desires of Your Heart LaVon Koerner, 2018-11-21 LaVon Koerner learnt the concepts that prompted the content of this book while he was setting up and running his International Consulting Business Revenue Storm While these concepts were curiously absent from the church they were constantly revealing themselves while he was conducting international business As LaVon engaged in multiple cultures in 49 different countries the patterns became increasingly more noticeable to him It was out there in the international community that LaVon uncovered the seven common denominators occupying every human heart They stood out as the most beautifully simplistic common denominators instilled by God in every human heart that all nationalities and peoples shared In a world that appears to be growing more deeply divided he found that these commonalities reach beyond skin color languages dialects or cultural mores We all share in the desperation and the joy of the Seven Desire in EVERY human heart Your own heart will validate their existence as you read this book It is now time to put these critical observations in the rightful hands of the church where they belong If they remain absent from the personal work of the church we will be failing each other while allowing people to continue in emotional bondage These longings hold the key to unifying the church as one body sharing all the same aspirations that have been built into our hearts by God himself We need to fight the obsession over what divides us and move onto these seven common longings that unite us God designed just one mankind and every human being has these exact same seven desires in their hearts This book will untangle each one of them

and set you free from all the negative emotions emanating out of the love gaps that surround them *International Handbook of Emotions in Education* Reinhard Pekrun, Lisa Linnenbrink-Garcia, 2014-04-16 For more than a decade there has been growing interest and research on the pivotal role of emotions in educational settings This ground breaking handbook is the first to highlight this emerging field of research and to describe in detail the ways in which emotions affect learning and instruction in the classroom as well as students and teachers development and well being Informed by research from a number of related fields the handbook includes four sections Section I focuses on fundamental principles of emotion including the interplay among emotion cognition and motivation the regulation of emotion and emotional intelligence Section II examines emotions and emotion regulation in classroom settings addressing specific emotions enjoyment interest curiosity pride anxiety confusion shame and boredom as well as social emotional learning programs Section III highlights research on emotions in academic content domains mathematics science and reading writing contextual factors classroom family and culture and teacher emotions The final section examines the various methodological approaches to studying emotions in educational settings With work from leading international experts across disciplines this book synthesizes the latest research on emotions in education

The Pacific Underwriter ,1902 Embodiment in Cross-Linguistic Studies ,2023-09-04 The book explores the conceptualization of the heart as it is represented in 19 languages ranging from broadly studied to endangered ones Being one of the most extensively utilised body part name for figurative usages it lends itself to rich polysemy and a wide array of metaphorical and metonymical meanings The present book offers a rich selection of papers which observe the lexeme heart from diverse perspectives employing primarily the frameworks of cognitive and cultural linguistics as well as formal methodologies of lexicology and morphology The findings are unique and novel contributions to the research of body part semantics embodied cognition and metaphor analysis and in general the investigation of the interconnectedness of language culture cognition and perception about the human body

Mechanisms Underpinning the Link between Emotion, Physical Health and Longevity Andrew H. Kemp, 2017-09-13 The 1990 s was designated as the decade of the brain and now common mental disorders are described as brain disorders Yet intense research interest on the brain has largely sidelined the body as a passive observer disconnecting mental from physical health and contributing to further societal stigma on the nature of psychiatric illness and mental distress The biopsychosocial pathway to premature mortality or longevity is a complex one involving a host of closely intertwined mechanisms and moderating factors some of which are investigated in this special issue All the articles published here provide new insights into the pathways linking emotion physical health and longevity highlighting the tight linkage

between mind brain and body **Looking upon the Heart** Pete Carlson, MFT, 2020-06-09 BY LOOKING UPON THE HEART WE CAN ALL BE CHANGED IN AN INSTANT AND LIVE LIFE MORE ABUNDANTLY The mystery of the biblical heart is unveiled by integrating psychology and Scripture to delineate the five dispositions of the heart the choice of which we morph into could either enhance or hinder the attainment of abundant life in Christ Throughout time people have been searching for the meaning of life and the way to find fulfillment It is the intention of this book to show how by Looking upon the Heart where Jesus may live we can actualize healing and holiness at any moment in time In this in depth Christian psychology and self help textbook the reader is enlightened as to what good and bad choices we can make about our character and personality the goal is to consistently be transformed morphed out of the unhealthy dispositions of the heart the broken heart and the hard heart into healthier ones the open heart sweet heart and the brave heart Our first basic premise is that we all believers and unbelievers alike can and do spontaneously morph continually in and out of various dispositions character states and personality styles and so are capable of immediate transformation The second premise is that grace must prevail we all would be hypocrites if we judged because we are all morphing having our good moments and bad at any particular moment in real time Ultimately the overall perspective is that the heart should be the most important human entity known to man The heart is the primary gatekeeper and decision maker and therefore the overall determiner of the whole person s behavior personal growth and spiritual maturity We are to embrace a complete understanding of the biblical heart its five dispositions in order to overcome psychological behavioral and relational dysfunction and sin Only then can we successfully and consistently experience oneness with God through Jesus living and actively operating within our hearts As a result of Looking upon the Heart the Lord reigns and leads us to a life of victory in Jesus
